No es un secreto que el pensamiento de John Rawls ha dirigido una parte importante de las discusiones que se han producido a lo largo de las

últimas cuatro décadas en el campo de la filosofía moral y política. Autor de un volumen de escritos comparativamente modesto, la aparición de

cada uno de sus tres libros principales ha fijado algunos de los temas centrales de la agenda generando sucesivas oleadas de debate. La publicación en 1971 de su obra principal, *A Theory of Justice*, contribuyó como ninguna otra a la recuperación de la filosofía moral y política como empresa racional, y originó una amplísima discusión que afectó prácticamente a todos los niveles de la disciplina. La aparición de *Political Liberalism* (1993) situó la teoría de la justicia en el

centro de una concepción del Estado constitucional, abriendo nuevos frentes de discusión. Cuando el ciclo de su pensamiento parecía cerrado, la aparición del opúsculo *The Law of Peoples*, escrito en condiciones de salud muy parecidas, y publicada en 1999, cuatro años antes de la muerte del autor, supuso un interesante giro en su trayectoria intelectual. *The Savage Detectives* IAP

Autor do mais bem-sucedido livro sobre criatividade publicado no Brasil, Roberto Menna Barreto, nesta sua nova obra, expande seus conceitos de forma a abarcar todas as possíveis aplicações da criatividade na vida pessoal e profissional. Calcado em sua experiência em mais de quinhentos seminários para grandes empresas e público em geral, apresenta-nos um livro de

grande fôlego, ambicioso, inspirador, irresistible. antología de la más reciente cuentística del Caribe hispano Editorial Verbum
Susana Rivara de Milderman nació el 26 de agosto de 1915, en Serodino, provincia de Santa Fe, Argentina (falleció en Mar del Plata, provincia de Buenos Aires, Argentina, el 3 de diciembre de 1994) fue una investigadora de origen italiano pionera en el trabajo corporal, que trabajó como reeducadora psicofísica desde el año

1950, siendo la creadora de un sistema de gimnasia rítmica expresiva con base de Yoga y Plástica Griega, que cuenta con numerosos discípulos en Argentina, y otros países del mundo. A través de su personal elaboración logra plasmar a partir de su experimentación y la de numerosos discípulos, una gimnasia rítmica expresiva que lleva a una superación de las propias limitaciones y un real dominio de las posibilidades de uno mismo, sin sujeción a

ningún esquema pasado predeterminado o internalizado como característico y determinante. Cada individuo logra a través de la práctica de esta gimnasia su liberación, sin ataduras a antiguas cadenas alcanzadas por la cultura y la herencia, la vinculación social, los traumas y marcas obtenidas en el pasado, el estrés y/o cualquier otra limitación adquirida. Siendo autodidacta debido a carecer de una cultura tradicional, investigadora nata, con

gran inteligencia e intuición reelabora y adapta conceptos tomados de muy diversas fuentes, para reutilizarlos y resignificarlos en pos de definir y pautar su elaboración expresiva sobre el cuerpo humano, aunque también debería ser valorada su reformulación de conceptos religiosos, filosóficos, teosóficos y espirituales, en aras de una proclamada evolución humana, superando viejos antagonismos y elevándose sobre los dogmatismos de cada

parcialidad. Partiendo de la experimentación corporal, todo lo refiere a esa instancia objetivable, no vinculándola más que en lo necesario con cuestiones sociales, políticas y religiosas, si bien muchos contenidos están preñados de significados en esos ámbitos; incluyendo que muchas veces resignifica conceptos en aras de lograr sus objetivos de “aproximar los opuestos” (hombre y divinidad; oriente y occidente; yoga y plástica griega; ciencia y ocultismo; lo absoluto y

lo relativo; etc.), y “evolucionar”, lo cual otorga a su labor el rótulo innegable de “humanista”, puesto que todo resulta referido a la especie humana en primer término, en un esfuerzo por revincularla a la naturaleza y al cosmos. Este nuevo libro se diferencia del resto porque refleja como ningún otro la vida y obra de esta fisioterapeuta, incluyendo el entorno que la secundaba, buceando en algunas pautas desconocidas de su personalidad y su

enseñanza, tratando de desentrañar los métodos y objetivos que impulsaron su sistema, y de objetivar a través de entrevistas de instructores y allegados con visiones muchas veces enfrentadas; libros publicados; notas, cartas, minutas, transcripciones de clases de instructorado y charlas públicas inéditas; bibliotecas y archivos, etc., una imagen humanizada de esta intuitiva investigadora autodidacta en lo corporal, al margen de las idealizaciones de que fue

objeto.

