Vincent Donovan is best known as the author of the influential bestseller, *Christianity Rediscovered* (1978). This new book contains the monthly letters he wrote home from Tanzania between 1957 and 1973. These letters give us previously unknown stories: how Donovan met Julius Nyerere, first prime minister of Tanzania; how a group of Protestants attempted to kill him; of his early disastrous attempt to hear confession in Swahili; of the relationship between Donovan's work and Vatican II; and much about the mysterious Sonjo tribe, among whom Donovan spent his last years in Tanzania. They also give insights, from the hilarious to the poignant, into Donovan the man in relationship to his family, his missionary colleagues, and the Maasai. Copies of original photographs are also included. Most significantly, the letters show Donovan's evolution over the years from a young missionary who was passionate about acquiring land for church buildings, into a mature visionary convinced that the only job of the missionary is to preach the gospel. A concluding essay looks at the legacy of Donovan, thirty-five years later, with contributions from three Spiritan missionaries who continue to live out his legacy in Tanzania and elsewhere today. Finally, the essay looks at Donovan's continuing influence on contemporary renewal movements in North America and

in Britain. Those who have been inspired by *Christianity Rediscovered*--missionologists, church renewal leaders, and students of Gospel and culture--will find much here to delight and to challenge. *Morning Glass* Picacho

From the co-author of *The Dangerous Book for Boys*, the Khan series is a triumph of historical fiction—a bold, epic account bursting with gritty realism and exhilarating action. Now this eBook bundle assembles the entire series—*Birth of an Empire*, *Lords of the Bow*, *Bones of the Hills*, *Empire of Silver*, and *Conqueror*—sparing no detail, from the Great Khan's first conquest and the heights of his unprecedented empire, to his brutal ancestral legacy and the rise of Kublai Khan. **GENGHIS: BIRTH OF AN EMPIRE** “Invigorating . . . zesty historical fiction, the kind with plenty of unbridled combat, accurate research, rampaging hordes and believable characters.”—USA Today Genghis Khan was born Temujin, the son of a khan, raised in a clan of hunters and driven by a singular fury: to survive in the face of death, to kill before being killed. Through a series of courageous raids, Temujin's legend grew until he was chasing a vision: to unite many tribes into one, to make the earth tremble under the hoofbeats of a thousand warhorses, to subject all nations and empires to his will. **GENGHIS: LORDS OF THE BOW** “Readers who enjoy well-researched tales of historical adventure with an emphasis on political intrigue,

exotic settings, and military conflict will enjoy the ride.”—Library Journal For centuries, primitive tribes have warred with one another. Now, under Genghis Khan, they have united as one nation to face the ultimate test: the great, slumbering walled empire of the Chin. In Yenking—modern-day Beijing—the Chin will make their final stand. But Genghis will strike with breathtaking audacity, never ceasing until the emperor himself is forced to kneel. **GENGHIS: BONES OF THE HILLS** “Page-turning . . . a sweeping historical saga [that] will appeal to fans of gritty combat fiction.”—Booklist As Genghis enters a strange new land of towering mountains and arid desert, he stirs an enemy greater than any he has met before. Shah Ala-ud-Din Mohammed has under his command thousands of fierce Arab warriors, teeming cavalry, and terrifying armored elephants. But another battle is taking shape—between two of Genghis's feuding sons. Soon the most powerful man in the world must choose a successor, touching off the most bitter conflict of all. **KHAN: EMPIRE OF SILVER** “Epic . . . alpha-male fiction . . . The book has much to teach about a time and a people long shrouded in legend.”—The Wall Street Journal The Great Khan is dead—and his vast empire, forged through raw courage, tactical brilliance, and indomitable force, hangs in the balance. Even as the sons of Genghis Khan maneuver for supremacy, the Khan's armies extend his reach farther than ever before, into southern China and across the rugged mountains of Russia to the vulnerable heart of Europe, where the most courageous warriors the West commands await the coming onslaught. **CONQUEROR** “A rip-roarin' read, and inspiration to go and sack a few cities on your own.”—Kirkus Reviews A succession of ruthless leaders have seized power in the wake of the Great Khan's death—all descendants of Genghis, but none with his indomitable character. It is Kublai—refined and scholarly, always considered too thoughtful to take power—who will devise new ways of warfare and conquest as he builds the dream city of Xanadu. His gifts will serve him well when an epic civil war

breaks out among brothers, the outcome of which will literally change the world.

