The real purpose of this research is the exploration of the Bible and its many African hidden secrets. The use of Tubal Cain in Masonic ritual is derived from the old legends of the craft by the operative and then speculative masons; it refers symbolically but historically to his scriptural and traditional reputation as an artificer. Tubal Cain is the 8th man from Adam. In the bible it mentions that Tubal-Cain was the first to manipulate metal. He is quoted as being the first instructor of brass and iron. This Pamphlet will break

down and analyze the symbolism behind this sacred password.

*Freemasonry of the Ancient Egyptians to which is Added an Interpretation of the Crata Repoa Initiation Rite and the Initiation of Plato* Kessinger Publishing

The Masonic order of Memphis is...the sole depository of high Masonic science, the true primitive rite, the supreme rite, that which has come down to us without any alteration.... In fine, the Rite of Memphis is the true Masonic tree, and all other systems, whatever they may be, are only detached branches of this institution, rendered respectable by its vast antiquity. This book is THE ONLY HISTORICAL WORK IN PRINT COVERING THE EVOLUTION OF THE RITE OF MEMPHIS IN THE UNITED STATES by one of its original members and

leaders. It includes the complete texts of documents not obtainable elsewhere and also fascinating extracts from numerous rituals of the Rite of Memphis

Reveals the common origins of the ancient Egyptian and Mayan civilizations. • Shows how these cultures had the ability to gaze into the heavens to predict the future unfolding of humanity and their place within the cosmic order. • The author's revelations about the Freemasons' connection to this ancient knowledge generated a firestorm of controversy in Europe. • By the author of the bestseller *The Mayan Prophecies*. Maurice Cotterell's background as a scientist, mathematician, and engineer helped him to decipher the

code of the ancient Maya, revealing the mystery of their science and religion to an extent never before possible. Using the same techniques, the author turns his attention here to deciphering the secrets encoded within the tomb of Tutankhamun. His extensive research revealed that both the ancient Egyptians and the Maya possessed a sophisticated understanding of sun spot activity and other astronomical phenomena--facts recently confirmed by modern science. Knowledge of the connections between solar patterns and human destiny allowed the Egyptians and Maya to harness the energy generated by the sun to achieve spiritual enlightenment and soul growth. The link between reincarnation and solar energy encoded in the tombs of Tutankhamun and the Mayan Lord Pacal is a jealously guarded secret held by a select number of occult groups, including the higher orders of Freemasonry. The author unleashed a firestorm of controversy in Europe when he exposed much of the esoteric knowledge of the Freemasons, including one of the society's most carefully concealed secrets: incarnate gods like Lord Pacal and Tutankhamun have come

to earth to help humans achieve spiritual enlightenment, soul growth, and individual realization as solar beings.

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

**Lost Civilizations** Cosimo, Inc.

This book examines the violent, cruel, and brutal plagiarism of what has been adopted as the norm. The knowledge of Ancient Africa has been plagiarized to place other cultures in a superior state. This plagiarism has developed a system of morality hidden behind allegories and symbols. We will present our argument backing it with researched information. The fight for liberation of the minds, bodies, spirits, and souls is remains in place to give our children a better life.

From Roman villas to Hollywood films, ancient Egypt has been a source of fascination and inspiration in many other cultures. But why, exactly, has this been the case? In this book, Christina Riggs examines the history, art, and religion of ancient Egypt to illuminate why it has been so influential throughout the centuries. In doing so, she shows how the ancient past has always been used to serve contemporary purposes. Often characterized as a lost civilization that was discovered by adventurers and archeologists, Egypt has meant many things to many different people. Ancient Greek and Roman writers admired ancient Egyptian philosophy, and this admiration would influence ideas about Egypt in Renaissance Europe as well as the Arabic-speaking world. By the eighteenth century, secret societies like the Freemasons looked to ancient Egypt as a source of wisdom, but as modern Egypt became the focus of Western military strategy and economic exploitation in the nineteenth and early twentieth centuries,

its ancient remains came to be seen as exotic, primitive, or even dangerous, tangled in the politics of racial science and archaeology. The curse of the pharaohs or the seductiveness of Cleopatra were myths that took on new meanings in the colonial era, while ancient Egypt also inspired modernist, anti-colonial movements in the arts, such as in the Harlem Renaissance and Egyptian Pharaonism. Today, ancient Egypt—whether through actual relics or through cultural homage—can be found from museum galleries to tattoo parlors. Riggs helps us understand why this “lost civilization” continues to be a touchpoint for defining—and debating—who we are today.

Dr. Elaine Pagels in her *Gnostic Gospels* does not address the source of Gnosticism. This book sets out to discover the Gnostic source and its traceability into Ancient Egypt. Through the Animal Gods / Symbols and hieroglyphics along the Nile the religious system is deciphered. However, 'salvation' co-existed alongside the discovered religion, which later morphed into Freemasonry. Objective evidence demonstrates the religion, through an alternative interpretation of the allegory hieroglyphics. Later religions are examined to determine the likely influence of Egyptian of both types of religion found in Egypt. .

