Een kijkje achter de schermen van de Nederlandse voetbalcompetitie en het EK 2024 door de ogen van Joep Schreuder, een van de beste sportverslaggevers van Nederland Het voetbalseizoen 2023-2024 zat vol verrassingen. Sportverslaggever Joep Schreuder was er van het begin af aan bij en volgt in *Een verloren wedstrijd kun je niet meer winnen* de trainers van de drie grote clubs, Ajax, Feyenoord en PSV. Schreuder beschrijft het verloop van de competitie met alle ups en downs, beginnend bij de trainingskampen van PSV en Feyenoord in Oostenrijk, om daar zijn licht op te steken over de ontwikkelingen binnen de clubs. Bij Ajax rommelt het en het is moeilijk iemand te spreken te krijgen. Trainers komen en gaan en de nieuwe aankopen van Ajax lossen later in het seizoen de hoge verwachtingen niet in. En dan is het seizoen nog niet voorbij, want in Duitsland wordt in de zomer een maand lang het EK gehouden. En ook daar vervult Schreuder een prominente rol. Maar er is meer dan alleen de competitie en het EK. Schreuder observeert, reist van hot naar her en lardeert zijn verhaal met ontmoetingen met grootheden uit de voetbalwereld, onder wie José Mourinho, Frenkie de Jong, Lamine Yamal, Leo Beenhakker, Ronald Koeman en Luis de la Fuente. Hij vertelt wat hij hoort en ziet in hotels, in taxi's, op recepties en natuurlijk langs de lijn. Zo krijgen we een blik achter de schermen en zien we hoe het sportnieuws dat ons dagelijks bereikt tot stand komt. *Een verloren wedstrijd kun je niet meer winnen* bevat boeiende en vlot geschreven verhalen van een van de bekendste sportverslaggevers van Nederland over al zijn belevenissen in de nationale en internationale voetbalwereld. Ter plekke in de pers 'Een verzameling korte verhalen die bij elkaar lezen als een pleidooi voor zijn manier van werken: altijd met de neus aan het venster van de actualiteit.' Het Parool 'Als verslaggever bij NOS Sport heeft Joep Schreuder een soort cultstatus verworven.' de Volkskrant 'Zo fijn dat hij nu ook een boek heeft uitgebracht.' Annemiekes A-Lunch, AVROTROS

Food Components to Enhance Performance Chronicle Books

Our Town is the debut of a striking literary voice, one that captures the disillusion at the fringes of Hollywood as seen through a haze of drugs, alcohol, abuse, and fallen aspirations. An unseen narrator guides us through the dark fairy tale of Dorothy White, an aspiring actress who "never quite figured how to get out of her own way." Her perfect marriage to an equally golden actor, Dale, quickly turns into one of jealousy and violence. Dorothy ends the marriage yet begins a legacy of self-destruction for the failed couple, as well as their two children, Clover and Dylan. But we see the pathos in Dorothy's attempts to get back on track, to be a good woman, mother, and grandmother. Throughout the novel, she is left in the wake of decisions that turn disastrous. Her downward spiral from elusive fame into consistent infamy—a series of DUIs, the continuing neglect of her children, a string of failed and unhealthy relationships—is not without its grace, with the warmth of her character shining through her spackled makeup and cloud of acrid perfume. In many ways, Dorothy White is an anti-heroine for the ages—"vanilla voiced," bewigged, loving, and ever radiant—a sympathetic character caught in the riptide of her transformation from small-town southern girl to one-time toast of Hollywood to embarrassing tabloid fodder. *Our Town* is an original and startling debut novel, one whose fresh voice and expert perspective reinvents the Hollywood story for a new generation of readers.

A Good Book Kings Road Publishing

A literary page-turner about one man's macabre ambition to create life-and secure immortality The village of Wolfheim is a quiet little place until the geneticist Dr. Victor Hoppe returns after an absence of nearly twenty years. The doctor brings with him his infant children-three identical boys all sharing a disturbing disfigurement. He keeps them hidden away until Charlotte, the woman who is hired to care for them, begins to suspect that the triplets-and the good doctor- aren't quite what they seem. As the villagers become increasingly suspicious, the story of Dr. Hoppe's past begins to unfold, and the shocking secrets that he has been keeping are revealed. A chilling story that explores the ethical limits of science and religion, *The Angel Maker* is a haunting tale in the tradition of *The Strange Case of Dr. Jekyll and Mr. Hyde* and *Frankenstein*. Brought to life by internationally bestselling author Stefan Brijs, this eerie tale promises to get under readers' skin.

Manchester United The Biography will do for the football team what Peter Ackroyd did for London in his huge biog of the same name. The book will follow the club's extraordinary journey from its birth in the railway works of Newton Heath to its current status as the biggest club in world football. The key stages in United's history will, of course, be covered: the Munich Air Crash of 1958, which saw the best part of an entire team (the Busby Babes) being killed; becoming the first English team to win the European Cup in 1968 (with Bobby Charlton and George Best); the dominance of the club in the Premiership; the controversial sale

to American tycoon Malcolm Glazer, and much more. But by drawing on the recollections of everyone from players and managers to fans and backroom staff, Jim will unearth enough new material to interest die-hard fans and casual supporters alike. This will be a fascinating history of a remarkable football club, by one of Britain's best-known and most popular sports writers.

