A comprehensive study guide divided into four distinct sections, each representing a section of the official GMAT.

The Art of Raising a Puppy Rodale Books  
"A story of money, family, who you can trust, and the extremes to which one will go for blood. I couldn't put it down." —Lisa Ling, host of CNN's This Is Life Keep your family close and your enemies closer. Beth is the darling of God Halsa, a pharmaceutical giant, and she's got the outrageous salary and lifestyle to prove it. Until she lands in white-collar women's prison, thanks to a high-profile whistleblower suit. Sam, Beth's husband, used to be the town's most eligible bachelor, and he's never had to do anything for himself. Until his wife goes to jail, and he's left to raise two daughters on his own. Lise, the au pair, is the whistleblower. But is she? Everyone knows she's not clever enough to have done it alone. Hannah, Sam's sister, is devoted to her family. There's nothing she wouldn't do for them. Eva, Beth's sister, is the smart one. (Read: not the pretty one.) Her life seems perfect on the surface, but sibling rivalry runs deep. Martin, Beth's brother, is the firstborn, the former golden boy turned inside-the Beltway businessman. But what is he hiding? Someone knows something. Someone betrayed Beth. This is the story of the Min-Lindstroms. This is the story of the all-American family as it implodes under the weight of secrets, lies and the unchecked desire for wealth and power. A.H. Kim is an immigrant, graduate of Harvard College and Berkeley Law, lawyer, and mother of two sons. She lives in San Francisco with her husband. A Good Family is her first novel. Don't miss A.H. Kim's next exciting family drama, *Relative Strangers!*

Florida Howell Book House

You might say that author Anne Miller is like a homeowner who strikes oil while digging a ditch in the backyard. In this book, she shares knowledge she refined from more than 20 years of distilling metaphors. Her book leaves little doubt that metaphors can fuel the engines of your sales success. Its pages are full of colorful, persuasive anecdotes and analogies that follow one another like racecars coming out of Turn Four at Daytona. If you doubt whether her advice will apply to the rubber-meets-the-road realities of sales, just take Miller's ideas out for a test drive. Her primary expertise is in presentations, not sales, which may explain why her roadmap (note the extended metaphor) to success is so much more creative than most sales advice. Miller's book leaves many other tomes in the dust. getAbstract.com thinks sales professionals who read this book and master the art of the metaphor should get ready to take a victory lap or two. *The Other End of the Leash* Crown "Learn how to identify question types, simplify arguments, and eliminate wrong answers efficiently and confidently. Practice the logic skills tested by the GMAT and master proven methods for solving all Critical Reasoning problems"--Page 4 of cover.

\*\*Please note that Dogwise does not endorse all of the training methods used in this book; it is a historical document and an early example of modern dog training. Today's dog trainer can trace the roots of

modern training to Training Dogs by Colonel Konrad Most. Written in Germany in 1910, Training Dogs influenced how both dogs and trainers were taught in Europe and the United States for the next 50 years! It contains valuable and historically significant information, a true classic. 21st century trainers and behaviorists will find it amazing to realize that early in the 20th century Konrad Most was using and applying behavioral training principles with dogs long before B.F. Skinner! Most also created systematic and scientific methods to teach trainers how to train dogs with his " Theory of Training." While Most's methods may be viewed as harsh by modern dog trainers, the theory behind it was revolutionary for it's time and it is still applied today. Discover the roots of behavioral training Seeing the world from a dog's point of view. Utilizing instinctual behavior in training such as the prey drive. Use of compulsion and inducements. Use of primary and secondary reinforcers. Learn how Most Taught Obedience exercises including the recall, jumping and retrieving. Guard and schutzhund training. Reconnaissance and tracking; scent theory. Water work for hunting dogs. Dogs for the blind. Here is what today's dog trainers say about Training Dogs Most demonstrated an understanding of operant conditioning concepts such as primary and secondary reinforcement, shaping, fading and chaining 28 years before the publication of B.F. Skinner's The Behavior of Organisms. He differentiated between primary and secondary reinforcers. He used his voice and soft tones as secondary inducements, much the way some trainers use clicks today. Mary Burch & Jon S. Bailey authors of How Dogs Learn Although some of Most's methods seem archaic and harsh in this enlightened age of positive training, some of the theory he set forth was years ahead of its time. Knowing where training came from helps us appreciate where we are today. Sheila Booth author of Purely Positive Training and co-author of Schutzhund Obedience Training in Drive Konrad Most was a police dog, war dog and seeing-eye dog trainer in Germany for the first half of the 20th Century. He trained dogs in World Wars I AND II and created curricula for trainers. He was a researcher in the field of canine psychology and trained dogs for virtually every use during his long career.

