Cases in Cost

Management Routledge This well-established and widely adopted textbook, now in its 14th edition,

continues to provide an in-depth and insightful analysis of the modern theories and practices of Cost Accounting. That the book has gone into its 14th edition and several reprints is a testimony of its wide acceptance by the students, academics and professionals. Primarily intended for postgraduate and undergraduate students of Commerce and Management, the book will be of immense benefit to the students pursuing professional courses offered by the Institute of

Chartered Accountants of India (ICAI), Institute of Cost Accountants of India (ICAI), Institute of Company Secretaries of India (ICSI), and those pursuing the Chartered Financial Analyst (CFA) course. Now, in its 14th edition, the book has been suitably revised meeting the latest syllabi requirement of various courses. The chapter on “Strategic Cost Management” has been updated to make it indispensable to modern management to enhance the competitive

advantage of the firm. Besides, many chapters have been overhauled and updated, especially the chapters covering basic concepts and terms, classification of costs and cost sheet, activity based costing, marginal costing, relevant cost analysis and management decisions, capital budgeting decisions, and cost audit. The book also includes some of the cost standards set by ICAI, a wide array of illustrations, worked-out examples, and practice exercises. Besides, a large number

of MCQs are given online for the students to practice and self evaluation. MCQs are critical in proper understanding and practice of theories and concepts. Also, CIMA Official Terminology is provided online to keep students and professionals abreast of relevant terms used in today's business environment. The International Encyclopedia of Hospitality Management is the definitive reference work for any individual studying or working in the hospitality industry. There are 185 Hospitality Management degrees in the UK alone. This new edition updates and

significantly revises twenty five per cent of the entries and has an additional twenty new entries. New online material makes it the most up-to-date and accessible hospitality management encyclopedia on the market. It covers all of the relevant issues in the field of hospitality management from a sectoral level (lodging, restaurants/food service, time-share, clubs and events) as well as a functional one (accounting and finance,

marketing, strategic management, human resources, information technology and facilities management). Its unique, user-friendly structure enables readers to find exactly the information they require at a glance – whether they require broad detail that takes a more cross-sectional view across each subject field or more focused information that looks closely at specific topics and issues within the hospitality industry today.
