for  
Beginners  
(Music  
Instruction)**

Independently  
Published  
This diverse  
collection of  
drum charts  
comes with a  
CD of  
accompanime  
nts recorded  
both with  
drums for

demonstration  
and without  
drums for  
playing along,  
and includes  
analyses and  
performance  
suggestions.  
Performance  
settings like  
big band,

small group, live shows, Broadway, studio work, dance jobs and cruise ships are discussed in terms of responsibilities, challenges, expectations, awareness and problem areas. 72 pages.  
Snare Drum Rudiments  
 Hudson Music Limited (Percussion). Bobby Rondinelli of Rainbow, Black Sabbath and Blue Oyster Cult and master teacher Michael Lauren from the Drummers

Collective have put together the most comprehensive text ever written on the subject of double bass drumming. It features hundreds of innovative warm up, beat and fill exercises, tips for getting started, a discography of important double bass recordings, plus a timeline of the most important double bass drummers in history, including photos of their setups. A must for all

drummers interested in improving their double bass technique!  
*Developing Melodic Language on the Drums*  
 Hudson Music  
 An innovative and easy-to-understand basic text for the beginning percussionist. Ideal for snare-drum students of any age. This method was written to incorporate the latest ideas in teaching percussion to the student. the authors have a wealth of experience

in dealing with the problems of teaching modern drum technique.

### **Linear Drum**

**Fills** Alfred Music Publishing The title Snare Book tells its own tale: Jost Nickel's book is exclusively about snare exercises that will improve your hand technique and your general understanding of rhythm at the same time. Additionally, playing these exercises using different subdivisions and time signatures will further

strengthen your rhythmic understanding and will make the exercises more interesting and less repetitive. "I usually don't enjoy exercises where I have to play the same thing over and over again." says Jost. "My mind wanders off, and I find it a lot harder to keep practicing because of the lack of variation. As much as I agree that practice is repetition, I also never want to get

bored when I practice." Chapter 1 offers a wide range of great warm-up exercises that combine well-known stickings with accentuations, subdivisions, or time signatures that are unusual for these stickings. Additionally, you'll find ostinato exercises to strengthen your independence and interlocking exercises to improve your coordination. "My Snare Book is

definitely not your typical rudiments book," adds Jost. "I am confident that the exercises in this book are enjoyable and useful because they offer variations on different levels that will keep you engaged. That makes it easier to play the many repetitions you need to get better." The other chapters take a very systematic approach where Jost takes you step by step through

different exercises on double-stroke rolls, flams, multiple strokes, ruffs, inverted double-stroke rolls, paradiddles, and more. Once you have understood the book's conceptual approach, you'll be able to create your own exercises. Simply keep the concepts but change the content, either on your snare drum or on your drum pad. A 12-page insert called "Reading Texts" is also

included. Alfred's Drum Method Complete Alfred Music Publishing Introduction The ideas in this book-written for beginners, professional drummers, and everyone in between-come from my 30 plus years of studying, playing, and teaching drums. As a student, I did not find one book that covered all of the information I needed to become a proficient drummer; as a veteran

teacher of approximately 40 students a week for over 20 years, I wanted to share the methods I have refined in my successful teaching practice. If you are a beginner, this book will help you get started with grip and reading. I present practical applications to show why you are practicing these basic skills and give you advice on how to practice. If you are a professional,

the challenging exercises included in here will keep your skills tuned up. I encourage you to build upon the ideas in this book to inspire your playing. Part 1 focuses on grip, technique, and basic reading of rhythms. Part 2 focuses on reading rhythms at all levels proficiently. Part 3 focuses on the 40 standard snare drum rudiments, sticking, and technique

exercises. Part 4 focuses on drum set techniques, coordination, grooves, and soloing in different genres of music. Although this book progresses in a logical sequence, I recommend skipping around to work on specific skills. If you can complete this book correctly, you will have a solid foundation and play better at every level. I have also incorporated

some of the ideas from great drum books that I've used throughout my years in drumming, which I have named and recommended at the end of this book. Enjoy your process towards better drumming! *Savage rudimental workshop* Hudson Music Limited Developing Melodic Language on the Drums will help you develop your own concepts for playing time and soloing. The