casa editrice Fernandel Genre studies and genre approaches to literacy instruction continue to develop in many regions

and from a widening variety of approaches. Genre has provided a key to understanding the varying literacy cultures of regions, disciplines, professions, and educational settings. GENRE IN A CHANGING WORLD provides a wide-ranging sampler of the remarkable variety of current work. The twenty-four chapters in this volume, reflecting the work of scholars in Europe, Australasia, and North and South America, were selected from the over 400 presentations at

SIGET IV (the Fourth International Symposium on Genre Studies) held on the campus of UNISUL in Tubarão, Santa Catarina, Brazil in August 2007—the largest gathering on genre to that date. The chapters also represent a wide variety of approaches, including rhetoric, Systemic Functional Linguistics, media and critical cultural studies, sociology, phenomenology, enunciation theory, the Geneva school of educational sequences, cognitive psychology,

relevance theory, sociocultural psychology, activity theory, Gestalt psychology, and schema theory. Sections are devoted to theoretical issues, studies of genres in the professions, studies of genre and media, teaching and learning genre, and writing across the curriculum. The broad selection of material in this volume displays the full range of contemporary genre studies and sets the ground for a next generation of work. Worlds Beyond Words

Gius. Laterza & Figli Spa With an afterword by Natasha Wimmer. Winner of the Heralde Prize and the Rómulo Gallegos Prize. Natasha Wimmer's translation of *The Savage Detectives* was chosen as one of the ten best books of 2007 by the Washington Post and the New York Times. New Year's Eve 1975, Mexico City. Two hunted men leave town in a hurry, on the desert-bound trail of a vanished poet. Spanning two decades and crossing continents, theirs is a remarkable quest through

a darkening universe - our own. It is a journey told and shared by a generation of lovers, rebels and readers, whose testimonies are woven together into one of the most dazzling Latin American novels of the twentieth century.

Summus Editorial

Con tale contributo si intende offrire un ritratto di Clemente Rebora e della sua opera - poesie e prose liriche, Epistolario -

con attenzione peculiare al periodo della Grande Guerra, autentico snodo esistenziale ed artistico. Ma l'intero suo corpus letterario, costante riferimento di queste pagine, rivela l'uomo Rebora e i significati attribuiti all'evento mondiale come all'"esserci". Emblematica e ossimorica scrittura, unitaria nell'ispirazione, è tessuta di ombre luminose e straziante amore per la vita, intesa quale inscindibile condivisione. Continuo il rispecchiamento tra il

vissuto privato - degli stretti rapporti familiari, particolarmente con la madre e il fratello Piero; con l'amata russa Lydia Natus; dell'intimo legame di amicizia con Angelo Monteverdi, Antonio Banfi, Daria Malaguzzi, Lavinia Mazucchetti; del forte nexus con Sibilla Aleramo, Michele Cascella, Giovanni Boine, etc. - e la dimensione simbolica ed epocale della deflagrazione mondiale: accettazione rassegnata, orrore, esaurimento della psiche. Progressivo e risolutivo il superamento

dell'io, nella dimensione della fratellanza universale, del "tu" vero dell'umano, del "Tu" di Dio.

While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her innovative book, she demonstrates how

teachers can guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics illuminate the translation process. Challenging long-held assumptions, she establishes a fascinating framework on which to base the structure of a professional prose-translation class. Her original contributions to the question of directionality and to the specific strategies of translating are applicable to not only the teaching of

translation from Spanish to English, but to other teaching situations and to other pairs of languages as well. She also reviews the latest attempts in translation theory to define and contextualize ideal translator competence, student translator competence, and general translation strategies. Beeby Lonsdale completes her book by applying her conclusions to selecting and organizing the content of teaching translation from Spanish to English. She illustrates

one or more of the basic translation principles through 29 teaching units, which are prefaced by objectives, tasks, and commentaries for the teacher, and through 48 task sheets, which show how to present the material to students.

Pan Macmillan

Since the publication of Richard Ellmann's *James Joyce* in 1959, Joyce has received remarkably little biographical attention. Scholars have chipped away at various aspects of Ellmann's impressive edifice but have failed to

construct anything that might stand alongside it.

