TALIYAH RAMOS

Kusumabale Tata McGraw-Hill Education Shinzo Abe entered politics burdened by high expectations: that he would change Japan. In 2007, seemingly overwhelmed, he resigned after only a year as prime minister. Yet, following five years of reinvention, he masterfully regained the premiership in 2012, and now dominates Japanese democracy as no leader has done before. Abe has inspired fierce loyalty among his followers, coving Japan's left with his ambitious economic program and support for the security and armed forces. He has staked a leadership role for Japan in a region being rapidly transformed by the rise of China and

India, while carefully preserving an ironclad relationship with Trump's America. The Iconoclast tells the story of Abe's meteoric rise and stunning fall, his remarkable comeback, and his unlikely emergence as a global statesman laying the groundwork for Japan's survival in a turbulent century.

This book of oral tales from the south Indian region of Kannada

represents the culmination of a lifetime of research by A. K. Ramanujan, one of the most revered scholars and writers of his time. The result of over three decades' labor, this long-awaited collection makes available for the first time a wealth of folktales from a region that has not yet been adequately represented in world literature. Ramanujan's skill as a translator, his graceful writing style, and his profound love and understanding of the subject enrich the tales that he collected, translated, and interpreted. With a written literature recorded from about 800 A.D., Kannada is rich in mythology, devotional and secular poetry, and more recently novels and plays. Ramanujan, born in Mysore in 1929, had an intimate knowledge of the language. In the 1950s, when working as a college lecturer, he began collecting these tales from everyone he could--servants, aunts, schoolteachers, children, carpenters, tailors. In 1970 he began translating and interpreting the tales, a project that absorbed him for the next three decades. When Ramanujan died in 1993,

the translations were complete and he had written notes for about half of the tales. With its unsentimental sympathies, its laughter, and its delightfully vivid sense of detail, the collection stands as a significant and moving monument to Ramanujan's memory as a scholar and writer.

No country in the world is blessed with a greater variety of forms in music, dance and theatre than ours. One of the theatre forms generally described as folk but possessing a strong classical connection is the Yakshagana. Although the name signifies the music of celestial beings, Yakshagana is an amalgam of the sky with the earth. There is both mystery and robustness about this form in which singing and drumming merge with dancing, and words with gestural interpretation, and players clad in costumes of striking colour and contours. It is the cherished cultural possession of the coastal districts of Karnataka. Dr. K.S. Karanth is the foremost living authority on Yakshagana and has been working on all its

aspects, namely "dance, music, and literature, since 1930. He has led the way to a deep and systematic study of this art form. He has spent decades travelling to remote villages within Karnataka to inspect and study every Yakshagana manuscript, the earliest going back to A.D. 1651. With his fine literary judgement and aesthetic sensibility, he has traced the changing trends in the performance of Yakshagana. He has interacted with hundreds of Yakshagana artistes to find out what customs in training and interpretation had prevailed earlier and had fallen into disuse and deserved to be resuscitated. He has put together his findings in the shape of two standard books

Yakshagana Bayalata (1958) in Kannada, and *Yakshagana in Kannada and English* (1975). The present volume is a revised edition of the earlier book, with additional material and illustrations. It is hoped that the book will provide valuable insights into one of the most attractive and dynamic art forms of our land, as well as into a penetrative mind.

“Mom. What is wisdom?”
a girl asked. Her mother
showed a jar in the
kitchen and queried
whether she would eat a
cup of sugar from it. “No”
aid the girl. “How about
eating few raw eggs or
Maida?” The girl was
confused. Her mother
continued: “But you love
to eat the mixture of
those ingredients, called
'cake'. Same way, wisdom
is the final product,
ingredients being
intelligence, knowledge,
skill, logic, Reflex actions,
Lateral thinking, Common
sense, Rational thinking,
Answering under tension,
Presence of mind,
Communication,
Spontaneity, Art of
listening, understanding
and speaking. Individually
they are not effective, but
combined together, they
formulate wisdom.
Unfortunately no
educational institution
teaches them”.
“Mathematics is the
poetry of logical ideas”

said Newton. To solve a
mathematical equation,
first devise a plan. Draw
the nearest and correct
route to the answer. If you
fail to reach the target,
use other variables. This
applies to management
accounts, statistics,
costing... and life also.
'Wisdom' mainly
comprises of memory and
intelligence. When a
student solves a
mathematical equation
faster than others, he is
normally said to be
intelligent. When a
student is good in history
or biology, he is
industrious. Mastering
maths involves three
steps. Understanding the
problem / Practice
(solving innumerable
types of problems) /
Application (solving a
particular problem in
different ways). I was a
member in interview
panels of some reputed
organisations. Many
intelligent candidates also
used to be nervous. They
were unable to answer
simple questions due to
negative cortisol, a neuro-
transmitter that is
released in the brain
when you are nervous.
For a simple question like
“Are you a bachelor or
unmarried?” instead of
answering 'both' (if he is
so), the candidate said, “I
am a bachelor”. Many