### **Training Dogs** Worldwide Information Publishing

Training the Best Dog Ever, originally published in hardcover as The Love That Dog Training Program, is a book based on love and kindness. It features a program of

positive reinforcement and no-fail techniques that author Dawn Sylvia-Stasiewicz used to train the White House dog, Bo Obama, and each of Senator Ted Kennedy's dogs, among countless others. Training the Best Dog Ever relies on trust and treats, not choke collars; on bonding, not leash-yanking or reprimanding. The five-week training program takes only 10 to 20 minutes of practice a day and works both for puppies and for adult dogs that need to be trained out of bad habits. Illustrated with step-by-step photographs, the book covers hand-feeding; crate and potty training; and basic cues—sit, stay, come here—as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct typical behavior problems, including jumping, barking, and leash-pulling. Plus: how to make your dog comfortable in the world—a dog that knows how to behave in a vet's office, is at ease around strangers, and more. In other words, the best dog ever.

**Paws to Consider** John Wiley & Sons Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices

and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

**Holistic Guide for a Healthy Dog** Penguin The authors of "Good Owners, Great Dogs" provide the straight scoop on selecting the perfect dog for one's lifestyle and personality. Photos.

**The Genius of Dogs** Workman Publishing For almost twenty years, dog owners have turned to this compact guide for sensible, step-by-step advice how to housebreak their beloved pets—in just one week! Now revised and updated, pet expert Shirlee Kalstone's foolproof method for housebreaking your dog is available with a fresh new look and up-to-date information. Whether your dog is a puppy or getting on in years, whether your goal is to housebreak, paper train, or litter train, this practical, easy-to-follow plan will help you transform your pet into a dependable member of the household—in a way that works with both his innate behavioral instincts and your individual lifestyle. You'll never again have to worry about your dog acting out, feeling anxious or depressed—or ruining your brand-new rug—as you discover: • The simple secret of successful housebreaking—understanding your dog as a den dweller • Step-by-step programs tailored to both apartment dwellers and home owners, as well as to people who go to work, versus those who are home all day • Schedules for training puppies and (re)training adult dogs • How to identify your dog's natural behavioral rhythms—and use them to your advantage • How to cope with housebreaking lapses, marking territory, separation anxiety, and health problems • The power of praise and positive reinforcement, not punishment Including sample schedules and timetables, and a list of related resources and websites, here is the essential, proven advice that will make training a pleasure, for both you and your dog.

The perfect resources for Labradoodle lovers These friendly, energetic, and charming dogs came into existence in 1988 when a breeder looking for a service dog sought to combine the low-shedding coat of the poodle with the gentleness and eager-to-please trainability of the Labrador Retriever. The result? A breed that is now often used as a guide dog, allergen-free pet, and beloved family member. B.E.S. Complete Pet Owner's Manual on the Labradoodle will teach you how to make life with your delightful, funny, and smart dog both comfortable and enjoyable. Includes information on housing, health care, behavior, training, grooming, and more. This must-have manual offers important advice and tips for keeping your newest family member happy and healthy. Includes lots of color photographs.

