He must marry, or risk his  
fortune. The whole of  
London Society has long  
assumed Lord William  
Hartwell will marry his  
childhood best friend,  
Lady Rebecca Warrington.  
After two Seasons,  
Hartwell remains quite  
content with

bachelorhood--his parents  
do not. When Hartwell  
learns they intend to cut  
his purse strings unless he  
makes a match this  
Season, he resigns  
himself to a marriage of  
convenience with Becca,  
and yet he can't help but  
be drawn to her younger  
brother, Warry. He must  
marry, or risk his sister's  
ruin. The Viscount "Warry"  
Warrington is used to  
being viewed as the  
tagalong little brother.  
Now a grown man about  
to enter his second  
Season, Warry is  
desperate to be seen.  
When Lord Balfour, a  
handsome older peer,  
takes Warry under his  
wing, Warry thinks his  
dream is finally coming  
true. Until Balfour reveals  
his true intent-to make  
public a letter that will  
destroy Becca's  
reputation, unless Warry  
agrees to marry him. Time  
is running out for both of  
them. When an injury  
forces Warry to recover at  
Hartwell House, the two

succumb to a secret  
flirtation. But Warry's  
sudden announcement of  
his engagement to Balfour  
drives Hartwell near mad  
with jealousy-and right  
into Becca's arms. With  
the clock ticking for Warry  
to save his sister, will  
Hartwell discover the  
truth of Warry's feelings  
before it's too late? *A  
Husband for Hartwell* is  
the first book in the Lords  
of Bucknall Club series,  
where the Regency meets  
m/m romance.

**308 Circuits** Pauline Kids  
Attila the Stockbroker has  
travelled the world for ten  
years, taking his highly  
individual, fiery cocktail of  
energetic performance  
poetry, hardcore  
minimalist folk-rock  
anthems (accompanied by  
his trusty mandola,  
Nelson) and surreal  
political satire from  
Shoreham Harbour to  
Sydney Harbour, from  
Harlow to Helsinki, via  
Leipzig, Vancouver,  
Auckland, Amsterdam and  
Tirana - not to mention

Slough! Scornflakes is Attila's second book of poems, the follow-up to 1985's Cautionary Tales for Dead Commuters... Inspiration by Hilaire Belloc. Clothes sense by The Levellers. Holder of a poetic licence for a minstrel cycle, Attila's other interests include lugworms, cultivating coriander plants and 'attempting to control the growth of other vegetables, especially Tory C2s'. In Britain, Attila has done substantial work for The Guardian and Radio Four, written for the music press (ha!) and even stranger publications, and made considerable numbers of sporadic and often unlikely radio and TV appearances from John Peel to Pebble Mill. He's a regular at events such as the Edinburgh Fringe and Glastonbury Festival, and performs at every conceivable type of venue - arts centres, rock gigs, poetry festivals, comedy clubs... He has released five LPs in the UK - most recently Scornflakes and Donkeys' Years - and has also had albums issued in Canada, Australia, New Zealand and Germany. His most recent release is an Antipodean CD called 668 - Neighbour of the Beast. Scornflakes is

illustrated with cartoons by Womble.

**Frayed Silk** Hachette UK This book celebrates Carlos Almaraz, one of the most influential Los Angeles artists of the 1970s and 1980s. *Playing with Fire: Paintings by Carlos Almaraz* is the first full length monograph devoted to an artist known for both his politically engaged cultural production as well as his vibrant, highly sought-after studio art, particularly his scenes of car crashes and pastoral depictions of L.A.'s Echo Park. Among the leading figures whose artistic, cultural, and political motivations catalyzed the Chicano Art movement in the 1970s, Almaraz began his career with works for the United Farm Workers and cofounded the important artists collective Los Four. Although he saw himself as an activist, Almaraz straddled multiple--and often contradictory--identities that drew from divergent cultures and approaches, and his work became less overtly political and more personal, psychological, dreamlike, and even mystical as he evolved artistically. The book features more than 60 works, mostly from the

late 1970s through 1989, the year of the artist's untimely death at age 48, as well as selections from his journals and recollections from numerous colleagues and friends who knew him throughout his career.

Today's moviegoers and critics generally consider some Hollywood products--even some blockbusters--to be legitimate works of art. But during the first half century of motion pictures very few Americans would have thought to call an American movie "art." Up through the 1950s, American movies were regarded as a form of popular, even lower-class, entertainment. By the 1960s and 1970s, however, viewers were regularly judging Hollywood films by artistic criteria previously applied only to high art forms. In *Hollywood Highbrow*, Shyon Baumann for the first time tells how social and cultural forces radically changed the public's perceptions of American movies just as those forces were radically changing the movies themselves. The development in the

United States of an appreciation of film as an art was, Baumann shows, the product of large changes in Hollywood and American society as a whole. With the postwar rise of television, American movie audiences shrank dramatically and Hollywood responded by appealing to richer and more educated viewers. Around the same time, European ideas about the director as artist, an easing of censorship, and the development of art-house cinemas, film festivals, and the academic field of film studies encouraged the idea that some American movies--and not just European ones--deserved to be considered art.

Poe is confused - he hunts serial killers and this appears to be a straightforward murder-by-pimp - but his attendance was requested personally, by the kind of people who prefer to remain in the shadows. As Poe and the socially awkward programmer

Tilly Bradshaw delve deeper into the case, they are faced with seemingly unanswerable questions: despite being heavily vetted for a high-profile job, why does nothing in the victim's background check out? Was it record levels of imprisonment? An abatement of the crack cocaine epidemic? More police using better tactics? Or even the effects of legalized abortion? And what can we expect from crime rates in the future? Franklin E. Zimring here takes on the experts, and counters with the first in-depth portrait of the decline and its true significance. The major lesson from the 1990s is that relatively superficial changes in the character of urban life can be associated with up to 75% drops in the crime rate. Crime can drop even if there is no major change in the population, the economy or the schools. Offering the most reliable data available, Zimring documents the decline as the longest and largest since World War II. It ranges across both violent and non-violent offenses, all regions, and every demographic. All Americans, whether they live in cities or suburbs, whether rich or poor, are

safer today. Casting a critical and unerring eye on current explanations, this book demonstrates that both long-standing theories of crime prevention and recently generated theories fall far short of explaining the 1990s drop. A careful study of Canadian crime trends reveals that imprisonment and economic factors may not have played the role in the U.S. crime drop that many have suggested. There was no magic bullet but instead a combination of factors working in concert rather than a single cause that produced the decline. Further--and happily for future progress, it is clear that declines in the crime rate do not require

fundamental social or structural changes. Smaller shifts in policy can make large differences. The significant reductions in crime rates, especially in New York, where crime dropped twice the national average, suggests that there is room for other cities to repeat this astounding success. In this definitive look at the great American crime decline, Franklin E. Zimring finds no pat answers but evidence that even lower crime rates might be in store.
