Hip-hop and rap music have been a central part of youth cultures all around the world for decades. While every country has its own scene with a specific social and cultural context, the global hip-hop phenomenon also allows young people to integrate their regional identities within an increasingly international environment. The inclusion of rap and hip-hop lyrics in foreign language teaching makes a unique, transcultural approach possible that connects directly to the students' interests.This guidebook offers both teachers and students a wealth of authentic rap and hip-hop lyrics that can be used in Spanish and French as foreign-language classes. They can serve as exercises for listening and reading comprehension of all levels or as templates for entire teaching units. The accompanying website (www.rapromania.de) lends itself to the integration in various forms of multimedia teaching and learning.

The Unidroit Principles of International Contracts, first published in 1994, have met with extraordinary success in the legal and business community worldwide. Prepared by a group of eminent experts from all major legal systems of the world, they provide a comprehensive set of rules for international commercial contracts. Available in more than 20 language versions, they are increasingly being used by national legislatures as a source of inspiration in law reform projects, by lawyers as guidelines in contract negotiations and by arbitrators as a legal basis for the settlement of disputes. In 2004 a new edition of the Unidroit Principles was approved, containing five new chapters and adaptations to take into account electronic contracting. This new edition of An International Restatement of Contract Law is the first comprehensive introduction to the Unidroit Principles 2004. In addition, it provides an extensive survey and analysis of the actual use of the Unidroit Principles in practice with special emphasis on the different ways in which they have been interpreted and applied by the courts and arbitral tribunals in the hundred or so cases reported worldwide. The book also contains the full text of the Preamble and the 180 articles of the Unidroit Principles 2004 in Chinese, English, French, German, Italian and Russian as well as the 1994 edition in Spanish. Published under the Transnational Publishers imprint.

An Introduction to the Study of Society
Saraiva Educação S.A.

The rules presented in this volume of "Principles of European Law" deal with commercial agency, franchise and distribution contracts, and with other contracts where one party uses the other party's skill and efforts to bring its products to the market. Although these Principles are not directly applicable to other long-term (commercial) contracts, some of the Articles may be applied to such contracts by way of analogy where appropriate. The economic function of all three contracts is that they are instrumental in bringing products to the market. They are so-called vertical agreements, as they are agreements between economic actors on different levels in the production and distribution chain. Obviously, the economic importance of these contracts is enormous since they form the connection between producers and retailers who sell the products to consumers and other final users. There are only very few economic sectors where producers regularly sell their products directly to final consumer users. Goodwill compensation after the ending of a distribution contract, the moment at which the agent's commission is due, the franchisor's obligation to maintain the good reputation of the network are but a few examples of issues where specific rules are needed in order to give legal practice some guidance and to provide practitioners with a reasonable degree of legal certainty.

Para dar cuenta de la seriedad con que el libro se toma la propuesta del título basta resbalar los ojos por el índice premiliminar en que se recuentan los temas. Al epígrafe del capítulo se adhiere casi siempre un párrafo o más de letra menuda que anticipa las sencias del discurso. Una serie de tituillos numerados pormenoriza luego y hace recuento del pensamiento. De modo que puede leer uno lo que más le interese en las diversas circunstancias, porque el libro crece por acumulación más que progresivamente.

Esta obra pertenece a la serie Xavier O’Callaghan dentro de la colección Grandes Obras Jurídicas, en la que se publicaron los libros sobre matrimonio, propiedad industrial y partición de la herencia. En éste, como en los anteriores, se ha buscado un tema de constante aplicación práctica y de una clara base teórica. Los frecuentes problemas que plantea el contrato vienen referidos no tanto a sus elementos y presupuestos, sino a sus efectos y estos son los relativos al cumplimiento y al incumplimiento del mismo.

La agricultura por contrato es objeto de un interés creciente, especialmente en países que anteriormente habían conocido una política de planificación centralizada, y en aquellos que han liberado sus mercados tras el cierre de las juntas de mercadeo. Los cambios en los hábitos de consumo, por ejemplo el mayor número de establecimientos de restauración rápida, la función cada vez más importante de los supermercados y la constante expansión del comercio mundial de productos frescos y elaborados, han dado un ulterior impulso a la agricultura por contrato. El propósito de esta guía es proporcionar consejos a las administraciones de las empresas de agricultura por contrato existentes acerca de la forma de mejorar sus operaciones; a las empresas que están considerando la posibilidad de iniciar contratos agrícolas sobre la base de condiciones previas y decisiones de gestión que aseguren resultados satisfactorios; y a los funcionarios de gobierno que pretenden promover nuevas operaciones de contrato o llevar a cabo el seguimiento de las existentes. En esta guía se describen detalladamente los procedimientos, funcionamiento interno y mecanismos de seguimiento de esta forma de agricultura; y se hace hincapié en que solo es posible estipular acuerdos agrícolas sostenibles cuando los distintos interesados están comprometidos en una colaboración a largo plazo.
