Throughout human history, people have been assembling for various purposes. Commercial, cultural, political, and recreational purpose have drawn thousands if not hundreds of thousands. But nothing compares to the Hajj-a gathering of millions. The Hajj is an assembly of believers bound together for a single reason: to answer the call of the Lord of the Worlds, "Declare to the people the Hajj. They will come on foot and on every lean camel. They will come from every remote path." [22: 27] The result is an awe-inspiring gathering of faith. The Hajj-all of its motions and utterances-are for the sake of glorifying, exalting and surrendering to Allah. A Pilgrim's Journey explores the profound meanings and symbolism that exists in the Hajj.

Pilgrimage Routledge

The Qu'ran admonishes Muslims that "the pilgrimage to the temple is an obligation due to God from those who are able to journey there." Today over one and a half million pilgrims annually fulfill this Fifth Pillar of Islam, the Hajj. Saudi Arabia conquered the Hijaz in part to protect Hajjis from abuses in the management of the Hajj. How does that country now administer the religious event that brings so many people, often poor and illiterate, into one small area to perform a variety of complex rituals? How does the government protect its visitors' health and safety, and ensure their proper guidance through the necessary rites? How does it move so many pilgrims in and out of what is

essentially an out-of-the-way desert? David Long has set this thoughtful examination of the twentieth-century Hajj within its historical framework. He first provides a clear, concise description of the rituals either necessary or traditional to the proper performance of the Hajj; he then relates how the inhabitants of Mecca used to manage the pilgrimage and finally, relates how the new Saudi rulers gradually brought the Hajj service industry under government regulation. Today there is probably no agency of the Saudi government which is not at least tangentially concerned with the Hajj. Only in the area of health did there exist a history of public management. By the early nineteenth century it had become all too clear that the Hajj served to carry diseases endemic to the Orient to Europe, and by the end of that century health and quarantine procedures were under international control. Today the Saudi government has sole control of these matters. Oil revenue vastly exceeds Hajj revenues--once a major source of Saudi income--but the Hajj continues to play an enormous role in the religious, social, and political life of the country. And even in economics it structures the Saudi businessman's year and provides part- or full-time employment to more Saudi citizens than does the oil industry. This volume contains an extensive bibliography, appendixes containing statistical material on recent Hajjs, maps, and a glossary.

This volume deals with the last two and a half years of the Prophet's life. In addition to the three major expeditions to Hunayn, Ta'if, and Tabuk, it describes in detail the circumstances surrounding the illness from which he

died and the subsequent crisis of leadership faced by the nascent Muslim community. The author depicts with admirable fairness all the various opinions and divisions that existed within the community. He also presents a vivid picture of the Prophet's physical appearance, his personal life, and his marriages. Among other topics discussed in this volume are all the deputations that came to Medina; a summary of all the expeditions and raiding parties; and his scribes, freedmen, horses, camels, goats, swords, coats of mail, and so on. It also covers the apostasy of Musaylimah, Aswad, and Tulhahah and the Prophet's attempts to deal with them. The translation not only preserves the original lively flavor of al-Tabari but also, in its annotations, draws extensively on both parallel Arabic sources and the intensive research of recent years. Readers who seek a deeper understanding of the Prophet's personality and of the reasons for antagonisms engendered among various factions will find this volume most informative.

This is an account of the family life of Prophet Muhammad, concerning the noble ladies who lived in his house. The author tries to visualize the life of each of the women, their relationships with the Prophet, and their roles as wives and women. The work is based on the most authentic Islamic sources such as Tabari, Waqidi, Ibn Ishaq, and Ibn Hisham. The author concentrates on the life of Muhammad among his wives, and on his treatment and discipline of them. This text gives an insight into the life of women in the beginning of the Islamic Era.

On Learning Golf Algora Publishing

In this book I have aimed at completeness in the sense that all publications known to me, which are wholly or partly devoted to Malay and Bahasa Indonesia (B.I.), or are important for the study of these languages, have been included. Popular publications in non-professional periodicals have been

included only exceptionally. All the publications mentioned in the text are incorporated in the Bibliography (p. 91-157). The countless articles in four post-war, semi-professional periodicals in Malaya and Indonesia, *Dewan Bahasa, Pembina Bahasa Indonesia, Medan Bahasa, Bahasa dan Budaya*, are not mentioned separately in the Bibliography, but sections 33 to 36 contain a survey, as complete and systematic as possible, of the contents of these periodicals in so far as they pertain to the Malay language; nor have I discussed in the text or incorporated in the Bibliography several hundreds of titles of practical textbooks or school-books of Malay or B.I. which are of no importance to the scientific study of these language. These titles have been entered in a separate Appendix (p. 158-171). The fact that completeness was aimed at certainly does not mean that it has been achieved. Especially various recent writings from Indonesia and Malaya may have escaped my attention. Experience has also proved that publications on Malay sometimes appear in the most unexpected places. The qualification above: "publications ... devoted to ... , or important for the study of" Malay and B.I. has been taken in a wide sense.

'The pen would smoothly write the things it knew But when it came to love it split in two, A donkey stuck in mud is logic's fate - Love's nature only love can demonstrate.' Rumi's *Masnawi* is widely recognized as the greatest Sufi poem ever written, and has been called 'the

Koran in Persian'. The thirteenth-century Muslim mystic Rumi composed his work for the benefit of his disciples in the Sufi order named after him, better known as the whirling dervishes. In order to convey his message of divine love and unity he threaded together entertaining stories and penetrating homilies. Drawing from folk tales as well as sacred history, Rumi's poem is often funny as well as spiritually profound. Jawid Mojaddedi's sparkling new verse translation of Book One is consistent with the aims of the original work in presenting Rumi's most mature mystical teachings in simple and attractive rhyming couplets. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. This book aims to describe aspects of the Indonesian language as spoken by educated Jakartans in everyday interactions. This style of language is in many ways significantly different from the formal language of government and education, to the extent that it deserves separate consideration. While formal Indonesian has been the subject of a considerable amount of description very little attention has been paid to informal styles of the language. The variety described here, Colloquial Jakartan Indonesian, is the prestige variety of colloquial Indonesian and is becoming the standard informal style. The description and texts in following chapters are drawn from recordings of natural speech of educated people living in Jakarta . While the book aims to inform those with a background in linguistics the needs of teachers and learners with little or no knowledge of linguistics is always borne in mind. The work thus does not consider theoretical linguistic issues nor use technical terms which would not be readily understood by most readers.
