WHITEHEAD BENJAMIN

A Biography Book for New Readers
Penguin

"My purpose," Mahatma Gandhi writes of this book, "is to describe experiments in the science of Satyagraha, not to say how good I am." Satyagraha, Gandhi's nonviolent protest movement (satya = true, agraha = firmness), came to stand, like its creator, as a moral principle and a rallying cry; the principle was truth and the cry freedom. The life of Gandhi has given fire and fiber to freedom fighters and to the untouchables of the world: hagiographers and patriots have capitalized on Mahatma myths. Yet Gandhi writes: "Often the title [Mahatma, Great Soul] has deeply pained me. . . . But I should certainly like to narrate my experiments in the spiritual field which are known only to myself, and from which I have derived such power as I possess for working in

the political field." Clearly, Gandhi never renounced the world; he was neither pacifist nor cult guru. Who was Gandhi? In the midst of resurging interest in the man who freed India, inspired the American Civil Rights Movement, and is revered, respected, and misunderstood all over the world, the time is proper to listen to Gandhi himself -- in his own words, his own "confessions," his autobiography. Gandhi made scrupulous truth-telling a religion and his Autobiography inevitably reminds one of other saints who have suffered and burned for their lapses. His simply narrated account of boyhood in Gujarat, marriage at age 13, legal studies in England, and growing desire for purity and reform has the force of a man extreme in all things. He details his

gradual conversion to vegetarianism and ahimsa (non-violence) and the state of celibacy (brahmacharya, self-restraint) that became one of his more arduous spiritual trials. In the political realm he outlines the beginning of Satyagraha in South Africa and India, with accounts of the first Indian fasts and protests, his initial errors and misgivings, his jailings, and continued cordial dealings with the British overlords. Gandhi was a fascinating, complex man, a brilliant leader and guide, a seeker of truth who died for his beliefs but had no use for martyrdom or sainthood. His story, the path to his vision of Satyagraha and human dignity, is a critical work of the twentieth century, and timeless in its courage and inspiration.

American Gandhi Yale University Press

A biography of the revered Indian leader explores his early career in South Africa, the forging of his political activism, his influence, triumphs, and failures in India, and the development of his philosophy of nonviolence

Behind the Mask of Divinity Orient Blackswan

Among prominent leaders of the twentieth century, perhaps no one is more highly regarded than Mahatma Gandhi. He is revered by the vast majority of Hindus as the hero of Indian independence, and many people throughout the world consider him to be a modern saint. In this explosive, intriguing, and provocative investigation, Colonel G. B. Singh charges that the popular image of Gandhi is highly misleading. Despite his famous

philosophy of nonviolent resistance (satyagraha), Colonel Singh's analysis of the evidence leads him to conclude that Gandhi's ideology was in fact rooted in racial animosity, first against blacks in South Africa and later against whites in India. The author also finds evidence of multiple cover-ups designed to hide Gandhi's real history, including even collusion to cover up the murder of an American. This provocative thesis is sure to be controversial.

The Epic Rivalry that Destroyed an Empire and Forged Our Age Columbia University Press

When Abraham Johannes Muste died in 1967, newspapers throughout the world referred to him as the "American Gandhi." Best known for his role in the labor movement of the 1930s and his

leadership of the peace movement in the postwar era, Muste was one of the most charismatic figures of the American left in his time. Had he written the story of his life, it would also have been the story of social and political struggles in the United States during the twentieth century. In *American Gandhi*, Leilah Danielson establishes Muste's distinctive activism as the work of a prophet and a pragmatist. Muste warned that the revolutionary dogmatism of the Communist Party would prove a dead end, understood the moral significance of racial equality, argued early in the Cold War that American pacifists should not pick a side, and presaged the spiritual alienation of the New Left from the liberal establishment. At the same time, Muste was committed to grounding

theory in practice and the individual in community. His open, pragmatic approach fostered some of the most creative and remarkable innovations in progressive thought and practice in the twentieth century, including the adaptation of Gandhian nonviolence for American concerns and conditions. A biography of Muste's evolving political and religious views, *American Gandhi* also charts the rise and fall of American progressivism over the course of the twentieth century and offers the possibility of its renewal in the twenty-first.

