HUDSON WEST	
Cuba Markus Wiener Pub Examines the political, social, and economic forces which have shaped the history of the entire West Indian area since the fifteenth century The Negro in the Caribbean Eworld This work resituates the Spanish Caribbean as an extension of the Luso-African Atlantic world from the late sixteenth to the mid-seventeenth century, when the union of the Spanish and Portuguese crowns facilitated a surge in the transatlantic slave trade. After the catastrophic decline of Amerindian populations on the islands, two major African provenance zones, first Upper Guinea and then Angola, contributed forced migrant populations with distinct experiences to the Caribbean. They played a dynamic role in the social formation of early Spanish colonial society in the fortified port cities of Cartagena de Indias, Havana, Santo Domingo, and Panama City and their semirural hinterlands. David Wheat is the first scholar to establish this early phase of the "Africanization" of the Spanish Caribbean two centuries before the rise of large-scale sugar plantations. With African migrants and their descendants comprising demographic majorities in core areas of Spanish settlement, Luso-Africans, Afro-Iberians, Latinized Africans, and free people of color acted more as colonists or settlers than as plantation slaves. These ethnically mixed and economically diversified societies constituted a region of overlapping Iberian and African worlds, while they made possible Spain's colonization of the Caribbean. <u>Hope</u> University of Chicago Press A Concise History of the Caribbean presents a general history of the Caribbean islands from the beginning of human settlement about seven thousand years ago to the present. It narrates processes of early human migration, the disastrous consequences of European colonization, the development of slavery and the slave trade, the extraordinary profits earned by the plantation economy, the great revolution in Haiti, movements toward political independence, the Cuban Revolution, and the diaspora of Caribbean people. Written in a lively and accessible style yet current with the most recent research, the book provides a compelling narrative of Caribbean history essential for students and visitors. <u>From Columbus to Castro</u> Potomac Books Incorporated Combining fertile soils, vital trade routes, and a coveted strategic location, the islands and surrounding continental lowlands of the Caribbean were one of Europe's earliest and most desirable colonial frontiers. The region was colonized over the course of five centuries by a revolving cast of Spanish, Dutch, French, and English forces, who imported first African slaves and later Asian indentured laborers to help realize the economic promise of sugar, coffee, and tobacco. The Caribbean: A History of the Region and Its Peoples offers an authoritative one-volume survey of this complex and fascinating region. This groundbreaking work traces the Caribbean from its pre-Columbian state through European contact and colonialism to the rise of U.S. hegemony and the economic turbulence of the twenty-first century. The volume begins with a discussion of the region's diverse geography and challenging ecology and features an in-depth look at the transatlantic slave trade, including slave culture, resistance, and ultimately emancipation. Later sections treat Caribbean nationalist movements for independence and struggles with dictatorship and socialism, along with intractable problems of poverty, economic stagnation, and migrancy. Written by a distinguished group of contributors, The Caribbean is an accessible yet thorough introduction to the region's tumultuous heritage which offers enough nuance to interest scholars across disciplines. In its breadth of coverage and depth of detail, it will be the definitive guide to the region for years to come. The History of Cuba, 2nd Edition Schocken	

Surveys Cuban history, focusing on the twentieth century and the revolution led by Castro

The History of the Caribbean, 1492-1969 Franklin Classics Trade Press

An expanded edition of one of the most original and provocative works of American history of the last decade, which documents the pioneering experiences and grit of American frontier women.

And The Band Played on Macmillan

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

A History of Cuban Baseball Dial Press

Read about the life of Christopher Columbus, from his birth in Genoa, Italy, to the voyages that changed both the Old and New Worlds forever.

The History of the Caribbean, 1492-1969 Pan Macmillan

From the first amateur leagues of the 1860s to the exploits of Livan and Orlando "El Duque"

Hernandez, here is the definitive history of baseball in Cuba. Roberto Gonzalez Echevarria expertly traces the arc of the game, intertwining its heroes and their stories with the politics, music, dance, and literature of the Cuban people. What emerges is more than a story of balls and strikes, but a richly detailed history of Cuba told from the unique cultural perch of the baseball diamond. Filling a void created by Cuba's rejection of bullfighting and Spanish hegemony, baseball quickly became a crucial stitch in the complex social fabric of the island. By the early 1940s Cuba had become major conduit in spreading the game throughout Latin America, and a proving ground for some of the greatest talent in all of baseball, where white major leaguers and Negro League players from the U.S. all competed on the same fields with the cream of Latin talent. Indeed, readers will be introduced to several black ballplayers of Afro-Cuban descent who played in the Major Leagues before Jackie Robinson broke the color barrier once and for all. Often dramatic, and always culturally resonant, Gonzalez Echevarria's narrative expertly lays open the paradox of fierce Cuban independence from the U.S. with Cuba's love for our national pastime. It shows how Fidel Castro cannily associated himself with the sport for patriotic p.r.--and reveals that his supposed baseball talent is purely mythical. Based on extensive primary research and a wealth of interviews, the colorful, often dramatic anecdotes and stories in this distinguished book comprise the most comprehensive history of Cuban baseball yet published and ultimately adds a vital lost chapter to the history of baseball in the U.S.

From Columbus to Castro: The History of the Caribbean Simon and Schuster

[In this book, the author's] analysis of the effects and causes of capitalist underdevelopment in Latin America present [an] account of ... Latin American history. [The author] shows how foreign companies reaped huge profits through their operations in Latin America. He explains the politics of the Latin American bourgeoisies and their subservience to foreign powers, and how they interacted to create increasingly unequal capitalist societies in Latin America.-Back cover.

