PRANAV MILES

The Loneliness of the Long Distance Runner Amberley Publishing Limited
Subtitled An Outline of the Origins of Moon and Sun worship, Astrology, Sex

Symbolism, Mystic Meaning of Numbers, the Cabala, and Many Popular Customs, Myths, Superstitions and Religious Beliefs. Preface by renowned religious researcher Jordan Maxwell who says, This is a must read for those concerned about pagan influence on the

modern day Church. Answers questions such as: How did the concept of good and evil develop?, What is the true origin of Easter?, Why is sex such a powerful force in religion?, What religious symbols are really sexual messages?, How are the Great Pyramid and numerology connected?, How did Astrology really start?, Is there a connection between Jesus and Astrology?, Why was prostitution once an important part of religion?, and many others.

How the FBI and the Chicago Police

Murdered a Black

Panther Chicago

Review Press
A devastating disaster at sea . . . an officer who refuses to hide the truth. . . a courtroom

confrontation with far-reaching implications . . . The Perfect Storm meets A Civil Action in a gripping account of one of the most significant shipwrecks of the twentieth century. In 1983 the Marine Electric, a “reconditioned” World War II vessel, was on a routine voyage thirty miles off the East Coast of the United States when disaster struck. As the old coal carrier sank, chief mate Bob Cusick watched his crew—his friends and colleagues—succumb to the frigid forty-foot waves and subzero winds of the Atlantic. Of the thirty-four men aboard, Cusick was one of only three to survive. And he soon found himself facing the most critical decision of his life: whether to stand by

the Merchant Marine officers' unspoken code of silence, or to tell the truth about why his crew and hundreds of other lives had been unnecessarily sacrificed at sea. Like many other ships used by the Merchant Marine, the Marine Transport Line's Marine Electric was very old and made of "dirty steel" (steel with excess sulfur content). Many of these vessels were in terrible condition and broke down frequently. Yet the government persistently turned a blind eye to the potential dangers, convinced that the economic return on keeping these ships was worth the risk. Cusick chose to blow the whistle. Until the Sea Shall Free Them re-creates in

compelling detail the wreck of the Marine Electric and the legal drama that unfolded in its wake. With breathtaking immediacy, Robert Frump, who covered the story for the Philadelphia Inquirer, describes the desperate battle waged by the crew against the forces of nature. Frump also brings to life Cusick's internal struggle. He knew what happened to those who spoke out against the system, knew that he too might be stripped of his license and prosecuted for "losing his ship," yet he forged ahead. In a bitter lawsuit with owners of the ship, Cusick emerged victorious. His expose of government inaction led to vital reforms in the laws regarding the

safety of ships; his courageous stand places him among the unsung heroes of our time.

Jazzy Melanin Simon and Schuster
New York Times bestselling author
Walter Dean Myers traveled back to his roots in this memoir that is gripping, funny, and ultimately unforgettable. Don't miss this memoir by a former National Ambassador of Books for Young People! As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer

(and he eventually succeeded). But as his hope for a successful future diminished, the values he had been taught at home, in school, and in his community seemed worthless, and he turned to the streets and to his books for comfort. Here, in his own words, is the story of one of the most important voices of our time.

Spies Tamare House
From the bestselling author of "Ready Player One." After sighting a UFO, high-school student Zack and his new comrades must scramble to prepare for an alien onslaught, in this rollicking, surprising thriller and coming-of-age adventure.
Blacked Out Through Whitewash Routledge
Intelligent, lively,

humorous, and thoroughly engaging, "The Predictably Irrational" explains why people often make bad decisions and what can be done about it.

The Story of an African Farm Cosimo, Inc.

In a work of history that will make headlines, New York Times reporter Philip Shenon investigates the investigation of 9/11 and tells the inside story of most important federal commission since the the Warren

Commission. Shenon uncovers startling new information about the inner workings of the 9/11 commission and its relationship with the Bush White House. The Commission will change our understanding of the 9/11 investigation -- and of the attacks themselves.