Gandhi Vintage

A revisionist assessment of Gandhi's life and conflicted character includes coverage of his privileged upbringing in Gujarat, early civil rights campaigns,

famous embrace of civil disobedience in the 1920s and 1930s and his 1948 assassination months after India's independence.

to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

A Time for Low-Cost Housing Oxford University Press

This book deals with the last phase of Gandhi's life. The author was Gandhi's secretary and companion during those crucial last years. He has drawn on his close relationship with the Mahatma, and on a wealth of documentary evidence to show how Gandhi dealt with the crises he experienced both at the personal and political level. An honest and searching study that throws light on Gandhi's personality and attitudes, many aspects of which were controversial in nature.

A. J. Muste and the History of Radicalism in the Twentieth Century Prometheus Books

The Bhagavad Gita, also called The Song of the Lord, is a 700-line section of a much longer Sanskrit war epic, the Mahabharata, about the legendary conflict between two branches of an Indian ruling family. Framed as a conversation between Krishna, an incarnation of the god Vishnu, and a general of one of the armies, the Gita is written in powerful poetic language meant to be chanted. Equally treasured as a guide to action, a devotional scripture, a philosophical text, and inspirational reading, it remains one of the world's most influential, widely read spiritual books. The Bhagavad Gita According to Gandhi is based on talks given by Gandhi between February and November 1926 at the Satyagraha Ashram in Ahmedabad, India. During this

time—a period when Gandhi had withdrawn from mass political activity—he devoted much of his time and energy to translating the Gita from Sanskrit into his native Gujarati. As a result, he met with his followers almost daily, after morning prayer sessions, to discuss the Gita's contents and meaning as it unfolded before him. This book is the transcription of those daily sessions. From the Trade Paperback edition.

Mahatma Gandhi and His Apostles

Reaktion Books

Ved Mehta's brilliant Mahatma Gandhi and his Apostles provides an unparalleled portrait of the man who lead India out of its colonial past and into its modern form. Travelling all over India and the rest of the world, Mehta gives a nuanced and complex, yet vividly alive,

portrait of Gandhi and of those men and women who were inspired by his actions. **Gandhi on Non-Violence** Penguin More than half a century after his death, Mahatma Gandhi continues to inspire millions throughout the world. Yet modern India, most strikingly in its decision to join the nuclear arms race, seems to have abandoned much of his nonviolent vision. Inspired by recent events in India, Stanley Wolpert offers this subtle and profound biography of India's "Great Soul." Wolpert compellingly chronicles the life of Mahatma Gandhi from his early days as a child of privilege to his humble rise to power and his assassination at the hands of a man of his own faith. This trajectory, like that of Christ, was the result of Gandhi's passion: his conscious courting

of suffering as the means to reach divine truth. From his early campaigns to stop discrimination in South Africa to his leadership of a people's revolution to end the British imperial domination of India, Gandhi emerges as a man of inner conflicts obscured by his political genius and moral vision. Influenced early on by nonviolent teachings in Hinduism, Jainism, Christianity, and Buddhism, he came to insist on the primacy of love for one's adversary in any conflict as the invincible power for change. His unyielding opposition to intolerance and oppression would inspire India like no leader since the Buddha--creating a legacy that would encourage Martin Luther King, Jr., Nelson Mandela, and other global leaders to demand a better world through peaceful civil

disobedience. By boldly considering Gandhi the man, rather than the living god depicted by his disciples, Wolpert provides an unprecedented representation of Gandhi's personality and the profound complexities that compelled his actions and brought freedom to India.

The South African Gandhi Story of Connecting Gandhi's ideas and his life's work to contemporary issues this useful resource for parents and teachers makes Gandhi relevant for kids today. Packed with historic images, the book includes informative sidebars; a time line, glossary, and resource section, along with 21 activities that illuminate Gandhi's life, environment, and ideas.

Mahatma Gandhi and His Myths
Simon and Schuster

Mahatma Gandhi Gandhi. The name conjures the image of a man, unimpressive in appearance, simple in his lifestyle, who spent his life pursuing independence for India. Months after the country achieved that independence from Great Britain, Gandhi's life ended when an assassin killed him. But Gandhi's legacy lives on. Gandhi's rise to political and spiritual leadership is the incredible saga of a man who, in his youth, showed no signs of greatness but who became one of the most influential men of all time. The civil rights movement that was led by Martin Luther King, Jr. owes its inspiration to Gandhi; the patient suffering of Nelson Mandela in his fight against apartheid grew out of the civil disobedience of Gandhi. Inside you will read about... - Growing up in

India - Studying Law in London - Political Activism in South Africa - Becoming the Mahatma - The Battle for Independence in India - The Martyr of India And much more! The twentieth century saw the rise of despots and dictators, charlatans and cowards; it witnessed the evolution of weapons so deadly that whole countries could be destroyed; it incubated the rise of political philosophies and religious extremism that sought to eradicate democracy and mock compassion. But amidst all of the violence and hatred, Gandhi remained steadfast to his beliefs, and his beliefs have changed the world.

