Edition Prentice Hall

"The Study Guide offers handy review and study aids for each chapter, including a review of central concepts from the text, further illustrative examples, and additional practice problems. Revised by Linda Goldberg of the Federal Reserve Bank of New York, Michael Klein of Tufts University, and Jay Shambaugh of Dartmouth College, the Study Guide is updated to reflect the content of the Eighth Edition."-- Pearson.com viewed June 28, 2022 International Economics Revel Access Code Pearson Higher Ed

In the present text the author deals with both conventional and new approaches to trade theory and policy, treating all important research topics in international economics and clarifying their mathematical intricacies. The textbook is intended for undergraduates, graduates and researchers alike. It addresses undergraduate students with extremely clear language and illustrations, making even the most complex trade models accessible. In the appendices, graduate students and researchers will find self-contained treatments in mathematical terms. The new edition has been thoroughly revised and updated to reflect the latest research on international trade.