From Burnout to Balance Bantam

Real-world writing advice, minus all the lectures. You're an aspiring writer. Maybe you've just discovered your love of words and dream of being a novelist someday. Maybe you've been filling notebooks with science-fiction stories since middle school. Maybe you're contemplating a liberal arts degree, but you don't know what the heck you're going to do with it. The last thing you need is another preachy writing manual telling you how you should write. This book isn't a writing manual. It is a series of candid and irreverent essays on the writing life, from a writer who's lived it. Kerri Majors shares stories from her own life that offer insights on the realities all writers face: developing a writing voice, finding a real job (and yes, you do need to find one), taking criticism, getting published, and dealing with rejection. Don't have enough time to write? Learn how to plan your days to fit it all in. Not sure how your guilty pleasures and bad habits translate into literature? Kerri explains how soap operas and eavesdropping can actually help your writing. Need a reader for your first novel? Find a writing buddy or a writing group that will support you. Nervous about submitting your first piece? Learn from Kerri's own roller coaster journey to find an agent and get published. This Is Not a Writing Manual is the writing memoir for young writers who want to use their talents in the real world. ATTENTION TEACHERS! The Teacher's Edition for This Is Not a Writing Manual is now available! This FREE supplemental PDF includes a series of lesson plans and writing class

essentials that will improve the writing of students in middle and high school--and beyond. To access, e-mail us at [writersdigest@fwmedia.com](mailto:writersdigest@fwmedia.com) to receive your free download, or visit Kerri Majors's website.

The perfect gift for dog lovers and readers of *Inside of a Dog* by Alexandra Horowitz—this New York Times bestseller offers mesmerizing insights into the thoughts and lives of our smartest and most beloved pets. Does your dog feel guilt? Is she pretending she can't hear you? Does she want affection—or just your sandwich? In their New York Times bestselling book *The Genius of Dogs*, husband and wife team Brian Hare and Vanessa Woods lay out landmark discoveries from the Duke Canine Cognition Center and other research facilities around the world to reveal how your dog thinks and how we humans can have even deeper relationships with our best four-legged friends. Breakthroughs in cognitive science have proven dogs have a kind of genius for getting along with people that is unique in the animal kingdom. This dog genius revolution is transforming how we live and work with dogs of all breeds, and what it means for you in your daily life with your canine friend.

*A Good Family* Ballantine Books

A stunning account of life behind bars at the federal penitentiary in Leavenworth, Kansas, where the nation's hardest criminals do hard time. "A page-turner, as compelling and evocative as the finest novel. The best book on prison I've ever read."—Jonathan Kellerman The most dreaded facility in the prison system because of its fierce population, Leavenworth is governed by ruthless clans competing for dominance. Among the "star" players in these pages: Carl Cletus Bowles, the sexual predator with a talent for murder; Dallas Scott, a gang member who has spent almost thirty of his forty-

two years behind bars; indomitable Warden Robert Matthews, who put his shoulder against his prison's grim reality; Thomas Silverstein, a sociopath confined in "no human contact" status since 1983; "tough cop" guard Eddie Geouge, the only officer in the penitentiary with the authority to sentence an inmate to "the Hole"; and William Post, a bank robber with a criminal record going back to when he was eight years old—and known as the "Catman" for his devoted care of the cats who live inside the prison walls. Pete Earley, celebrated reporter and author of *Family of Spies*, all but lived for nearly two years inside the primordial world of Leavenworth, where he conducted hundreds of interviews. Out of this unique, extraordinary access comes the riveting story of what life is actually like in the

oldest maximum-security prison in the country. Praise for *The Hot House* "Reporting at its very finest."—Los Angeles Times "The book is a large act of courage, its subject an important one, and . . . Earley does it justice."—The Washington Post Book World "[A] riveting, fiercely unsentimental book . . . To [Earley's] credit, he does not romanticize the keepers or the criminals. His cool and concise prose style serves him well. . . . This is a gutsy book."—Chicago Tribune "Harrowing . . . an exceptional work of journalism."—Detroit Free Press "If you're going to read any book about prison, *The Hot House* is the one. . . . It is the most realistic, unbuffed account of prison anywhere in print."—Kansas City Star "A superb piece of reporting."—Tom Clancy

Sourcebooks, Inc.

Can we ever escape our secrets? Kate Moore's quiet Luxembourg days are filled with playdates and coffee mornings, her weekends in Paris and skiing the Alps. But Kate is also guarding a tremendous secret—one that's becoming so unbearable it begins to unravel her new expat life. She suspects that another American couple are not who they claim to be, her husband is acting suspiciously, and as she travels around Europe, she finds herself looking over her shoulder, increasingly terrified that her own past is catching up with her. As Kate begins to dig, to uncover the secrets of the people around her, she finds herself buried in layers of deceit so thick they threaten her family, her marriage, and her life.