[A Life from Beginning to End](#)
CreateSpace

Here is the first volume of a magisterial biography of Mohandas Gandhi that gives us the most illuminating portrait we have had of the life, the work and the historical context of one of the most abidingly influential—and controversial—men in modern history. Ramachandra Guha—hailed by Time as “Indian democracy’s preeminent chronicler”—takes us from Gandhi’s birth in 1869 through his upbringing in

Gujarat, his two years as a student in London and his two decades as a lawyer and community organizer in South Africa. Guha has uncovered myriad previously untapped documents, including private papers of Gandhi's contemporaries and co-workers; contemporary newspapers and court documents; the writings of Gandhi's children; and secret files kept by British Empire functionaries. Using this wealth of material in an exuberant, brilliantly nuanced and detailed narrative, Guha describes the social, political and personal worlds inside of which Gandhi began the journey that would earn him the honorific Mahatma: "Great Soul." And, more clearly than ever before, he elucidates how Gandhi's work in South Africa—far from being a mere prelude to

his accomplishments in India—was profoundly influential in his evolution as a family man, political thinker, social reformer and, ultimately, beloved leader. In 1893, when Gandhi set sail for South Africa, he was a twenty-three-year-old lawyer who had failed to establish himself in India. In this remarkable biography, the author makes clear the fundamental ways in which Gandhi's ideas were shaped before his return to India in 1915. It was during his years in England and South Africa, Guha shows us, that Gandhi came to understand the nature of imperialism and racism; and in South Africa that he forged the philosophy and techniques that would undermine and eventually overthrow the British Raj. *Gandhi Before India* gives us equally vivid portraits of the man and

the world he lived in: a world of sharp contrasts among the coastal culture of his birthplace, High Victorian London, and colonial South Africa. It explores in abundant detail Gandhi's experiments with dissident cults such as the Tolstoyans; his friendships with radical Jews, heterodox Christians and devout Muslims; his enmities and rivalries; and his often overlooked failures as a husband and father. It tells the dramatic, profoundly moving story of how Gandhi inspired the devotion of thousands of followers in South Africa as he mobilized a cross-class and inter-religious coalition, pledged to non-violence in their battle against a brutally racist regime. Researched with unequalled depth and breadth, and written with extraordinary grace and clarity, *Gandhi Before India* is,

on every level, fully commensurate with its subject. It will radically alter our understanding and appreciation of twentieth-century India's greatest man. *Gandhi for Kids* Simon and Schuster Gandhi was the creator of a radical style of politics that has proved effective in fighting insidious social divisions within India and elsewhere in the world. How did this new form of politics come about? David Hardiman shows that it was based on a larger vision of an alternative society, one that emphasized mutual respect, resistance to exploitation, nonviolence, and ecological harmony. Politics was just one of the many directions in which Gandhi sought to activate this peculiarly personal vision, and its practice involved experiments in relation to his opponents. From

representatives of the British Raj to Indian advocates of violent resistance, from right-wing religious leaders to upholders of caste privilege, Gandhi confronted entrenched groups and their even more entrenched ideologies with a deceptively simple ethic of resistance. Hardiman examines Gandhi's ways of conducting his conflicts with all these groups, as well as with his critics on the left and representatives of the Dalits. He also explores another key issue in Gandhi's life and legacy: his ideas about and attitudes toward women. Despite inconsistencies and limitations, and failures in his personal life, Gandhi has become a beacon for posterity. The uncompromising honesty of his politics and moral activism has inspired such figures as Jayaprakash Narayan, Medha

Patkar, Martin Luther King Jr., Nelson Mandela, and Petra Kelly and influenced a series of new social movements -- by environmentalists, antiwar campaigners, feminists, and human rights activists, among others -- dedicated to the principle of a more just world.