Atlantic Africa and the Spanish Caribbean, 1570-1640 Potomac Books, Inc.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Caribbean G K Hall & Company

A powerful and lively work of immersive journalism, Brin-Jonathan Butler's story of his time chasing the American dream through Cuba Whether he's hustling his way into Mike Tyson's mansion for an interview, betting his life savings on a boxing match (against the favorite), becoming romantically

entangled with one of Fidel Castro's granddaughters, or simply manufacturing press credentials to go where he wants—Brin-Jonathan Butler has always been the "act first, ask permission later" kind of journalist. This book is the culmination of Butler's decade spent in the trenches of Havana, trying to understand a culture perplexing to Westerners: one whose elite athletes regularly forgo multimillion-dollar opportunities to stay in Cuba and box for their country, while living in penury. Butler's fascination with this distinctly Cuban idealism sets him off on a remarkable journey, training with, befriending, and interviewing the champion boxers that Cuba seems to produce more than any other country. In the process, though, Butler gets to know the landscape of the exhilaratingly warm Cuban culture—and starts to question where he feels most at home. In the tradition of Michael Lewis and John Jeremiah Sullivan, Butler is a keen and humane storyteller, and the perfect guide for this riotous tour through the streets of Havana.

From Columbus to Castro Macmillan

In this acclaimed classic novel, James A. Michener sweeps readers off to the Caribbean, bringing to life the eternal allure and tumultuous history of this glittering string of islands. From the 1310 conquest of the Arawaks by cannibals to the decline of the Mayan empire, from Columbus's arrival to buccaneer Henry Morgan's notorious reign, from the bloody slave revolt on Haiti to the rise of Cuba's Fidel Castro, Caribbean packs seven hundred dramatic years into a tale teeming with revolution and romance, authentic characters and thunderous destinies. Through absorbing, magnificent prose, Michener captures the essence of the islands in all of their awe-inspiring scope and wonder. BONUS: This edition includes an excerpt from James A. Michener's Hawaii. Praise for Caribbean "Michener is a master."—Boston Herald "A grand epic . . . [James A. Michener] sympathizes with the struggles of the region's most oppressed, and succeeds in presenting the Caribbean in its rich diversity."—The Plain Dealer "Remarkable and praiseworthy . . . utterly engaging."—The Washington Post Book World "Even American tourists familiar with some of the serene islands will find themselves enlightened. . . . In Caribbean, there appears to be a strong aura of truth behind the storytelling."—The New York Times

An American History Cambridge University Press

Tracking Cuban history from 1492 to the present, The Cuba Reader includes more than one hundred selections that present myriad perspectives on Cuba's history, culture, and politics. The volume foregrounds the experience of Cubans from all walks of life, including slaves, prostitutes, doctors, activists, and historians. Combining songs, poetry, fiction, journalism, political speeches, and many other types of documents, this revised and updated second edition of The Cuba Reader contains over twenty new selections that explore the changes and continuities in Cuba since Fidel Castro stepped down from power in 2006. For students, travelers, and all those who want to know more about the island nation just ninety miles south of Florida, The Cuba Reader is an invaluable introduction.

The Cuba Wars Hassell Street Press

A history of Cuba and its tenuous relationship with the United States

American Sugar Kingdom ABC-CLIO

A thorough examination of the history of Cuba, focusing primarily on the period from the revolution in 1959 to the present day. • Completely updates the original, top-selling volume with new information about issues, people, and events post-2003 • Analyzes the political landscape under Raul Castro's leadership • Helps readers to better understand a nation that is off-limits to American travelers—an inconceivable notion in today's day and age • Includes maps and personal photos to help provide visual support and bring learning to life

Cuba Potomac Books Incorporated

Hoping she has caught a lucky break when she is assigned to write a first full-length feature, ambitious young reporter Nola Céspedes becomes fixated on the search for a missing tourist in New Orleans at the same time compelling questions emerge about her identity and trustworthiness. By the author of The Truth Book. 25,000 first printing.

The Plantation Economy of the Spanish Caribbean, 1898-1934 Andre Deutsch Limited

The first of its kind, *From Columbus to Castro* is a definitive work about a profoundly important but neglected and misrepresented area of the world. Quite simply it's about millions of people scattered across an arc of islands -- Jamaica, Haiti, Barbados, Antigua, Martinique, Trinidad, among others -- separated by the languages and cultures of their colonizers, but joined together, nevertheless, by a common heritage.

[Cuba](#) Oxford University Press

An examination of the AIDS crisis exposes the federal government for its inaction, health authorities for their greed, and scientists for their desire for prestige in the face of the AIDS pandemic.

Cuba Penguin

In *Empire's Crossroads*, Carrie Gibson offers readers a vivid, authoritative and action-packed history of the Caribbean. For Gibson, everything was created in the West Indies: the Europe of today, its financial foundations built with sugar money; the factories and mills built as a result of the work of slaves thousands of miles away; the idea of true equality as espoused in Saint

Domingue in the 1790s; the slow progress to independence; and even globalization and migration, with the ships passing to and fro taking people and goods in all possible directions, hundreds of years before the term 'globalization' was coined. From Cuba to Haiti, from Dominica to Martinique, from Jamaica to Trinidad, the story of the Caribbean is not simply the story of slaves and masters - but of fortune-seekers and pirates, scientists and servants, travellers and tourists. It is not only a story of imperial expansion - European and American - but of global connections, and also of life as it is lived in the islands, both in the past and today.
