How parents and educators can teach kids to love reading in the digital age Everyone agrees that reading is important, but kids today tend to lose interest in reading before adolescence. In *Raising Kids Who Read*, bestselling author and psychology professor Daniel T. Willingham explains this phenomenon and provides practical solutions for engendering a love of reading that lasts into adulthood. Like Willingham's much-lauded previous work, *Why Don't Students Like School?*, this new book combines evidence-based analysis with engaging, insightful recommendations for the future.

Intellectually rich argumentation is woven seamlessly with entertaining current cultural references, examples, and steps for taking action to encourage reading. The three key elements for reading enthusiasm—decoding, comprehension, and motivation—are explained in depth in *Raising Kids Who Read*. Teachers and parents alike will appreciate the practical orientation toward supporting these three elements from birth through adolescence. Most books on the topic focus on early childhood, but Willingham understands that kids' needs change as they grow older, and the science-based approach in *Raising Kids Who Read* applies to kids of all ages. A practical perspective on teaching reading from bestselling author and K-12 education expert Daniel T. Willingham Research-based, concrete suggestions to aid teachers and parents in promoting reading as a hobby Age-specific tips for developing decoding ability, comprehension, and motivation in kids from birth through adolescence Information on helping kids with dyslexia and encouraging reading in the digital age Debunking the myths about reading education, *Raising Kids Who Read* will empower you to share the joy of reading with kids from preschool through high school.

When is a mouse not a mouse? When he's a tiger of course! This funny story is all about being who you want to be! This is a story about a mouse with BIG ideas. Mouse believes he is a tiger, and he convinces Fox, Raccoon, Snake, and Bird he's one, too! After all, Mouse can climb a tree like a tiger and hunt for his lunch, too. And not all tigers are big and have stripes. But when a real tiger shows up, can Mouse keep up his act? With hilarious text by Karl Newson and bright and vivid illustrations from Ross Collins, this uproariously funny, read-aloud picture book encourages children to use their imaginations and be who they want to be! Doesn't everyone want to be a tiger?

*Bound for Oregon* Penguin

"The course of true love never did run smooth." --William Shakespeare When the prince spies Rapunzel high in her tower, he's convinced she is the

girl of his dreams. Of course he thinks he can save her the traditional way, but this is no traditional Rapunzel. She throws down everything but what the princ asks for--including a surprise that makes all his dreams come true. A hilarious fractured fairy tale with clever page-turns and vibrant, eclectic art that is perfect for funny Valentine's Day story hours.

*Raising Kids Who Read* Penguin

"Basing her story on the published accounts of her true-life heroine, Mary Ellen Todd, Van Leeuwen describes a family's tumultuous journey along the Oregon Trail in 1852." --Publishers Weekly With only a guide book to show them the way, the Todd family sets out from their Arkansas home on a two thousand mile trek to claim unchartered Oregon Territory. Crossing rough terrain and encountering hostile people, the Todds show their true pioneering spirit. But as winter draws near, will the Todds have the strength to complete their journey? And if they make it, will Oregon fulfill their dreams? "This is a convincing picture of a pioneer journey that does a good job of showing the tremendous sacrifices people made to follow their dream of a better life." --School Library Journal

**Week-By-Week Homework: Reading Comprehension Grade 3** Scholastic Incorporated

At last, the solution for getting disorganized boys back on track. Missed assignments. Lack of focus and enthusiasm. Falling grades. For too many boys and their frustrated parents, these are the facts of life. But they don't have to be. Top academic coueslor Ana Homayoun has helped turn even the most disorganized, scattered, and unfocused boys into successful young people who consistently meet their personal and academic challenges. She does this by getting back to basics--starting with a simple fact: Most boys needs to be taught how to get organized, how to study, and-- most important--how to visualize, embrace and meet their own goals. With an accessible and no-nonsense approach, Homayoun shows how to: ?Identify their son's disorganizational style ?Help him set academic and personal goals he cares about ?Design and establish the right "tools of the trade" ?Complete assignments without pulling all-nighters ?Help him tune out social pressure and fend off anxiety Much more than a study guide, this insightful, user-friendly book provides a roadmap for the success too many boys have trouble finding--in school and in life.

*Falling for Rapunzel!* Teaching Resources

With improvements in the treatment of HIV disease, gay men in great numbers are surviving--and thriving--into middle and older age. While increased longevity brings new hope, it also raises unanticipated challenges, particularly for gay men who never thought they would live this long: How do I deal with all the physical changes? Who can I rely on as I get older? Is a relationship still in the cards for me? What about sex? How should I prepare for old age? A one-of-a-kind guide for gay men aging with HIV, *Aging with HIV* offers an upbeat, down-to-earth approach for adapting to change, whether driven by age, AIDS, or both. Psychotherapist James Masten and physician James Schmidtberger shed light on the many common assumptions and fears of aging with HIV. *Aging with HIV* provides concrete solutions for facing midlife with a positive outlook, offering a wealth of advice for breaking unhealthy habits and coping mechanisms. The book describes the nine changes common to gay men as they age with HIV, discusses the four challenges of aging, and offers a unique ten-step path to optimal aging with HIV, helping the reader to tailor the book's suggestions to the realities of their lives. Woven throughout the book are first-person narratives from men who recount what worked--and did not work--for them. In addition, Rapid Research, Fast Fact, and Self-Reflection boxes highlight the latest research and challenge readers to take stock of the present--and plan for the future. An invaluable tool to keep handy and to refer to often, *Aging with HIV* is an inviting, confident companion to navigating midlife and beyond with HIV.

*Homework Hassles* Penguin

The #1 New York Times bestseller. Over 4 million copies sold! *Tiny Changes, Remarkable Results* No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight,

reduce stress, or achieve any other goal.
