A Philosophy of Second Language Acquisition Oxford University Press, USA

A dramatic rethinking of the encounter between Montezuma and Hernando Cortés that completely overturns what we know about the Spanish conquest of the Americas On November 8, 1519, the Spanish conquistador Hernando Cortés first met Montezuma, the Aztec emperor, at the entrance to the capital city of Tenochtitlan. This introduction—the prelude to the Spanish seizure of Mexico City and to European colonization of the mainland of the Americas—has long been the symbol of Cortés’s bold and brilliant military genius. Montezuma, on the other hand, is remembered as a coward who gave away a vast empire and touched off a wave of colonial invasions across the hemisphere. But is this really what happened? In a departure from traditional tellings, *When Montezuma Met Cortés* uses “the Meeting”—as Restall dubs their first encounter—as the entry point into a comprehensive reevaluation of both Cortés and Montezuma. Drawing on rare primary sources and overlooked accounts by conquistadors and Aztecs alike, Restall explores Cortés’s and Montezuma’s posthumous reputations, their achievements and failures, and the worlds in which they lived—leading, step by step, to a dramatic inversion of the old story. As Restall takes us through this sweeping, revisionist account of a pivotal moment in modern civilization, he calls into question our view of the history of the Americas, and, indeed, of history itself.

From a legendary translator: a magnificent new rendering of Spain’s national epic Venture into the heart of Islamic Spain in this vibrant, rollicking new translation of *The Song of the Cid*, the only surviving epic from medieval Spain. Banished from the court of King Alfonso, the noble warrior Rodrigo Diaz, know as the Cid, sets out from Castile to restore his name. In a series of battles, he earns wealth and honor for his men and his king, as well as fame and admiration for himself. But it is in rescuing his daughters from their ill-suited marriages that the Cid faces the ultimate challenge to the medieval heroic ideal. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. An exciting new series of study guides that lets each student design a course of study pitched to his or her individual needs and learning style Each year, more than one million U.S. high school students take one or more advanced placement (AP) exams, and, according to official projections, that number will continue to rise in the years ahead. That is because AP exams confer important benefits on those who do well on them. High AP scores are indispensable to gaining admission to most elite colleges. They provide students with a competitive edge when competing for grants and scholarships. And they allow students to bypass required university survey courses, saving on skyrocketing tuition fees. Designed to coincide perfectly with the most current AP exams, *Five Steps to a 5 on the Advanced Placement Examinations* guides contain several advanced features that set them above all competitors. Each guide is structured around an ingenious Five-Step Plan. The first step is to develop a study plan, the second builds knowledge, the third and fourth hone test-taking skills and strategies, and the fifth fosters the confidence students need to ace the tests. This flexible study tool is also tailored to three types of students. For the more structured student there is a "Month-by-Month" approach that follows the school year and a "Calendar Countdown" approach that begins with the new year. For students who leave studying to the last minute "Basic Training" covers the basics in just four weeks. Other outstanding features include: Sample tests that closely simulate real exams Review material based on the contents of the most recent tests Icons highlighting important facts, vocabulary, and frequently-asked questions Boxed quotes offering advice from students who have aced the exams and from AP teachers and college professors Websites and links to valuable online test resources, along with author e-mail addresses for students with follow-up questions Authors who are either AP course instructors or exam developers

Every day, indigenous communities all over the world face issues of violence and brutality. Indigenous peoples are stewards of some of the most biologically diverse areas of the globe, and their biological and cultural wealth has allowed indigenous peoples to gather a wealth of traditional knowledge which is of immense value to all humankind. The publication discusses many of the issues addressed by the Declaration on the Rights of Indigenous Peoples and is a cooperative effort of independent experts working with the Secretariat of the Permanent Forum on Indigenous Issues. It covers poverty and well-being, culture, environment, contemporary education, health, human rights, and includes a chapter on emerging issues.

The Nassi/Levy Spanish Three Years McGraw Hill Professional

The notorious 1942 "Sleepy Lagoon" murder trial in Los Angeles concluded with the conviction of seventeen young Mexican American men for the alleged gang slaying of fellow youth Jose Diaz. Just five months later, the so-called Zoot Suit Riot erupted, as white soldiers in the city attacked minority youths and burned their distinctive zoot suits. Eduardo Obregon Pagan here provides the first comprehensive social history of both the trial and the riot and argues that they resulted from a volatile mix of racial and social tensions that had long been simmering. In reconstructing the lives of the murder victim and those accused of the crime, Pagan contends that neither the convictions (which were based on little hard evidence) nor the ensuing riot arose simply from anti-Mexican sentiment. He demonstrates instead that a variety of pre-existing stresses, including demographic pressures, anxiety about nascent youth culture, and the war effort all contributed to the social tension and the eruption of violence. Moreover, he recovers a multidimensional picture of Los Angeles during World War II that incorporates the complex intersections of music, fashion, violence, race relations, and neighborhood activism. Drawing upon overlooked evidence, Pagan concludes by reconstructing the murder scene and proposes a compelling theory about what really happened the night of the murder.

Pearson School K12

U.S. leadership will be a strong factor in the persistence of Spanish in its midst as a living language

will be a powerful factor in the strengthening of the language on the international stage. In this volume, a number of specialists, all professors of Latino origins currently working in U.S. universities, analyze a variety of factors, from different perspectives, that play a role in the present and future vitality of Spanish as a second language in the U.S. The result is a rich and complex work surrounding a crucial issue that will influence the future of Spanish as an international language.

From the beloved and award-winning author Junot Díaz, a spellbinding saga of a family's journey through the New World. A coming-of-age story of unparalleled power, Drown introduced the world to Junot Díaz's exhilarating talents. It also introduced an unforgettable narrator—Yunior, the haunted, brilliant young man who tracks his family's precarious journey from the barrios of Santo Domingo to the tenements of industrial New Jersey, and their epic passage from hope to loss to

something like love. Here is the soulful, unsparing book that made Díaz a literary sensation.

State of the World's Indigenous Peoples McGraw-Hill Education

The Spanish nation has been contested almost since its conception in the early nineteenth century, and the Spanish state has therefore been involved in perpetual conflicts between various nationalisms, particularly between different versions of Spanish nationalism as well as between Spanish majority nationalism and various minority nationalisms. At different times in history, the conflicts have revived and turned into organizing principles of the political communities in Spain, as communities in conflict or contention but, nevertheless, as communities providing the Spaniards with different senses of belonging. In recent times, both lines of contention have been activated again, and in this volume, we focus particularly on the conflict between majority and minority nationalism, which has been revived from approximately 2010 around the Catalan separatist conflict, but other sub-state identities are potentially conflictual as well. Both the state-wide - Spanish - as well as the sub-state actors try to develop feelings of territorial attachments to the Spanish political community or to the respective sub-state political communities, and both use emotions and feelings to secure support and to assert or claim sovereignty for the political community in question. The contributions in this volume shed light on various issues related to these questions.