Peril Graphic Arts Books

In 1914 there were at least 10,000 black Britons, many of

African and West Indian heritage, fiercely loyal to their Mother Country. Despite being discouraged from serving in the British Army during the First World War, men managed to join all branches of the armed forces and black communities made a vital contribution, both on the front and at home. By 1918 it is estimated that the black population had trebled to 30,000, and after the war many black soldiers who had fought for Britain decided to make it their home. *Black Poppies* explores the military and civilian wartime experiences of these men and of women, from the trenches to the music hall. Poignantly, it concludes by

examining the anti-black race riots of 1919 in cities like Cardiff and Liverpool, where black men came under attack from returning white soldiers who resented their presence, in spite of what they and their families had done for Britain during the war. The first book of its kind to focus on the Black British experience during the Great War; this new offering from Stephen Bourne is fascinating and eye-opening. *The Uncensored History of the 9/11 Investigation* Dell Publishing Company A historic literary event: the publication of a newly discovered novel, the earliest known work from Harper Lee, the beloved, bestselling author of the Pulitzer

Prize-winning classic, *To Kill a Mockingbird*. Originally written in the mid-1950s, *Go Set a Watchman* was the novel Harper Lee first submitted to her publishers before *To Kill a Mockingbird*. Assumed to have been lost, the manuscript was discovered in late 2014. *Go Set a Watchman* features many of the characters from *To Kill a Mockingbird* some twenty years later. Returning home to Maycomb to visit her father, Jean Louise Finch—Scout—struggles with issues both personal and political, involving Atticus, society, and the small Alabama town that shaped her. Exploring how the characters from *To Kill a Mockingbird* are adjusting to the

turbulent events transforming mid-1950s America, *Go Set a Watchman* casts a fascinating new light on Harper Lee's enduring classic. Moving, funny and compelling, it stands as a magnificent novel in its own right.

The Attack on Bin Laden and Al Qaeda : a Personal Account by the CIA's Key Field Commander Three Rivers Press

A compilation of more than 30 addresses from Booker T. Washington explaining the importance of personal responsibility, self-reflection and economic independence in the Black community. *Character Building* is an inspiring series of anecdotes that speak to the issues of his contemporary

audience. Booker T. Washington was a strong supporter of education and entrepreneurship among African Americans. He believed a degree or certification could provide access and elevate one's social and economic status. In *Character Building*, he provides his basic tenets of success that are rooted in individual behavior. He encourages productivity and the need for a positive home life. To succeed, each person's environment must be conducive to their goals. Washington's life-long mission was to inspire and uplift the most vulnerable in his community. In *Character Building* he discusses the many tools that can be used

to change a person's station. It's an open declaration of the core beliefs that helped shaped his life. With an eye-catching new cover, and professionally typeset manuscript, this edition of *Character Building* is both modern and readable.

Predictably Irrational

Broadway Books

The first major biography of an American icon, comedian Bill Cosby. Based on extensive research and in-depth interviews with Cosby and more than sixty of his closest friends and associates, it is a frank, fun and fascinating account of his life and historic legacy. Far from the gentle worlds of his routines or TV shows, Cosby grew up in a Philadelphia

housing project, the son of an alcoholic, largely absent father and a loving but overworked mother. With novelistic detail, award winning journalist Mark Whitaker tells the story of how, after dropping out of high school, Cosby turned his life around by joining the Navy, talking his way into college, and seizing his first breaks as a stand-up comedian. Published on the 30th anniversary of The Cosby Show, the book reveals the behind-the-scenes story of that groundbreaking sitcom as well as Cosby's bestselling albums, breakout role on I Spy, and pioneering place in children's TV. But it also deals with professional setbacks and personal dramas,

from an affair that sparked public scandal to the murder of his only son, and the private influence of his wife of fifty years, Camille Cosby. Whitaker explores the roots of Cosby's controversial stands on race, as well as "the Cosby effect" that helped pave the way for a black president. For any fan of Bill Cosby's work, and any student of American television, comedy, or social history, *Cosby: His Life and Times* is an essential read. [The Hidden Forces That Shape Our Decisions](#) Harper Collins
A fresh perspective on Churchill and life in wartime by the nurse charged with looking after the Prime Minister. [Slaughterhouse Five Or](#)

the Children's Crusade

Harper Collins

The violent murder of her brother on the streets of Nairobi triggers long-untouched memories and unexpected events for his grieving sister, Ajany, from the flight of their mercurial mother and the arrival of a young Englishman at their home to the reopening of a cold case by a hardened policeman and a vengeance plot by an all-seeing Trader.

A Novel

Health Research Books

Ray Bradbury's novel Fahrenheit 451 is an enduring masterwork of twentieth-century

American literature—a chilling vision of a dystopian future built on the foundations of ignorance, censorship, and brutal repression. The origins and evolution of Bradbury's darkly magnificent tale are explored in *A Pleasure to Burn*, a collection of sixteen selected shorter works that prefigure the grand master's landmark novel. Classic, thematically interrelated stories alongside many crucial lesser-known ones—including, at the collection's heart, the novellas "Long After Midnight" and "The Fireman"—*A Pleasure to Burn* is an indispensable companion to the most powerful work of America's preeminent storyteller, a wondrous confirmation of the

inimitable Bradbury's brilliance, magic . . .
and fire.