*The Origin and Evolution of Freemasonry Connected with the Origin and Evolution of the Human Race* Random House  
 THE Masonic fellowship differs from all other societies in that candidates for membership have to join it blindfold, and cannot receive much information about it until they actually enter its ranks. Even then the majority of Masons usually obtain only the most general idea of the meaning of its ceremonies, and seldom penetrate further than an elementary moral interpretation of its principal symbols. In

this book it is the object, while preserving due secrecy upon those matters which must be kept secret, to explain something of the deeper meaning and purpose of Freemasonry, in the hope of arousing among the Brn. a more profound reverence for that of which they are the custodians and a fuller understanding of the mysteries of the Craft. Although the book is primarily intended for the instruction of members of the Co-Masonic Order, whose desire, as is expressed in their ritual, is to pour the waters of esoteric knowledge into the Masonic vessels, the author hopes nevertheless that it may appeal to a wider circle, and may perhaps be of use to some of those many Brn. in the masculine Craft who are seeking for a deeper interpretation of Masonic symbolism than is given in the majority of their Lodges, showing them that in the ritual which they know and love so well are enshrined splendid ideals and deep spiritual teachings which are of the most absorbing interest to the student of the inner side of life.

Interprets the Freemasonry of the ancient Egyptians as set forth in the teachings of the State Mysteries. Among the subjects discussed are Egyptian magic, the Osirian cycle, the secret doctrine of Egypt, and the initiation of Plato. The appendix is *The Crata Repoa*, a restoration of the ancient Egyptian mysteries, describing the initiation ceremonies which took place in the old Egyptian temples. This has been translated into English by Dr. John Yarker from the French edition of 1778.

In *African Origin found in Religion and Freemasonry: Part II*, Brother Griffio and Brother Berkley parallel these ancient arts and sciences to religion, everyday life, and the occults. Their in depth research uncovers how the ancient African practices are concealed behind religious characters and events currently being utilized in

several cultural practices. Brother Griffo and Brother Berkley work to reawaken culturally the thinking minds of culturally deprived communities by demonstrating how ancient African arts and sciences can be utilized in modern times without adapting the total lifestyle of ancient Africans. They make a clear distinction between ancient tradition, and its use of modern arts and sciences.

*The Arcana of Freemasonry* Freemasonry, Ancient Egypt, and the Islamic Destiny Mustafa El-Amin, author of bestseller Al-Islam, Christianity, and Freemasonry, now examines what it is about Freemasonry that made most of the founding fathers of America feel the need to embrace it; why is it that so many people of influence (members of Congress, the Supreme Court, judges, politicians)-- past and present--have joined and studied the teachings of Freemasonry. Freemasonry, Greek Philosophy, the Prince Hall Fraternity and the Egyptian (African) World Connection For centuries the world has been misled about the original source of the Arts and Sciences; for centuries Socrates, Plato and Aristotle have been falsely idolized as models of intellectual greatness; and for centuries the African continent has been called the Dark Continent, because Europe coveted the honor of transmitting to the world, the Arts and Sciences. It is indeed

surprising how, for centuries, the Greeks have been praised by the Western World for intellectual accomplishments which belong without a doubt to the Egyptians or the peoples of North Africa.

Everyone remembers that "mean girl" from high school - she was gorgeous, perfectly proportioned, perfectly poised, and perfectly nasty to the rest of us. What most women know but rarely speak about is that the mean girls in high school grow-up to become mean women. While the battlegrounds used to be the school cafeteria or the gym, we grow-up to face mean women at the supermarket, the soccer field, PTA meetings and office parties. The grown-up mean girl may look like a goddess on the surface, but underneath all the layers of expertly applied make-up, designer clothes and disingenuous smile lies a beast lurking, always at the ready to slice and dice other women's self-esteem and dreams. Ten Things I Still Hate About Those Women

gives a voice to the rest of womankind and empowers each of us to fight back against the goddess in our midst.

Operative Masonry Final Chapter *Freemasonry and Its Ancient Mystic Rites*

Lulu.com

This book explores the critical thinking that Freemasons of African descent have towards the understanding of the Bible as well as the impact of Christianity in African American culture. To the Mason, the Bible is the guide of faith for it gives us God's holy instructions. It also has within it a secret knowledge that many of our traditional churches refused to tap into. Therefore this knowledge is esoteric in nature and this is what masonry thrives on. This book will examine not only the contributions by ancient Kemet (Egypt) To religion but the entire content of Africa which has a conglomerate of religions all are pointing to one divine creator.

*A History of Masonic Symbolism* Lulu.com