"Hilarious ... Hall's plot is filled with engaging twists. Vish is a wonderfully realized character ... You can dive in anywhere in this series and be rewarded with a rich experience" - Booklist Starred Review A client claiming she was murdered in a past life is a novel dilemma even for Vish Puri, India's Most Private Investigator. When a young woman comes forward claiming to be the reincarnation of Riya Kaur, a wife and mother who vanished during the bloody 1984 anti-Sikh riots, Puri is dismissive. He's busy enough dealing with an irate matrimonial client whose daughter is complaining about her groom's thunderous snoring. Puri's indomitable Mummy-ji however is adamant the client is genuine. How else could she so accurately describe under hypnosis Riya Kaur's life and final hours? Driven by a sense of duty - the original case was his late father's - Puri manages to acquire the police file only to find that someone powerful has orchestrated a cover-up. Forced into an alliance with his mother that tests his beliefs and high blood pressure as never before, it's only by delving into the past the help of his reincarnated client that Puri can hope to unlock the truth.

DescriptionMel Cross wrote her extraordinary book because, when in the depths of depression, she couldn't find a book to explain what it was really like to be in the place where she was. Like many

sufferers Mel found that there were plenty of medical books and books which seemed patronising but no books expressing what it was really like to be deeply depressed. Melanie wanted to use her experience to help other people understand the illness and even be able draw on experiences from the book to help themselves, or friends or family who are suffering. This book describes how a 'normal' person with a 'normal' life overcomes chronic depression. Mel is not ashamed of her depression and hopes her book will allow others to feel the same way. About the AuthorMelanie Cross was born in Bristol in 1971 and now lives in the lovely Painswick valley in the Cotswolds with her husband, daughter and crazy cat George. In 1995 Melanie completed a B.Ed (Hons) degree and went on to teach at a primary school in Bristol, until she became ill in 1999. As she recovered she went on to run and manage an Animal Care Centre and took further qualifications in feline behaviour and became an assessor of NVQs in Animal Care. Mel took time off from her animal care work in order to write her book, she now lives a very happy life doing the most important job in the world - being a mum!

The first examination of Nelson Algren in over 25 years, Algren is the definitive biography of one of the best-known writers of mid-20th-century America. Journalist Mary Wisniewski interviewed dozens of Algren's inner circle, including photographer Art Shay and the late Studs Terkel, and examined Algren's unpublished writing and correspondence, including hundreds of letters he received from lover Simone de Beauvoir, to craft an account as entertaining as it is meticulously researched. Algren reveals details about the writer's life, work,

personality, and habits, digging beneath the street-crawling man's man stereotype to show a funny, sensitive, and romantic but self-destructive artist. This fresh look at the man whose tough but humorous style and passionate message enchanted readers and fellow writers is indispensable to anyone interested in 20th-century American literature.

*The Worry Go Round* Barbour Publishing  
When Nicole Hardy's eye-opening "Modern Love" column appeared in the New York Times, the response from readers was overwhelming. Hardy's essay, which exposed the conflict between being true to herself as a woman and remaining true to her Mormon faith, struck a chord with women coast-to-coast. Now in her funny, intimate, and thoughtful memoir, Nicole Hardy explores how she came, at the age of thirty-five, to a crossroads regarding her faith and her identity. As a member of the Church of Jesus Christ of Latter-day Saints, Nicole had held absolute conviction in her Mormon faith during her childhood and throughout her twenties. But as she aged

out of the Church's "singles ward" and entered her thirties, she struggled to merge the life she envisioned for herself with the one the Church prescribed, wherein all women are called to be mothers and the role of homemaker is the emphatic ideal. *Confessions of a Latter-day Virgin* chronicles the extraordinary lengths Nicole went to in an attempt to reconcile her human needs with her spiritual life--flying across the country for dates with LDS men, taking up salsa dancing as a source for physical contact, even moving to Grand Cayman, where the ocean and scuba diving provided some solace. But neither secular pursuits nor LDS guidance could help Nicole prepare for the dilemma she would eventually face: a crisis of faith that caused her to question everything she'd grown up believing. In the tradition of the memoirs *Devotion* and *Mennonite in a Little Black Dress*, *Confessions of a Latter-day Virgin* is a mesmerizing and wholly relatable account of one woman's hard-won mission to find love, acceptance, and happiness--on her own terms.