techniques introduced will give you the keys to create improvisations over the context of a phrase, form, tune, or style. Using standard melodies to create improvisations allows you to be innovative while staying rooted in the musical tradition. This is a tried and true method to develop authentic jazz language, and will have you playing musical time and solos with thoughtful phrasing over the form

relatively quickly. Audio & Video downloads available at WayneSalzmann.com

### **Drum Method**

Alfred Music This innovative method is a practical approach to playing the drumset. Students start their first lesson by actually playing a beat! The book is divided into two sections: Rock and Jazz. Students will learn how the hi-hat, ride cymbal, snare, and bass

drum are used in each style. A play-along CD corresponding to the drum charts is included.

Hal Leonard Corporation  
The ultimate guide to drumming styles by the co-author of the best-selling instructional book *The Best Beginner Drum Book*.  
Brandon Toews and

Drumeo present... **THE DRUMMER'S TOOLBOX!**  
The Drummer's Toolbox presents drummers of all skill levels with the most comprehensive introduction to 100 different drumming styles from the past century. This ultimate guide includes more than 900 groove examples, as well as listening suggestions for 1000 recommended recordings.  
Throughout the book,

drummers will also learn about the history of each drumming style, effective techniques for playing them, and how to break down different grooves limb-by-limb. The Drummer's Toolbox is for any drummer who's serious about expanding their musical vocabulary and becoming more versatile behind the drum-set. You will learn how to play: -  
Rock: Surf Rock, Progressive Rock, Punk

<p>Rock... - Jazz: 4/4 Swing, Up- Tempo Swing, Contemporary Jazz... - Blues: Texas Blues, Chicago Blues, Flat Tire Shuffle... - Country: Train Beat, Two- Step, Rockabilly... - Soul &amp; Funk: Motown, Neo- Soul, New Orleans Funk... - Metal: Death Metal, Progressive Metal, Metalcore... - Electronic: Hip-Hop, Drum and Bass, Trap... - Afro-Cuban: Mambo, Nanigo, Songo... - Afro-Brazilian:</p>	<p>Samba, Marcha, Bossa Nova... - Afro- Caribbean: Merengue, Reggae, Zouk... - And many more! <b>The ultimate drumset reading anthology</b> Alfred Music Publishing (Percussion). Mark presents a complete system to answer these questions. The book follows a system entitled D.R.O.P.: Dynamics, Rate, Orchestration and Phrasing. Mark pulls apart and addresses each of these</p>	<p>building blocks individually, presenting rhythmic concepts that will expand your ability to call on different rhythmic rates and subdivisions on command, move them around the kit freely, and ultimately be able to phrase them in exciting and sometimes complex ways that sound like "polyrhythms" and "metric modulations" but are actually constructed upon a solid</p>
---	--	---

foundation of drumming basics. This material will give you the confidence to make a personal statement on the drumset. Adding to this package is live footage of Mark playing with two of his longtime collaborators, Tim Lefebvre (bass) and Jason Lindner (keys). Having played together for years, these three musicians most recently formed the rhythm section for David Bowie's final album,

Blackstar. Watch Mark interact with these world-class musicians in electric and acoustic settings as they apply Mark's concepts in inspiring performances. The book comes packaged with a full-length DVD, and the video is also available for download using a code contained in the book.

### **Sticking patterns**

Alfred Music Publishing Linear Drum Fills is a book designed to

help you grasp the essential skills and ideas necessary for creating and performing musical, interesting, and exciting drum fills in the linear style. The linear style of drumming is most commonly used in R&B, funk, and gospel music. [Alfred's Beginning Drumset Method](#) Alfred Music Publishing This book is designed for the drummer who has had some experience

playing other styles of music but has a desire to learn some techniques and styles of jazz. It is assumed the reader has a knowledge of notes, measures or bars, time signatures, musical notation, and drum notation. A knowledge of the drum rudiments is also desirable. Though the book is meant as an overview to teach basic and essential jazz techniques, it will take

someone who is willing to put in the time and practice from being a total jazz novice to the level of being a competent drummer in the jazz idiom. In addition to learning the essential knowledge required to play jazz, the student will also accomplish many intermediate and advanced techniques. I should note that I wrote this book EXACTLY as I teach jazz drumming techniques in my private

lessons. This system has been developed and refined over the years and has given excellent, proven results that have produced some fine drummers, many of whom went on to build careers playing and teaching jazz. I am hoping that this book will inspire the reader and student to delve further into the jazz idiom and develop his or her technique and knowledge to the highest level. and

even if the student goes no further in the jazz idiom, I am confident that the book will open doors to other avenues that the drums can take and will benefit the reader in any style of music he or she chooses to play.

