The Virginia & Truckee is the most famous short line railroad in American history.
Brainchild of William Sharon and

the Bank of California, the V&T hauled the silver and gold ore, the cordwood, and the mining timbers that made the 1870s "Big Bonanza" a reality. From the state capital at Carson City, V&T rails stretched 66 miles to Virginia City, Reno, and Minden, Nevada. Serving the transportation needs of the Comstock's nearly 40,000 inhabitants, the V&T remained in operation until 1950. The

enormously successful railroad paid its early owners handsome dividends. The V&T's ornate locomotives and cars have starred in hundreds of Hollywood productions and are now preserved in US museums. Since 1976, fourteen miles of the railroad have been restored to operation. The Virginia & Truckee has become an enduring legend.

Publishing It is a cup of coffee that changes Robert Wallis's life — and a very bad cup of coffee at that. The impoverished poet is sitting in a London coffeehouse contemplating an uncertain future when he meets Samuel Pinker. The coffee merchant offers Wallis a job employing his palate and talent for words to compose a "vocabulary of coffee" based on its many subtle and	elusive flavours. As Willis finds himself falling hopelessly in love with his coworker, Pinker's spirited daughter Emily. Their love is tested when Wallis is dispatched on a journey to North Africa in search of the legendary Arab mocca. As he travels to coffee's fabled birthplace — and learns the fiercely guarded secrets of the trade — Wallis meets Fikre, the defiant, seductive slave of a	powerful coffee merchant, who serves him in the traditional Abyssinian coffee ceremony. And when Fikre dares to slip Wallis a single coffee bean, the mysteries of coffee and forbidden passion intermingle...a nd combine to change history and fate. <i>The Modern Kama Sutra</i> Blurb As details come to light about the day of the accident, tensions mount and

 Set hundreds of years in the future, "The Lady Who Loved Lightning" follows the characters of "Paradise Lost" as they journey out into a mostly deserted galaxy, looking for any life anywhere.

When Walt and Chely find a new planet very far away with vegetation only, plans are made to develop the new world as they see fit, including procuring a new moon (as pictured on the back cover). New characters and old populate this fourth book in the Carolyn & Brandy series, which also focuses on Carolyn's relationship with her boyfriend John, and how she faces the real possibility

she may very well have lost him forever. The two previous entries in this series are "Paradise Regained" and "Paradise Lost;" the third, "A World Full of Lobsters," is a manga that's currently stuck in preproduction. The first two can be found exclusively on amazon.com.