The *Years of Bloom* is arguably the most important work of Joyce biography since Ellmann. Based on extensive scrutiny of previously unused Italian sources and informed by the author's intimate knowledge of the culture and dialect of Trieste, *The Years of Bloom* documents a fertile period in Joyce's life. While living in Trieste, Joyce wrote most of the stories in *Dubliners*, turned Stephen Hero into *A Portrait of the*

Artist as a Young Man, and began *Ulysses*. Echoes and influences of Trieste are rife throughout *Ulysses* and *Finnegans Wake*. Though Trieste had become a sleepy backwater by the time Ellmann visited there in the 1950s, McCourt shows that the city was a teeming imperial port, intensely cosmopolitan and polyglot, during the approximately twelve years Joyce lived there in the waning years of the Habsburg Empire. It was there that Joyce experienced the various

cultures of central Europe and the eastern Mediterranean. He met many Jews, who collectively provided much of the material for the character of Leopold Bloom. He encountered continental socialism, Italian Irredentism, Futurism, and various other political and artistic forces whose subtle influences McCourt traces with literary grace and scholarly rigour. The *Years of Bloom*, a rare landmark in the crowded terrain of Joyce studies, will instantly take its place

as a standard work. "*Fundador de la Universidad de Los Andes* Cognella Academic Publishing *Teaching Music in the Multicultural Early Childhood Classroom* discusses principles and strategies for integrating music into early childhood and early elementary school education. Readers learn how music education meets the expressive and developmental needs of young children, and how integrating music into curricula enhances

enactive, iconic, and symbolic learning experiences. Written to align with national teaching standards for early childhood teaching certification, the book teaches readers how to identify and describe basic music notation, perception, and performance. They study music and lesson planning methodology, and learn how to successfully plan and present a lesson using music as the link to the desired learning objective. Specific topics include music for children

with special needs, multicultural music, ELL and ESL bilingual fluencies, rhythm and movement, extension and character songs, and the importance of singing. Each chapter includes lesson plan templates and study guides with key terms and assessment questions. The book features numerous activities, all of which have been successfully class-tested. Teaching Music in the Multicultural Early Childhood Classroom has been developed for courses in

early childhood music, and elementary school programs such as music and children, music in the early childhood, Mommy and Me, and Kindermusik, among others.

"Siamo dignitosamente fiere di avere vissuto così"

La doctrina de la "guerra justa" en el pensamiento de John Rawls

What is (R)Evolutionary Leadership? Why Does it Matter? How can contemporary school district administrators, specifically superintendents, contend

with so many difficult, and almost impossible competing commitments? Building on the definitions of revolution, revolutionary, evolution, and evolutionary, the notion of (R)Evolutionary Leadership emerged while discussing the need for school district leaders to push back against the status quo while improving teacher and leadership practices, improving student learning outcomes, engaging with the community, and ensuring decision making

processes that include check and balance systems that are just, fair, and equitable for all. The chapters in this book introduce superintendents or research on superintendents in which these tenants were practiced; both in their ability to enact radical change by “overthrowing” the status quo – as well as evolutionary in their deliberate approach to viewing change as a process they can control over time. These leaders were willing to confront and defy practices and

policies that were counter to student well-being and achievement while concurrently knowing how to reach their desired results. The chapters chosen for inclusion in this volume are those that offered a glimpse of these revolutionary tenants in practice. We ask that you consider this emerging concept as you explore the chapters of our book. You will find the (R)evolutionary Leaders you meet in the chapters know how to evolve, not just to stay alive, but to ensure the organization

(school) remains relevant and vital to society. These leaders use their positional power, social capital, and expertise to advocate for policies and practices that are in the best interest of the school community and they innovate in ways that challenge the status quo. You will also find practices that are (R)Evolutionary and provide ways for leaders to innovate, collaborate, and simply take care of themselves and those around them. Our description does not seek to support or define

or delineate the characteristics of a (R)Evolutionary Leader or how one might enact (R)Evolutionary Leadership—but serves as a way to (re)think the way we view the vastly complex work of school district administrators, specifically the superintendent. (R)Evolutionary leadership may change our ways of thinking about the significant advocacy role a superintendent can play in influencing both practice and policy to enact the change

necessary to move forward issues of justice, equity, and quality in PK-12 schools and further to improve educational and social outcomes for those served.