*The Best Beginner Drum Book*  
Alfred Music  
This unique book is a state-of-the-art resource for developing total control of the 40 Percussive Arts Society rudiments with

immediate results---and in a musical context. Each rudiment includes a collection of short exercises and solos, allowing the player to understand how each rudiment is put together and how it can be played in the most efficient and controlled manner utilizing the particular skills learned. The recordings include selected exercises with the rudiment solo and accompanime

nt for each, plus ten groove tracks for use with the exercises. For beginning to advanced players.  
*The Drummer's Complete Vocabulary as Taught by Alan Dawson*  
Alfred Publishing Company, Incorporated  
Learn from the master! Drumset Essentials, Volume 3. World-famous performer and educator Peter Erskine takes you step-by-step through fundamental concepts, techniques

and exercises that will greatly improve your drumming.

*A Fresh Approach to Technique and Musicianship with Four Mallets* Cherry Lane Music  
All 26 of the Standard American Drum Rudiments, their variations and a number of compound rudiments are used here to establish the countless possibilities which present themselves within the bounds of the drumming rudiments.

The interesting library contains titles such as: \*  
Stomping Through the Bar Line \*  
Gingersnap \*

Miscellaneous Percussion Music - Mixed Levels  
Starting Out Right Hal Leonard Corporation  
This video demonstrates 30 of the most common rudiments as outlined by the Percussive Arts Society.

As each rudiment is played, a transcription appears on the screen which helps to develop good reading skills. Each rudiment is played very slowly, and then up to tempo.  
Booklet included. (30 min.)  
Groove Alchemy Modern Drummer Publications  
This unique title combines both books 1 and 2 of Alfred's Drum Method. With details on drum care, drum tuning, stick and

drumhead selection and introductions to rudimental corps (by Jay Wanamaker), and orchestral style playing, this comprehensive method book provides everything you need to become a well-rounded percussionist. Each page is designed as a single lesson, complete with a musical solo passage. Exclusive bonus features include the Vic Firth poster of the P.A.S. International Drum Rudiments

and SmartMusic availability. *a musical approach to develop total control of the 40 P.A.S. rudiments* Alfred Music (Percussion). This beginning- to intermediate-level book contains hundreds of practical, usable beats and fills. It teaches how to apply a variety of patterns and grooves to the actual performance of songs. The audio includes demos and 14 play-along tracks

covering rock, blues and pop styles, with detailed instructions on how to create exciting, solid drum parts. It's the most realistic and fun! way to learn drums. [The Complete Resource for Every Drummer](#) Alfred Music Alfred's Drum Method, Books 1 and 2 are the ideal teaching tools to help prepare beginning players for all styles of snare drum and percussion performance. Book 1 contains 80

pages of sequential instruction covering rudimental studies, roll studies, contest solos, and bass drum and cymbal technique. Book 1 also includes 23 solos suitable for recitals and contests. Book 2 is much more than just a snare drum method! It continues the learning process by covering additional rudimental studies, tonal properties of the snare drum, theme

and variations, musical forms, solos and duets. Book 2 also covers traditional rudimental style, corps style (by Jay Wanamaker), orchestral style, accessory instruments, and multiple-percussion techniques. The DVD includes demonstrations of all the rudiments and accessory instruments, plus solo performances by the authors. This title is available in SmartMusic.

**Jost Nickel's Snare Book** Alfred Music Patterns is one of the most comprehensive drum methods available. Covering a wide range of materials, the books can be used in any order, or in any combination with one another. They are a must for developing the kinds of skills necessary for drum set performance. In *Sticking Patterns*, Gary's unique approach to the use of

stickings on the set is explored. Completely different from the rudiments, Gary's system is designed

specifically for drumset performance, both for creating time feels as well as for filling and soloing.

Also included are sections on accented single strokes, as well as the use of double strokes on the set.
