DARIO BRENDEN

The Life and Letters of Paul New York Review of Books

This clear and user-friendly introduction to the interpretive method called "epistolary analysis" shows how focusing on the form and function of Paul's letters yields valuable insights into the apostle's purpose and meaning. The author helps readers interpret Paul's letters properly by paying close attention to the apostle's use of ancient letter-writing conventions. Paul is an extremely skilled letter writer who deliberately adapts or expands traditional epistolary forms so that his persuasive purposes are enhanced. This is an ideal supplemental textbook for courses on Paul or the New Testament. It contains numerous analyses of key Pauline texts, including a final chapter analyzing the apostle's Letter to Philemon as a "test case" to demonstrate the benefits of this interpretive approach.

Short activities reflecting real-life business situations to complement both tailored and coursebook based materials.

Lead with a Story Penguin UK

This volume is a study in ancient scriptural hermeneutics, that promotes new ways to think about Paul's interpretation of scripture and rabbinic midrash together and for the benefit of both. It analyses exegetical techniques that both Paul and the Tannaim use and opens new perspectives on how they conceive of scripture and its ideal readers.

Hand to Mouth Cambridge University Press

Anyone who has heard of chiasmus is likely to think of it as no more than a piece of rhetorical playfulness, at times challenging, though useful for supplying a memorable sententious note or for performing a pirouette of syntax and thought. Going beyond traditional rhetoric, this volume is concerned with the possibility of using the figure of chiasmus to model a broad array of phenomena, from human relations to artistic creation. In the process, it provides the first book-length study not of chiasmus, the rhetorical figure, but of chiastic thought. The contributors are concerned with chiastic inversion and its place in social interactions, cultural creation, and more generally human thought and experience. They explore from a variety of angles what the unsettling logic of chiasmus (from the Greek meaning "cross-wise"), has to tell us about the world, human relations, cultural patterns, psychology, and artistic and poetic creation.

The Wake Paul Lima

The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation. We wait in lines around the block for scoops of cookie dough. We photograph every meal. We visit selfie performance spaces and leave lucrative jobs to become farmers and craft brewers. Why? What are we really hungry for? In *Hungry*, Eve Turow-Paul provides a guided tour through the stranger corners of today's global food and lifestyle culture. How are 21st-century innovations and pressures are redefining people's needs and desires? How does "foodie" culture, along with other lifestyle trends, provide an answer to our rising rates of stress, loneliness, anxiety, and depression? Weaving together evolutionary psychology and sociology with captivating investigative reporting from around the world, Turow-Paul reveals the modern hungers—physical, spiritual, and emotional—that are driving today's top trends: • The connection between the "death" of the cereal industry and access to work email on our smartphones • How posting images of our dinners on social media both fulfills and feeds our hunger for human connection in an increasingly isolated world • The ways "diet tribes" and boutique fitness gyms substitute for organized religion • How access to round-the-clock news relates to the blowback against GMO foods • Wellness retreats, astrology, plant parenthood, and other methods of easing modern anxiety • Why "eating local" might be the key to solving not just climate change, but our current global sense of disconnection From gluten-free and Paleo diets to meal kit subscriptions, and from mukbang broadcast jockeys to craft beer, *Hungry* deepens our understanding of why we do what we do, and helps us find greater purpose and joy in today's technology-altered world.

The Far Shore Zondervan

"'Email English' contains a wealth of practice activities, all of which can be used for self-study or with a teacher in class. It also has a phrase bank providing over 500 key expressions for reference while you are writing."--Publisher.

Internet Simplified Edumond

A nomad and a swindler embark on an eccentric road trip in this picaresque, philosophical novel by the author of *The Man Who Planted Trees*. The south of France, 1950: A solitary vagabond walks through the villages, towns, valleys, and foothills of the region between northern Provence and the Alps. He picks up work along the way and spends the winter as the custodian of a walnut-oil mill. He

also picks up a problematic companion: a cardsharp and con man, whom he calls "the Artist." The action moves from place to place, and episode to episode, in truly picaresque fashion. Everything is told in the first person, present tense, by the vagabond narrator, who goes unnamed. He himself is a curious combination of qualities—poetic, resentful, cynical, compassionate, flirtatious, and self-absorbed. While *The Open Road* can be read as loosely strung entertainment, interspersed with caustic reflections, it can also be interpreted as a projection of the relationship of author, art, and audience. But it is ultimately an exploration of the tensions and boundaries between affection and commitment, and of the competing needs for solitude, independence, and human bonds. As always in Jean Giono, the language is rich in natural imagery and as ruggedly idiomatic as it is lyrical.

The Accidental Dictionary Melville House

From legendary writer Paul Theroux comes an atmospheric novel following a big-wave surfer as he confronts aging, privilege, mortality, and whose lives we choose to remember.

The Pathless Path Heinemann Educational Books

This volume seeks to advance the discussion of Paul's relationship to Greek epistolary traditions by evaluating the nature of ancient letters as well as the individual letter components. These features are evaluated alongside Paul's letters to better understand Paul's use and adaptations of these traditions in order to meet his communicative needs.

Technical Communication AMACOM Div American Mgmt Assn

Technology is supposed to be our servant. However, for most of us, we have become a servant to technology. We need to turn that scenario around, and make technology work for us. Technology is supposed to be helping us do more in less time, but instead, it is controlling us in a very negative way. You've heard it-do more in less time and go home early, right? What happened to that? In my humble opinion, we have all become so dazzled by technology that we've lost all common sense. The methodologies outlined in this book combines distraction management skills, digital information strategies, with proven time management techniques utilizing technology tools for professionals in a practical and simple way. The goal of this book is to teach you time and task management skills and to help you cultivate the habits you need to make technology your servant so that you can regain control of your workday and personal life.

