*Catherine the Great, a Golden Age Masterpiece, and a Legendary Shipwreck* Simon and Schuster

As a boy growing up in rural Arkansas, Bob Brewer often heard from his uncle and his great-uncle about a particular tree in the woods, the "Bible Tree," filled with strange carvings. Years later he would learn that this tree was carved with symbols associated with the Knights of the Golden Circle, a Civil War era secret society that had buried gold coins and other treasure in various remote locations across the South and Southwest in hopes of someday funding a second War Between the States. These secret caches were guarded by sentinels, men whose responsibility it was to watch and protect these sites. To his astonishment, Bob discovered that both his uncle and his great-uncle had been twentieth-century sentinels, and that he had grown up near an important KGC treasure site. In *Shadow of the Sentinel*, Bob Brewer and investigative journalist Warren Getler tell the fascinating story of the Knights of the Golden Circle and the hidden caches the KGC established across the country. Brewer reveals how, with agonizing effort, he eventually deciphered the fiendishly complicated KGC codes and ciphers, which drew heavily on images associated with Freemasonry. (Many of the key KGC post-Civil War leaders were Scottish Rite Masons, who used the cover of that secret fraternity to conduct their activities.) Using his knowledge of KGC symbolism to crack coded maps, Brewer has located several KGC caches and has recovered gold coins, guns, and other treasure from some of them. *Shadow of the Sentinel* is the most comprehensive account yet of the activities of the KGC after the Civil War and, indeed, into the 1900s. Getler and Brewer suggest that the clandestine network of KGC operatives was far wider than previously thought, and that it included Jesse James, the former Confederate guerrilla whose stage and bank robberies helped to fill KGC treasure chests. This is a rousing and provocative adventure that weaves together one man's personal quest with an intriguing, little-known chapter in America's hidden history.

Incorporating seven years of photography and research, Krista Schlyer portrays life along the Anacostia River, a Washington, DC, waterway rich in history and biodiversity that has nonetheless lingered for years in obscurity and neglect in our nation's capital. River of Redemption offers an experience of the river that reveals its eons of natural history, centuries of destruction, and decades of restoration efforts. The story of the Anacostia echoes the story of rivers across America. Inspired by Aldo Leopold's classic book, *A Sand County Almanac*, Krista Schlyer evokes a consciousness of time and place, taking readers through the seasons in the watershed as well as through the river's complex history and ecology. As with rivers nationwide, the ways we've changed the Anacostia affect the people and wildlife that inhabit its shores, from the headwaters in Maryland, past its confluence with the Potomac River, and ultimately to the Chesapeake Bay. Centuries of abuse at the hands of people who have altered the landscape and mistreated the waterway have transformed it into a polluted, toxic soup unfit for swimming or fishing. The forgotten river is both a reminder of the worst humanity can do to the natural landscape and a wellspring of memory that offers a roadmap back to health and well-being for watershed residents, human and non-human alike. Blending stunning photography with informative and poignant text, *River of Redemption* offers the opportunity to reinvent our role in urban ecology and to redeem

our relationship with this national river and watersheds nationwide.

A riveting history and maritime adventure about priceless masterpieces originally destined for Catherine the Great. On October 1771, a merchant ship out of Amsterdam, *Vrouw Maria*, crashed off the stormy Finnish coast, taking her historic cargo to the depths of the Baltic Sea. The vessel was delivering a dozen Dutch masterpiece paintings to Europe's most voracious collector: Catherine the Great, Empress of Russia. Among the lost treasures was *The Nursery*, an oak-paneled triptych by Leiden fine painter Gerrit Dou, Rembrandt's most brilliant student and Holland's first international superstar artist. Dou's triptych was long the most beloved and most coveted painting of the Dutch Golden Age, and its loss in the shipwreck was mourned throughout the art world. *Vrouw Maria*, meanwhile, became a maritime legend, confounding would-be salvagers for more than two hundred years. In July 1999, a daring Finnish wreck hunter found *Vrouw Maria*, upright on the sea floor and perfectly preserved. The *Tsarina's Lost Treasure* masterfully recounts the fascinating tale of *Vrouw Maria*—her loss and discovery—weaving together the rise and fall of the artist whose priceless masterpiece was the jewel of the wreckage. Gerald Easter and Mara Vorhees bring to vivid life the personalities that drove (and are still driving) this compelling tale, evoking Robert Massie's depiction of Russian high politics and culture, Simon Schama's insights into Dutch Golden Age art and art history, Gary Kinder's spirit of, danger and adventure on the beguiling Archipelago Sea.
