"One of the best, most practical guides for learning this ancient divination technique that's ever hit the market. THIS BOOK IS A MUST!" - Craig Browning
In his new book, 'Speed Learning ~ Palm Readings In Your Own Words', Julian Moore teaches the basics of palmistry using proven techniques which mean that you could be reading palms in less than 48 hours! This ebook and ten accompanying FLASH CARDS can get you up to speed quicker than you ever thought imaginable, while still creating your own style and being true to yourself without having to pretend that you're a great showman or anything other than yourself. 'Speed Learning ~ Palm Readings In Your Own Words' shows you how to give REAL readings that CONNECT with people. Most people who

decide to learn palmistry are easily put off when they first pick up a palmistry book, there's so much information and more often than not, no clear description of even what ORDER to read the different elements of the hand in. This is not like those other books. It teaches you a step-by-step way of reading people's palms that's almost impossible to forget, and as it encourages you to create YOUR OWN way of describing what the lines and fingers mean, the speed of learning is greatly increased. You're not just learning 'parrot style', you're creating your OWN versions of how to talk about the meanings of the hand, which makes them entirely memorable! REVIEWS "No hype...just plain good! You can't go wrong if you just DO what Julian describes. I've

always shied away from palmistry because I thought the system was too complicated. Julian has changed all that. And, the memory cues are an added bonus. It just can't get any easier." - Nicholas "After reading Julian's book, and going through the flash cards a couple of times, I have a practical knowledge of palm reading that I didn't have 48 hours ago. My progress is clear and tangible. Today, I was able to improvise a palm reading session with one of my regular clients, and it went very well. I'm excited! That's why I'm writing this review, hoping that some of you also take advantage of this beautiful tool that Julian is sharing with us." - Enrique Enriquez - member of Kenton Knepper's S.E.C.R.E.T. school and co-author of the groundbreaking book 'Mind Reading' "A

very useful tool for both learning and reviewing palmistry basics. For learning you have taken the concept of flash cards and made the cue cards much more of a memory exercise; thereby, challenging the mind to create rather than just repeat. For the pro you have given some interesting slants on certain traits that add further dimension and depth to a reading. The cards provide an excellent review tool for all practicing palmists as it allows them to review traits and characteristics that may not appear commonly in their practice." - Charles Green & Eugene Bourgal "An excellently laid out summation of the essence of palmistry, designed to teach you as you go along. I can certainly see how one can get this today and start giving mini-readings tomorrow night.

Better yet, learn it all easily in a week and give real readings and be able to answer questions. This book actually teaches easily, speedily the essence of palmistry. Nice job. I'd recommend this to anyone starting out in the field. Well worth the money." - Tom Jorgenson

___ Vedic Palm Reading Discover Your Hidden Treasures Learn how to read palms and find traits 'written' on your palms that you knew you had, yet had

no corroborative proof. I always felt I had a special knack to understand most people on a deeper level and folks would always trust me with their deepest and darkest secrets; little did I know that that specific trait appeared on my palm print. Having that confirmation gave me the confidence to pursue this unique career path. This first volume concentrates on palm reading basics; similar to a 'palm reading 101' course which includes the elemental hands, the structure of the hands, and the meaning of each finger and fingerprints. I will be writing volumes 2 and 3 in the months to come, which will include palmistry lines and markings. Choose A Career Path that is Closely Aligned to Your Traits Having this confirmation in mind, imagine you are at a crossroads in your career path.

Wouldn't you love to have an objective tool (your own palm reading guide) to see clearly what dominant traits exist within you and stand out? Learn how to read your own palm. Why would you fill out numerous questionnaires and talk to other people when you can look at your own hand and learn what it is telling you. Throw the Best Party in Town Have fun with this Indian palm reading book and throw a palmistry party where you live and invite your closest friends so they can all learn together how to read palms. At first, people will be skeptical, but after a few minutes of experiencing how true and 'on point' all the indicators truly are, they will invite more of their friends to your next Palm Party. It happened to me. I went to a friend's party and put up my "Palm Reading" sign and one person

showed up in the kitchen and she was lucky because I spent more time with her because by the end of the night the entire party was in the kitchen waiting in line waiting to get their "palm read." Get to Know Yourself, your Family and Friends on a Whole Other Level In Volume 1 you will learn what type of elemental hand you have in relation to what hand your spouse or best friend has, and this will explain a lot of the dynamics that occur in your relationship to them. Not only is this information interesting, but useful in the long term. When you understand someone on a deeper level, your compassion, and/or admiration for them grows and allows your relationship to blossom even further. Some of the information in this book might explain why you either easily

get frustrated by the person, or why you are so attracted to them. If you are an Employer Learn Palmistry to Hire More Appropriately Have you ever wondered whether the potential interviewee was accurate in their description of themselves? Perhaps their subjectivity was blocking the objectivity you most desire to discover. You could use some of the information found in this book to do a quick visual assessment of their hand. For example, something as simple as shaking their hand and feeling the texture of their skin could tell you whether they are more refined and idealistic or more rustic and practical. As they speak, you could assess the shape of their fingertips or fingernails and see where they would lie on the organizational skills spectrum. These

and many more tips will help you in your search for the perfect candidate when you buy this book. About Janet (the Author) I have been studying and practicing yoga (2004), Ayurveda (2006), Vedic Astrology (2008), Hasta (2009), and Vastu (2010), for a very long time, and Hand Reading by far is one of the easiest and most fun activities you can do for yourself and others. I spent the first 12 years of my career serving others as a San Francisco Police Officer (1995-2009), yet the Vedic "Spirit" touched me and there was no going back...it was "Cop Gone Yogi" all the way!
