Lyric Song Book Chicago Review Press

(Book). Hearts of Darkness is the story of a generation's coming of age through the experiences of its three most atypical pop stars. James Taylor, Jackson Browne, and Cat Stevens could never have been considered your typical late-sixties songwriters self-absorbed and self-composed, all three eschewed the traditional means of delivering their songs, instead turning its process inward. The result was a body of work that stands among the most profoundly personal art ever to translate into an international language, and a sequence of songs from "Sweet Baby James" and "Carolina in My Mind," to "Jamaica Say You Will" and "These Days," to "Peace Train" and "Wild World" that remain archetypes not only of what the critics called the singer-songwriter movement, but of the human condition itself. Author Dave Thompson, himself a legend among rock biographers, takes on his subjects with his usual brio and candor, leaving no stone unturned in his quest to shine a light on the dark side of this profoundly earnest era in popular music. Penetrating, pointed, and laced with vivid insight and detail, Hearts of Darkness is the story of rock when it no longer felt the need to roll.

Live At The Troubadour [CD] Canongate Books

In November of 1970 James Taylor and Carole King first performed together at the Troubadour on Santa Monica Boulevard in West Hollywood, California. Taylor had just released his debut album for the Beatles' newly formed Apple Records and King was finding her way as a first time solo performer even though by then she was a famous songwriter with a string of hits for other artists. When they returned to the club for a two-week co-headlining run in 1971 their lives were somewhat different. That summer Taylor's "Fire and Rain" was topping the charts and King's landmark Tapestry was on its way to making her a music superstar. Thirty-six years later, in November 2007, James Taylor, Carole King and members of their renowned original band "The Section" (featuring guitarist Danny Kortchmar, bassist Leland

Sklar and drummer Russell Kunkel) returned to the Troubadour for a three-night, six-show run to celebrate the venue's 50th anniversary. Those historic shows are documented in Live at the Troubadour, a special 2-disc CD/DVD. This remarkable recording, culled from these unforgettable shows, features 15 songs and 75 minutes of pristine video and audio including stunning performances of the pair's most beloved hits such as Carole King's "So Far Away," "It's Too Late," and "Will You Love Me Tomorrow" as well as James Taylor's "Carolina in My Mind," "Sweet Baby James," and "Fire and Rain," to name just a few.

The Words and Music of Taylor Swift Random House Incorporated

Overturing the inherited belief that popular music is unrefined, Form as Harmony in Rock Music brings the process-based approach of classical theorists to popular music scholarship. Author Drew Nobile offers the first comprehensive theory of form for 1960s, 70s, and 80s classic rock repertoire, showing how songs in this genre are not simply a series of discrete elements, but rather exhibit cohesive formal-harmonic structures across their entire timespan. Though many elements contribute to the cohesion of a song, the rock music of these decades is built around a fundamentally harmonic backdrop, giving rise to distinct types of verses, choruses, and bridges. Nobile's rigorous but readable theoretical analysis demonstrates how artists from Bob Dylan to Stevie Wonder to Madonna consistently turn to the same compositional structures throughout rock's various genres and decades, unifying them under a single musical style. Using over 200 transcriptions, graphs, and form charts, Form as Harmony in Rock Music advocates a structural approach to rock analysis, revealing essential features of this style that would otherwise remain below our conscious awareness.

James Taylor - Anthology Songbook ABC-CLIO

Filled with memorable photographs, Rock Star will appeal to anyone interested in modern American popular culture or music history.

Completely New Reviews : Every Essential Album, Every Essential Artist Cambridge University Press

Set against a backdrop of world-changing historical and political events, Fire and Rain tells the extraordinary story of one pivotal year in the lives and music of four legendary artists, and reveals how these artists and their songs both shaped and reflected their times. Drawing on interviews, rare recordings, and newly discovered documents, acclaimed journalist David Browne "allows us to see—and to hear—the elusive moment when the '60s became the '70s in a completely fresh way" (Mark Harris, author of Pictures at a Revolution).

Sweet Dreams and Flying Machines Vancouver

This four-volume work provides provocative critical analyses of 160 of the best popular music albums of the past 50 years, from the well-known and mainstream to the quirky and offbeat.

The James Taylor Encyclopedia Hal Leonard Corporation

A valuable resource for James Taylor fans and a fascinating read for anyone interested in autobiographical popular music of the past 50 years. • Pairs critical analysis of every significant composition and recording by James Taylor with historical perspective on the events of his 50-year life journey • Ties Taylor's highly publicized struggles with drugs and in relationships to his songs • Delves into the not-frequently discussed musical aspects of Taylor's writing, including his use of unusual musical forms • Examines Taylor's arrangements and recordings of cover songs as essentially examples of re-writing the songs

A Novel Warner Bros Publications

Arranged in sixteen musical categories, provides entries for twenty thousand releases from four thousand artists, and includes a history of each musical genre.
