This book is a training manual for Christian soldiers, motivating believers to not give up and

encouraging them that God's Word is true when it claims that He will come through for them as long as they do not

quit. Dr. Jerry Savelle, who admits that he was once a quitter himself, writes candidly about his own experiences and challenges God's arm... Mugan and the Angelic Wars Simon and Schuster Based on the author's personal recovery experience, an inspirational book provides help to those who suffer from depression and bipolar disorder, or manic-depression, by teaching ways

to mask symptoms, understand suicide, identify denial, live with labels, and more. IP. **Battlefield of the Mind** Primento Have you ever tried to fight worry with faith and felt you were losing the battle? Have comments like "God's got this!" or "Just pray about it" only left you feeling more burdened? We know we shouldn't worry, but the reality is that we all do at times. Whether it's

personal worries about loved ones and daily circumstances or broader concerns about what's happening in the world, we long for something more than platitudes that will help us put real feet to our faith and win the worry battle. Many Christians do not have a full understanding of what it means to fight the good fight of faith. They try to live by faith but in the face of everyday trials and

failures, they find themselves disillusioned and discouraged, wondering if they have done something wrong or if living by faith only works for others. The problem for most is simply a lack of understanding regarding what faith is and how it works. This book, inspired by the Book of Joshua, reviews three steps a person can take to Fight In Faith: 1) embrace God's promises, 2)

steep your heart in courage, and 3) act in obedience to God's commands. Just as God gave His people victory over their enemies when they fought in faith, He promises to do the same for us. Following the footprints of bold, courageous faith that God gave His people, we'll be equipped with tools to bravely fight in faith and overcome both our daily struggles and the bigger

battles we all face. Through examples of how God gave the Israelites victory over their enemies and generously blessed them, too, we'll be victorious in our fight of faith so that we not only radically transform our own lives but unequivocally impact society. A companion six-week Bible study Joshua: Winning the Worry Battle is also available for those who would like to dig deeper into the book's topic. Study

components, each available separately, include a Participant Workbook with five days of lessons per week, Leader Guide, and DVD with six 20-25 minute sessions (with closed captioning). Winning the Battle for Your Home, Family, and Friends Independently Published The story of David's "mighty men" (primarily found in 2 Samuel 23) drives this challenging and encouraging book for

Christian men. The mighty men weren't drafted into David's army because of their impressive resumes. They were broken men who, given an opportunity to achieve greatness, responded like champions. In Six Battles Every Man Must Win, popular author and speaker Bill Perkins uses the story to illustrate the six battles David's men fought, and men today must win, to become powerful and

effective warriors in God's kingdom. Must-Win Battles Thomas Nelson Evil is real, and Christian women know it. While most books on the topic of spiritual warfare take a charismatic approach, Spiritual Warfare for Women aims directly at the center of the evangelical market, giving instruction and assurance to all women who want to protect themselves and the ones

they love. McCoy provides spiritual wisdom and practical tips on identifying the enemy's strategies, overcoming fear, and exercising the power that comes from God. The book is structured around the battle between God's love and Satan's lies. Once a woman can embrace the first and reject the second, she is well on her way to victory. [Battle Cry of Freedom](#)

The Art of War is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers

and military generals in ancient times. Divided into thirteen chapters and written succinctly, The Art of War is a must-read for anybody who works in a competitive environment. [Liquid Church](#)

Kendra's adult life didn't turn out too bad after all, considering her unique childhood challenges. She, not only was forced to grow up in a home of a blended family with all of it's many undesirable

issues, but she had to also grow up quickly the night she faced the life-long emotional scar of becoming a rape victim. In addition to that, Kendra had to cope with the heartbreaking reality of being deserted by her one and only true friend, all while becoming a young mother at the early age of 18. It wasn't long after that, that her Knight in shining armor, Phillip Bowers, showed up

and rescued her from her complex life by making her his wife and raising her baby girl as his own. Sixteen years later, after giving birth to her beautiful daughter, Kendra finds herself more than grateful for her decision to bare and raise Alana, despite the devastating night of the assault that happened during the time that she was conceived. The truth of who Alana's real father is a

secret and Kendra would like to keep it that way. It is no question that Kendra is holding onto more than just the truth of her child's paternity. Something else from her past is enabling her from living an honest, care-free life with her husband and family and for the longest times she's had no one to talk to about her past...until the day she meets Maribel. Maribel opened her arms, her doors, and her

heart to receive Kendra into her life just when Kendra needed someone she could trust and someone who might help her make sense of her mysterious past. Little does either of them know, this new friendship of theirs would be the beginning and the end of a new chapter within both of their intertwined lives. But they soon discover, meeting each other was no accident. Their

connection to each other ran deeper than they'd ever imagined and as a result of it, their lives have become even more complicated than before. How has the past crippled them both and what type of closure is needed for them to move forward?