Lead, Kindly Light Vintage

In this fascinating and meticulously researched book, bestselling historian Arthur Herman sheds new light on two of the most universally recognizable icons of the twentieth century, and reveals how their forty-year rivalry sealed the fate of India and the British Empire. They were born worlds apart: Winston Churchill to Britain's most glamorous aristocratic family, Mohandas Gandhi to a pious middle-class household in a provincial town in India. Yet Arthur

Herman reveals how their lives and careers became intertwined as the twentieth century unfolded. Both men would go on to lead their nations through harrowing trials and two world wars—and become locked in a fierce contest of wills that would decide the fate of countries, continents, and ultimately an empire. Gandhi & Churchill reveals how both men were more alike than different, and yet became bitter enemies over the future of India, a land of 250 million people with 147 languages and dialects and 15 distinct religions—the jewel in the crown of Britain’s overseas empire for 200 years. Over the course of a long career, Churchill would do whatever was necessary to ensure that India remain British—including a fateful redrawing of

the entire map of the Middle East and even risking his alliance with the United States during World War Two. Mohandas Gandhi, by contrast, would dedicate his life to India’s liberation, defy death and imprisonment, and create an entirely new kind of political movement: satyagraha, or civil disobedience. His campaigns of nonviolence in defiance of Churchill and the British, including his famous Salt March, would become the blueprint not only for the independence of India but for the civil rights movement in the U.S. and struggles for freedom across the world. Now master storyteller Arthur Herman cuts through the legends and myths about these two powerful, charismatic figures and reveals their flaws as well as their strengths. The result is a sweeping epic of empire and

insurrection, war and political intrigue, with a fascinating supporting cast, including General Kitchener, Rabindranath Tagore, Franklin Roosevelt, Lord Mountbatten, and Mohammed Ali Jinnah, the founder of Pakistan. It is also a brilliant narrative parable of two men whose great successes were always haunted by personal failure, and whose final moments of triumph were overshadowed by the loss of what they held most dear. *My Days with Gandhi* University of Pennsylvania Press

In this book, the author of *Personal History*, Vincent Sheean, demonstrates that Gandhi's life, work and teaching were for the whole world as well as for India. It is suggested that the terrifying weapon of non-violence, having freed

India, might be about to free the world. Though this book is in one sense an attempt to reveal the meaning of Mahatma Gandhi's power and life and teaching, it is, in a more important sense, the author's eloquent testament of belief in Gandhi's mission. Vincent Sheean went to India to ask Gandhi many questions. It was a quest brought on by the failure of every other human institution to supply hope for the future. What he learned there, from Gandhi and others, is of immense, immediate importance to all men everywhere and to the future of humanity. Thoughtful men have begun to see that the only weapon even more awesome than the atom bomb, the only weapon able to contend with it on anything like equal terms, is the irresistible weapon of non-

violence conceived by Mahatma Gandhi. Here is the record of its first great success, the story of how it was created, and a clear, sympathetic explanation of the philosophy that brought it into being, indeed made it inevitable. Here, also, are chapters on the background of Hindu philosophy, on Gandhi's own beliefs and how he applied them, on Gandhi's progress from an obscure lawyer in South Africa to his position as India's leader and deliverer and the greatest force for peace at the present time, on the author's own meetings with Gandhi, the assassination and funeral, both of which he witnessed, and a final chapter of the author's conclusions on Gandhi's meaning to the future of world peace in this atomic age. The title of the book comes from Gandhi's favourite hymn,

which was always sung on solemn occasions, including the funeral march to the Ganges.

Being Gandhi Oxford University Press, USA

"Louis Fischer, famous international reporter, was permitted a week in the guest house near Gandhi's headquarters, and daily interviews with the great Indian leader. He kept virtually a stenographic report of his conversations, livened with personal comments, swift pen pictures of Gandhi and his followers, as he encountered them that week last June. One follows the workings of Gandhi's mind, which -- as Fischer says -- is the reason for misapprehension only too often, for Gandhi thinks and speaks simultaneously, and sometimes

subsequent statements seem to contradict previous ones, while actually he has simply shared his process of reasoning to a point with his hearers. The most striking evidence of this during Fischer's stay was his expansion of his basic position to indicate that he had, reluctantly, reached a point of accepting the inevitability of India continuing to be a military base for United Nations. He supplemented other much quoted statements, too; for instance, that dealing with him negotiations with Japan, once India was free -- which he said he

would like to think possible but realised would not be possible. He and Nehru agree in feeling that religious differences will be merged, once freedom is granted, that Pakistan is only a bargaining card with England, and so on. Exciting reading, as yet another facet of this tragic, complex problem. Fits into pattern with Mitchell and Raman."-Kirkus Reviews
