 Techniques Of Documentation In Research
 Parenthetical Documentation .
 Joseph F. Trimmer "You may decide to vary the pattern of documentation by presenting the information from a source and placing the author's name and page number in parentheses at the end of the sentence. This method is particularly

useful if you have already established the identity of your source in a previous sentence and now want to develop the author's idea in some detail without having to clutter your sentences with constant references to his or her name.
 Documentation in Research Papers - ThoughtCo
 Techniques Of Documentation In Research
 In a report or research paper, documentation is the evidence provided for information and ideas borrowed from others. That evidence includes both primary sources and secondary sources . There are numerous documentation styles and formats, including MLA style (used for research in the humanities), APA style