Scholars across the humanities and social sciences are increasingly examining the importance of consumption to changing notions of local, regional, national and supranational identity in Europe. As part of this interest, anthropologists, historians, sociologists and others have paid particular attention to the roles which food and drink have played in the construction of local, regional and national identity in Europe. This volume provides the first multidisciplinary look at the contributions which food and alcohol make to contemporary European identities, including the part they play in processes of European integration and Europeanization. It provides theoretically informed ethnographic and historical case studies of transformations and continuity in social and cultural patterns in the production and consumption of European foods and drinks, in order to explore how eating and drinking have helped to construct various local, regional and national identities in Europe. Of particular note in this volume is its attention to how food and drink intersect with recent attempts to foster greater European integration, in part through the recognition and support of common and diverse European cultures and identities.

"Despite widespread scepticism in receiving societies, migrants often remain loyal to their former homeland and stay active in the politics there. "Beyond Dutch borders" is about such ties. Combining extensive fieldwork with quantitative data, this book compares how transnational political involvement among guest workers from Turkey and post-colonial migrants from Surinam living in the Netherlands has evolved over the past half-century. It looks at Turks seeking to improve their position in Dutch society, Kurds lobbying for equal rights in Turkey and Surinamese hoping to boost development in their country of origin. Sending-state governments, political parties and organisations are shown to be key shapers of transnational migrant politics both in opposition to, and support of, homeland ruling elites. Meanwhile, it becomes clear that migrants' border-crossing loyalties and engagement have not dented their political integration in the receiving societies - quite the opposite. Certainly in this respect, the sceptics have been wrong."

"Opening with the passage of the Voting Rights Act in 1965 and ending with the disillusionment that characterized the final months of George W. Bush's presidency, Scarborough ultimately

takes today's Republican party to task for squandering opportunities to attain and hold power. By revisiting Eisenhower's understated diplomacy, Barry Goldwater's fierce rhetoric, and Reagan's gift for channeling and connecting with voters, [this book] ... demonstrates how today's GOP has undermined its own cause and in doing so, fails the nation"--

Beginning with a theoretical discussion of race, sport and media, this book critically examines issues of race, racism and sports journalism and offers practical advice on sports reporting, including a discussion of guidelines for ethical journalism. In a series of case studies, representations of race will be explored through historical and contemporary analysis of international media coverage, including online and digital platforms. The background and impacts of these representations will also be discussed through interviews with athletes and sports journalists. Subjects covered include: cricket in the UK, Australian and Asian media, with particular focus on Pakistan athletics and media representations of athletes, including a study of the reporting of South African runner Caster Semenya football and the under-representation of British-Asians, with an analysis of how race is constructed in the digital arena boxing with particular reference to Muhammad Ali, America and Islam Formula One and analysis of the media reporting, international spectator response and racism towards Lewis Hamilton, described in the media as the first black driver. Finally, the book will analyse the make-up of sports journalism, examining the causes and consequences of a lack of diversity within the profession.

A rediscovered masterpiece: an unblinking view of the Holocaust through a child's eyes Told from the perspective of a child slowly awakening to the atrocities surrounding him, *Childhood* is a searing story of the Holocaust that no reader will soon forget. As five-year-old Jona waits with his mother and father to emigrate from Nazi-occupied Amsterdam to Palestine, they are awakened at night, put on a train, and eventually interred in the camps at Bergen-Belsen. There, what at first seems to be a merely dreary existence soon reveals itself to be one of the worst horrors humanity has ever created. A triumph of heartrending clarity and dispassionate amazement, *Childhood* stands tall alongside such monuments of Holocaust literature as *The Diary of Anne Frank*, *Elie Wiesel's Night*, and *Primo Levi's Survival in Auschwitz*. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Beyond The Risk Society: Critical Reflections On Risk And Human Security Penguin Mass Market

Disinformation and so-called fake news are contemporary phenomena with rich histories. Disinformation, or the willful

introduction of false information for the purposes of causing harm, recalls infamous foreign interference operations in national media systems. Outcries over fake news, or dubious stories with the trappings of news, have coincided with the introduction of new media technologies that disrupt the publication, distribution and consumption of news -- from the so-called rumour-mongering broadsheets centuries ago to the blogosphere recently.

Designating a news organization as fake, or der Lügenpresse, has a darker history, associated with authoritarian regimes or populist bombast diminishing the reputation of 'elite media' and the value of inconvenient truths. In a series of empirical studies, using digital methods and data journalism, we inquire into the extent to which social media have enabled the penetration of foreign disinformation operations, the widespread publication and spread of dubious content as well as extreme commentators with considerable followings attacking mainstream media as fake.

Robin van Persie is one of the most talented players in world

football today. An intelligent playmaker and deadly striker, he brings creativity and intelligence to Arsenal's forward line and is the first name on the Netherlands team sheet. Signed by Arsene Wenger in the summer of 2004 with a view to replace Dutch legend Dennis Bergkamp, Van Persie quickly established himself as an integral part of Wenger's talented side, initially plying his trade on the left side of midfield. Playing alongside the likes of Thierry Henry, Robert Pires and Patrick Vieira, Van Persie was duly inducted into the 'Arsenal way' and developed into one of the most creative, competitive and intelligent players in the Premier League. Scoring what Wenger called the 'goal of a lifetime' against Charlton in 2006, Van Persie was asked to lead the Arsenal line following Henry's departure to Barcelona in the summer of 2007, and it wasn't long before the Dutchman inherited Bergkamp's number 10 jersey and became an integral part of the next generation of Arsenal greats. From early rifts with coach Bert van Marwijk as a young player at Feyenoord, through to establishing himself as a world class talent after Van Marwijk guided the great Oranje to the World Cup final in 2010, this is the fascinating story of a true sporting talent and one of the most naturally gifted football players of his generation.