 Third volume in an anthology focused on recent short stories from the Caribbean. This book contains 12 writers of "micro-stories" each from Cuba, Puerto Rico, and the Dominican Republic. James Joyce in Trieste, 1904-1920 Tiemme Edizioni Digitali
 La Bolivie est perçue comme la plus indienne des nations latino-américaines. Toutefois, si l'État reconnaît actuellement cinquante-cinq groupes ethniques, la figure nationale de

l'Indien est incarnée par les seuls Aymaras. Cette instrumentalisation politique de l'aymarité débute avec la révolution de 1952 qui entendait exalter le caractère populaire du régime. Depuis, certains hommes politiques se sont revendiqués aymaras, suscitant, par là même, une identification massive de la population. L'élection d'Evo Morales, en 2005, puis sa réélection en 2009 en constituent la meilleure preuve. Dire que les Indiens sont les

protagonistes de leur propre libération constitue, cependant, une maigre explication pour l'historien. La perspective essentialiste qui s'est imposée appréhende l'indianité comme relevant de critères biologique, généalogique ou transhistorique. Ce faisant, elle ignore le caractère construit des identités, comme elle méconnaît l'histoire du brassage des êtres et des imaginaires vécu par ce pays. En tentant de reconstituer le processus de construction et de

cristallisation de l'aymarité, cet ouvrage veut s'inscrire dans une histoire sociale et culturelle des militants et des universitaires engagés dans la promotion de la différence ethnique. Verushka ALVIZURI, docteur en histoire, est maître de conférences à l'université Bordeaux III-Michel-de-Montaigne. *memoria della Resistenza e difesa della Costituzione ; scritti e discorsi* José Oscar Frigerio This comprehensive work is devoted to the study of

the literary production of Segundo Serrano Poncela, a writer who found himself in exile after the Spanish Civil War. Poncela's topics are not only about war and exile, but also his exploration of Latin America, the Caribbean and the United States. *Storie di aviazione e aviatori polesani e ferraresi nella Grande Guerra 1915-1918* Edizioni Studium S.r.l. The Paraguayan War (1864?70) was the deadliest and most extensive interstate war

ever fought in Latin America. The conflict involving Paraguay, Uruguay, Argentina, and Brazil killed hundreds of thousands of people and had dire consequences for the Paraguayan dictator Francisco Solano López and his nation. Though the Paraguayan War stirs the same emotions in South Americans as does the Civil War in the United States, there have been few significant investigations of the war available in English. In this first of two volumes, Thomas L. Whigham

provides an engrossing and comprehensive account of the war's origins and early campaigns, and he guides the reader through the complexities of South American nationalism, military development, and political intrigue. Whigham portrays the conflict as bloody and inexcusable, though it paved the way for more modern societies in the continent. The Paraguayan War fills an important gap in our understanding of Latin American history.

IIRA Bulletin Ediciones Universidad de Salamanca Lead With Me, 2nd Edition provides courageous principals with the tools for partnering with teachers in the student learning and improvement process. This practical guide explains the skills teacher leaders need and offers advice for principals who wish to engage teachers in learning these skills. Packed with stories and examples from educators in the field, this second edition explores how to: Build mutual trust and accountability with

teachers and faculty Encourage and facilitate professional development Carefully manage the distribution of power and authority by involving faculty members in decision-making. The revised second edition provides a variety of helpful tools—PowerPoint presentations, reflection questions, activities for professional learning sessions, and annotated lists of additional resources—that can be downloaded as eResources: www.routledge.com/books

[/details/9781138785588](#).
Storia Della Letteratura Italiana Armand Colin
A partire dall'autunno del 2014 in tutto il mondo inizieranno le celebrazioni per il centenario di AFS (American Service Field), l'organizzazione di volontariato internazionale che dal 1914 a oggi si è trasformata nella più grande rete mondiale dedicata agli scambi scolastici internazionali, Intercultura. Tra tantissimi episodi e testimonianze, in questo libro scorre la

storia, l'avventura centenaria di un'organizzazione di volontari, nata in Francia da giovani Americani per salvare i feriti in guerra e diventata un movimento per l'educazione alla pace e al dialogo interculturale. Le pagine di questo volume ricordano fatti e persone che l'hanno immaginata, sostenuta, accresciuta e trasformata in un progetto esemplare di respiro mondiale e di globalizzazione positiva. La storia di Intercultura è più che mai singolare e

questo libro è un omaggio al movimento internazionale che ha coinvolto fino a oggi oltre 48.000 studenti italiani all'estero e oltre 37.000 studenti stranieri ospitati da famiglie italiane; giovani che hanno superato le frontiere culturali e ideologiche, rispondendo all'invito dell'AFS, proprio come le frontiere politiche attraversate in ogni senso dagli ambulanziere dell'American Field Service durante le due guerre.