Email English Houghton Mifflin

Not all who wander are lost... Paul thought he was on his way. From a small-town Connecticut kid to the most prestigious consulting firm in the world, he had everything he thought he wanted. Yet he decided to walk away and embark on the "real work" of his life - finding the work that matters and daring to create a life to support that. This *Pathless Path* is about finding yourself in the wrong life, and the real work of figuring out how to live. Through painstaking experiments, living in different countries, and contemplating the deepest questions about life, Paul pieces together a set of ideas and principles that guide him from unfulfilled and burned out to a life he is excited to keep living. *The Pathless Path* is not a how-to book filled with "hacks"; instead, it is a vulnerable account of Paul's journey from leaving the socially accepted "default path" towards another, one focused on doing work that matters, finding the others, and defining your own success. This book is an ideal companion for people considering leaving their jobs, embarking on a new path, dealing with the uncertainty of an unconventional path, or looking to improve their relationship with work in a fast-

changing world. Reader feedback: "It's a rare book in that it is tangentially about careers and being more focused and productive, but unlike almost every other book I have read about these topics, I finished this one and felt better about myself and my career." "The themes are timeless. The content is expertly written. The advice is refreshingly non-prescriptive." "If you have questioned your own path, or a nagging lack of intention in your choices you need this book. If you have felt a gradual loss of agency in your direction you need this book. You are in the grip of an invisible script that was not written for you." "The writing is fantastic - Paul's writing is approachably poetic; a quick read that weaves together his own experience moving from a 'default path' overachiever to a 'pathless path' seeker of passion and curiosity, deep research into the history of work and collections of perspectives from years of podcasting, friendship, conferences, and meetings with other 'alternative path' life-livers."

The Open Road New York Review of Books

This book explains how and why Sendmail does what it does and provides "cookbook recipes" and simplified explanations on how to manage a mail system. The authors progress from the simple to the complex, providing knowledge essential for both the interested user and the experienced system manager.

Tame the Digital Chaos MacMillan Education ELT

The content boom on the Internet has been explosive in the past few years with more than a billion people surfing worldwide. *Internet Simplified* shows beginning level computer users how to get comfortable surfing the web and how to navigate the flood of information once they find what they're looking for. Users will find helpful information on the most talked about newcomers to the online world such as social networking sites like Facebook and MySpace, blogging, and downloading media content from YouTube and iTunes, as well as an introduction to the old standbys such as email, auction sites, and instruction for safe surfing. Coverage on how to safeguard against viruses and SPAM and keep computers free from unwanted visitors is approached in a gentle, user-friendly manner so anyone can apply the techniques and be free from troublesome intrusions. Full-color screen shots and numbered, step-by-step instructions guide readers through the intricacies of navigating the web in a friendly, approachable way. The updated design features a more sophisticated look and larger fonts and images to make this a perfect reference for all ages.

Breathing New Life Into Book Clubs Graywolf Press

This is the story of a young man's struggle to stay afloat. By turns poignant and comic, Paul Auster's memoir is essentially an autobiographical essay about money--and what it means not to have it. From one odd job to the next, from one failed scheme to another, Auster investigates his own stubborn compulsion to make art and describes his ingenious, often far-fetched attempts to survive on next to nothing. From the streets of New York City and Paris to the rural roads of upstate New York, the author treats us to a series of remarkable adventures and unforgettable encounters and, in several elaborate appixes, to previously unknown work from these years.

Paul at Home BRILL

A New World symphonic poem composed from native documents in the native tongue

The Chips are Down Baker Academic

"For twenty-eight years, Pamela Paul has been keeping a diary that records the books she reads,

rather than the life she leads. Or does it? Over time, it's become clear that this Book of Books, or Bob, as she calls him, tells a much bigger story. For Paul, as for many readers, books reflect her inner life--her fantasies and hopes, her dreams and ideas. And her life, in turn, influences which books she chooses, whether for solace or escape, diversion or self-reflection, information or entertainment. My Life with Bob isn't about what's in those books; it's about the relationship between books and readers"--

My Life with Bob Berghahn Books

Once rustic and simple, the cabin is now comfortable and chic. "The Cabin Book" offers a wonderful variety of forms and explores the most innovative designs in cabin architecture.

A Truck Full of Money News to Live by

Brimming with hidden histories and tantalising twists, The Accidental Dictionary tells the extraordinary stories behind ordinary words. Our everyday language is full of surprises; its origins are stranger than you might think. Any word might be knocked and buffeted, subjected to twists and turns, expansions and contractions, happy and unhappy accidents. There are intriguing tales behind

even the most familiar terms, and they can say as much about the present as they do the past. Busking, for instance, originally meant piracy. Grin meant to snarl. A bimbo was a man, nice meant ignorant, glamour was magic and a cupboard was a table... Focusing on 100 surprising threads in the evolution of English, The Accidental Dictionary reveals the etymological origins and quirky developments that have led to the meanings we take for granted today. It is a weird and wonderful journey into words. "A real delight ... hidden gems nestle on every page" -- JaffaReadsToo "The Accidental Dictionary is certainly worth adding [to a bookshelf]... I knew very few of these, which is a good thing, and now I know more, which is a better one" -- Marcus Berkman, Spectator Christmas books 2016
