NUNEZ JAZMINE

Updated & enlarged edition Redline Books
This book represents a fresh and informative approach to the subject of motorcycles. In handy pocket-sized form, it chronicles 75 of the world's greatest machines.

Ducati Motorcycles Veloce Publishing Ltd

Although manufactured for only one year, 1974, the Ducati 750 Super Sport was immediately touted as a future classic. It was a pioneer motorcycle - expensive and rare, and produced by Ducati's race department to celebrate victory in the 1972 Imola 200 Formula 750 race. Owing to its uniqueness and rarity, the 750 SS has become extremely expensive and desirable, fetching prices beyond the most expensive contemporary Ducati; for Ducatisti, it is the Holy Grail.

MotorBoating Veloce Publishing Ltd
Cars.

The Book of the Ducati Overhead Camshaft Singles Veloce Publishing Ltd
The Ducati 750 motorcycles were among the last pure, unadulterated sporting motorcycles built--representing a time before cost accounting and government design requirements--and have, unsurprisingly, inspired a new generation of retro classics.

Redline Books

Ducati's American story of decline and recovery comes to life! Included within are Ducati's early single-cylinder Gran Sports and Gran Prixes, narrow- and wide-case singles, bevel-drive twins such as the 750 GT and SS, Darmahs, Pantahs, F3s, 900SS, and rare models like the Supermono. Whether you lust after the timeless classics of days past or the gorgeous machinery gracing the showroom today, Ducati will give you an inside look at these incredible motorcycles.

Authenticity & Restoration Guide Veloce Publishing Ltd

The overhead camshaft single provided the DNA for Ducati motorcycles, but, with little accurate documentation and information available until now, they can be difficult to restore and authenticate. This is the first book to provide an authoritative description of the complete range of Ducati OHC singles.

Mick Walker's Italian Racing Motorcycles
Mick Walker. This much enlarged and heavily revised edition looks at both major and minor players throughout Italy who have produced racing motorcycles of significant interest. Among the legendary Italian motorcycles included in this volume are Aermacchi, FB Mondial, Bimota, Moto Guzzi, Ducati, Garelli, Bianchi, Laverda, Gilera, MV Agusta and Parilla. Well done! Sftbd., 8 1/4"x 11", 256 pgs., 683 b&w ill., 86 color.

American Motorcyclist Redline Books
The Pantah Desmodue brought Ducati into the modern world of motorcycles. They were immediately more reliable than the earlier bevels, and established a blueprint that continues today. The proliferation of models is such that it can be difficult to

determine the exact specification of an example. This book provides a guide to all of the individual models, their attributes and pitfalls, and what to look for when purchasing. When new, the Ducati Desmodue twins provided state-of-the-art handling and performance, and they still can.

While the history of European ompetition motorcycles has been largely dominated by Italian, British, and German marques, other builders around the continent have also played significant roles from the turn of the century to present. Arranged by nation, this book examines more than two dozen important marques, including Bultaco, CZ, Elf, Husqvarna, KTM, Ossa, Peugeot, and many others. A wealth of rare photography, including a special color section, includes candid shots of the top personalities and the bikes both at rest and at speed.

Ducati Desmoquattro Twins

Motorbooks

The 916 spearheaded the Ducati revival of the 1990s. Introduced at the end of 1993, this product of Massimo Tamburini and the Cagiva Research Centre took the water-cooled four-valve engine of the 851, placing it in an evolutionary chassis with revolutionary styling. The 916 immediately set new standards of performance for twin-cylinder machines, epitomised by its unequalled success in the World Superbike Championship. This book will trace the conception and development of the four-valve Ducati from its first appearance at the Bol d'Or in 1986. By 1990 Raymond Roche gave Ducati their first World Superbike Championship, this being followed by Texan Doug Polen. Star British rider Carl Fogarty then took over the reins, and along with Troy Corser and Troy Bayliss dominated the World Superbike

Championship from 1994 until 2001. Along with the factory racers, all the related four-valve models will be covered in depth, from the initial 851 and 888, to the 748, ST4 and 996. All the variants, including the Sport Production series, will be detailed, along with the rare and beautiful Supermono. This book is the definitive guide to these legendary Ducati models. Ian Falloon is one of the world's leading motorcycle historians. He has more than 40 years experience with motorcycles, spent 25 years writing for magazines around the world, and has written numerous books about motorcycles. He specialises in Italian marques such as Moto Guzzi, Laverda, MV Agusta, and of course, Ducati.

American Motorcyclist Penguin

Dramatically styled, minimalist in stature, yet bristling with innovative engineering, the 900 Monster created a new niche market. This book provides a guide through the maze of Monsters produced over the past 18 years.