students fear maths. Once
you understand the basic
formulas and elementary
theorems, mathematics is
one of the most
interesting subjects.
Studying math is different
from other subjects, as
'study' is of two types,
Active and Passive.
Mathematics is an active
study. Whenever you are
bored or feel sleepy,
engage in mathematics.
Unlike other subjects,
each 'step' in maths is
built on the previous
lesson. For example,
unless you are well versed
with algebra, you don't
understand logarithms.
Irrespective of whether
you are a 5th standard
student or a Post
graduate in Mathematics,
this book suits you.
Solving puzzles in this
book reduces over-
confidence, and develops
wisdom. It quickens reflex
actions and eases tension.
Here are 300 puzzles.
Give one puzzle every day
and ask your student (or
child) to work on it. Some
of these questions test
the capacity to hold your
nerve under pressure.
Don't feel dismayed even
if you are not able to
answer some of them.
Optimism knows what the
'tips' are, but success
knows where the 'pits'
are. Know the pits first.
This book shows your

deficiencies, and encourages locating your sphere of weakness. Tease your friends with these questions. Request your parents to ask you these riddles and win a bet for correct answer. And finally... Many of these puzzles are from internet and are not my own. I modified many of them to nativity, included additional explanations for complicated questions, and added some of my own. My intention is to pool all varieties of puzzles, categorise them into groups and present them to the students. I also included few cine-artists and cricketers names to make it more interesting. I thank Ms Prasanna Vanamala, Uday Srinivasula for assisting me to finalise this book. - Author.

A drug addict is attacked during the early hours of the morning on the railway tracks near Churchgate station, which leaves a number of

attackers dead and the junkie barely holding on to his life as he is brought to the government hospital and is kept under close guard. A reporter is given the story to cover. Initially unmotivated by what she thinks is just a waste of time, a meeting with one of the hospital staff, who gives her a photograph, makes her realise that there is lot more to the attack than what meets the eye. As she unsuccessfully searches for clues, she eventually arrives at a run-down bar in the heart of Colaba market and begins the interview of the resident, the in-house drunk, who might have some answers. What follows is a story of Bombay and the underworld, looked at from an angle that the reporter never thought existed. Through a haze of cigarettes and beer, the alcoholic weaves an impossible tale, as it becomes clear that the junkie in the hospital has been targeted for termination by the police assigned to protect him, and the reporter realizes that she is in a race against time to find the answers that might save his life. Through twists and turns the reporter is taken on a mind-bending

journey that starts in the south Bombay neighbourhood of Colaba and moves through the battlefields of the Iran-Iraq war of the 80s, to the Tamil Tigers of Sri Lanka and the communal riots in Bombay during the 90s, and tells the extraordinary story of Wastra, a figure of legend and smoke and mirrors. As the story reaches an explosive climax, the reporter finds that the sting in the tale might be more than what she bargained for, as the shades are pulled aside and she faces an unenviable choice.

Recently separated from his nagging, ill-tempered wife of thirteen years, millionaire businessman Mohan Kumar decides to reinvent his life.

Convinced that 'lust is the true foundation of love', he embarks on an audacious plan: he will

advertise for paid lady companions to share his bed and his life. Thus begins his journey of easy, unbridled sexuality in the company of some remarkable women. There is Sarojini Bharadwai, the demure professor from small-town Haryana who surprises Mohan with her ardour and sexual energy; Molly Gomes, the free-spirited masseuse from Goa, mistress of the sensual impulse; and Susanthika Goonatilleke, the diminutive seductress from Sri Lanka. After each affair ends and before the next begins, Mohan finds solace in the practiced charms of his obliging maid, Dhanno, and in the memories of his first lovers: the American Jessica Browne, to whom he lost his virginity, and the Pakistani Yasmeen Wanchoo, who brought him the heady passion of an older woman. In *The Company of Women*, Khushwant Singh, India's most widely read author, has produced an uninhibited, erotic and endlessly entertaining celebration of love, sex and passion.

"Who was Vatsyayana? What motivated this

intriguing personality in the third century to compile ancient erotic texts, replete with his witty aphorisms, into the Kama Sutra, the ultimate treatise on love and the art of lovemaking? Kama is a fictionalised account of the life and times of Vatsyayana. Seemingly, a manual for the hedonist about town, the Kama Sutra reveals another tale—written in blood—of broken hearts, lyrical violence, ageless love, and unbridled lust! Set in 273 AD, in a land fraught with war and unrest, Kama is the story of a catastrophic day in a writer-artist's life that sets him off on a journey unto himself, beyond the boundaries of love, family and betrayal. This fast-paced story of tragedy and triumph beguiles and captivates as it flits seamlessly between an agonising past, an erotic present and a cataclysmic future."

Developing Right Brain

Thomas Telford

Human life is precious.

But our everyday

experience often tends to

make us drift from this

universal truth. Likewise,

the treasure that lies in

the human hearts often

gets enshrouded by

outwardly expositions.

Events in lives that

entwine these facts find dramatic presentations in the stories which the author has put in this collection for the reader to relish. The love for nature, which is not always kind, often peeps in the depictions even as the reader wonders what

next. Why a victimized poor man feels compassionate towards a rich lady of high social status, or how a man confronts a completely exotic world in a place where he is not a newcomer, or what comes unexpectedly as a true gift, awaits fascinating

revelation. Why Nitish speaks of terra incognita, or Lumla sheds tears for rich city dwellers, or Sarita hesitates to aim her revolver at the attacker, opens up as the reader goes on savouring the gradual unfurling of the stories.