of the Year award A renowned climate scientist shows how fossil fuel companies have waged a thirty-year campaign to deflect blame and responsibility and delay action on climate change, and offers a battle plan for how we can save the planet. Recycle. Fly less. Eat less meat. These are some of the ways that we've been told can slow climate change. But the inordinate

emphasis on individual behavior is the result of a marketing campaign that has succeeded in placing the responsibility for fixing climate change squarely on the shoulders of individuals. Fossil fuel companies have followed the example of other industries deflecting blame (think "guns don't kill people, people kill people") or greenwashing (think of the beverage industry's

"Crying Indian" commercials of the 1970s). Meanwhile, they've blocked efforts to regulate or price carbon emissions, run PR campaigns aimed at discrediting viable alternatives, and have abdicated their responsibility in fixing the problem they've created. The result has been disastrous for our planet. In *The New Climate War*, Mann argues that all is not

lost. He draws the battle lines between the people and the polluters-fossil fuel companies, right-wing plutocrats, and petrostates. And he outlines a plan for forcing our governments and corporations to wake up and make real change, including: A common-sense, attainable approach to carbon pricing- and a revision of the well-intentioned but flawed

currently proposed version of the Green New Deal; Allowing renewable energy to compete fairly against fossil fuels

Debunking the false narratives and arguments that have worked their way into the climate debate and driven a wedge between even those who support climate change solutions

Combatting climate doomism and despair-mongering

With immensely powerful vested interests aligned in defense of the fossil fuel status quo, the societal tipping point won't happen without the active participation of citizens everywhere aiding in the collective push forward. This book will reach, inform, and enable citizens everywhere to join this battle for our planet.

“[An] exquisitely crafted tale...Part epistolary romance, part mind-blowing science fiction adventure, this dazzling story unfolds bit by bit, revealing layers of meaning as it plays with cause and effect, wildly imaginative technologies, and increasingly intricate wordplay...This short novel warrants multiple readings to fully unlock its complexities.”

—Publishers Weekly (starred review). From award-winning authors Amal El-Mohtar and Max Gladstone comes an enthralling, romantic novel spanning time and space about two time-traveling rivals who fall in love and must change the past to ensure their future. Among the ashes of a dying world, an agent of the Commandment finds a letter. It reads: Burn before reading. Thus

begins an unlikely correspondence between two rival agents hellbent on securing the best possible future for their warring factions. Now, what began as a taunt, a battlefield boast, becomes something more. Something epic. Something romantic. Something that could change the past and the future. Except the discovery of their bond would mean the death of each of them.

There's still a war going on, after all. And someone has to win. That's how war works, right? Cowritten by two beloved and award-winning sci-fi writers, *This Is How You Lose the Time War* is an epic love story spanning time and space.  In today's fluid culture, many churches are adrift--longing to reach spiritually thirsty people, but failing to make an impact. Have you noticed? Congregations are stuck or declining. Millennials and Gen Z are walking away. Volunteers and their generosity are drying up. Is your city, town, or neighborhood spiritually dry? Do you long to see more of the living water of Jesus flowing freely through your

community, generating a fresh wave of ministry momentum? Buckle up: you're in for a whitewater ride! Liquid Church tells the fascinating story of a New Jersey church that began "on accident" and grew into one of America's 100 Fastest-Growing Churches, with over 5,000 in weekly attendance and more than 2,400 baptisms to date. Their secret? They harnessed the

power of six powerful ministry currents sweeping across North America including: special needs, creative communication, ministry mergers, compassionate cause, radical generosity, and leadership development. With powerful stories and scriptural insights, backed by national research, Tim Lucas and Warren Bird describe dozens of fresh ideas, new ministry

wineskins, and hard-won leadership learnings that resonate with rising generations in today's "show-then-tell" culture. Each chapter includes practical tools, real-life examples, and links to "Other Churches Making Waves" with cutting-edge ministry ideas designed to help saturate your city for Christ.
