What were young conservatives doing in the 1960s while SDS and SNCC were working to move the political center to the left? The Other Side of the Sixties offers a gripping account of Young Americans for Freedom (YAF), an organization that became a leading force in promoting conservative ideas and that helped lay the groundwork for today's conservatism. John Andrew has mined unique archival material to document YAF's efforts to form a viable organization, define a new conservatism, attack the liberal establishment, and seize control of the Republican party, all while battling voter hostility and internal factionalism. The author also uncovers the Kennedy administration's use of the IRS to subvert YAF and other right-wing organizations through tax audits and investigations. By painting a more balanced portrait of political thinking in the sixties, Andrew offers a new and much needed look at the ideological atmosphere of a vibrant decade.

Thirty years ago, Alan, Patrick, and Guinevere-"the Trio"-became the best of friends while stealing from Checker's Casual Cafe, the busiest restaurant in town. But the trio didn't just take money-what happened in '91 was no less than diabolical. Cicadas attacked customers, out-of-hand pranks collapsed the kitchen ceiling, and the Phantom of the Restaurant brought havoc to the dining room-all against a background of blaring eighties

music. Sharon Donovan, the restaurant's general manager, was literally ready to kill someone when police were finally called. Fifteen years later, Guinevere is mortally wounded in a horrific car accident. As Alan and Patrick rush to her side, her deathbed confession is chilling: "The worst thing about my depression is that it has a sense of humor." In her dying breath, Gwen asks Alan to take care of Stephanie, her teenage daughter-"As you once took care of me, when we all worked together at Checker's." And as Steph brings back memories of the best time in his life, Alan makes a very bad decision... But karma is a bitch, and Patrick's arrest on returning to his Nevada home makes national news. His frantic cry for help sends Alan and Stephanie on a cross-country trip-where evidence reveals a disturbing connection between the Trio that began years before Checker's. It's eerie how current events mirror those from decades ago, and past-and-present stories play out side by side. Without Alan's help, Patrick will go to prison...but as Sharon Donovan learned the hard way, it's often those you trust the most who blindside you with their behaviors... No matter how far you run, the past will always catch up with you. And once it does, it will serve a dish best cold.
