THE BOOK OF

BULLEH SHAH
Translation &
Introduction
Paul Smith
Bulleh Shah
(1680-1758)
was a Sufi
poet who
composed in

Punjabi and
settled in
Kasur, now in
Pakistan. His
Spiritual
Master was
Shah Inayat.
The poetic
form Bulleh

Shah is called the Kafi, a style of Punjabi poetry used not only by the Sufis of Sindh and Punjab, but also by Sikh gurus. His poetry and philosophy strongly criticizes the Islamic religious orthodoxy of his day. His time was marked with communal strife between Muslims and Sikhs. But in that age Bulleh Shah was a beacon of hope and peace for the citizens of the Punjab. Several of his

songs or kafis are still regarded as an integral part of the traditional repertoire of qawwali, the musical genre that represents the devotional music of the Sufis. Introduction on his Life, Times & Poems & on Sufis & Dervishes: Their Art & Use of Poetry, Selected Bibliography, Two Appendixes on his Life & Poetry & Influence. An unprecedented historical account of undivided Punjab, from the death of Aurangzeb to the Partition. For centuries, the fertile land of five rivers in the north of the Indian subcontinent was coveted by numerous empires and invaders. In this, the first major account of undivided Punjab, award-winning historian, biographer and scholar, Rajmohan

Gandhi, gives us its history during its most tumultuous phase from the death of Aurangzeb, in the early eighteenth century, to its brutal partition in 1947, coinciding with the departure of the British. Relying on fresh sources as well as previous accounts provided from opposing perspectives, the author fashions a compelling narrative about the great events

of the time in the region - the battles and tragedies that routinely disrupted the lives of ordinary Punjabis, the sacking of iconic cities like Lahore, Amritsar, Multan and Jalandhar by a succession of conquerors, the ravages wrought by invaders like Nadir Shah, the rise of the Sikhs culminating in the storied reign of Maharaja Ranjit Singh, Britain's successful wars against the Sikh

kingdom, the Great Rebellion of 1857 and its effect on Punjab, imperialist machinations, the influence on the people by leaders of the independence movement like Mahatma Gandhi, Muhammad Ali Jinnah and Lala Lajpat Rai, as also key regional figures such as Fazl-i-Husain, Master Tara Singh, Sikander Hayat Khan and Khizr Hayat Tiwana, the devastation of

Partition - and much else besides. Believing that modern India and Pakistan cannot be understood without comprehending the Punjab that was, the author also delves into the idea of Punjabinyat - Punjabiness - the literature and poetry of creative giants like Bulleh Shah, Waris Shah, Iqbal, Amrita Pritam and Saadat Hasan Manto, the spiritual teachings of the Sikh Gurus and Sufi saints and, above all,

the testimonials and narratives of ordinary Punjabis, to create an unforgettable portrait of a place - undivided Punjab - that continues to fascinate us (even though it broke up more than six decades ago) and of its hard-tested and resilient people, Hindu, Muslim and Sikh.

This book constitutes the refereed proceedings of

the International Conference on Information Systems for Indian Languages, ICISIL 2011, held in Patiala, India, in March 2011. The 63 revised papers presented were carefully reviewed and selected from 126 paper submissions (full papers as well as poster papers) and 25 demo submissions.

The papers address all current aspects on localization, e-governance, Web content accessibility, search engine

and information retrieval systems, online and offline OCR, handwriting recognition, machine translation and transliteration, and text-to-speech and speech recognition - all with a particular focus on Indic scripts and languages.

The Construction of Religious Boundaries Oxford University Press, USA
Five hundred years ago, Guru Nanak founded the

Sikh faith in India. The Sikhs defied the caste system; rejected the authority of Hindu priests; forbade magic and idolatry; and promoted the equality of men and women -- beliefs that incurred the wrath of both Hindus and Muslims. In the centuries that followed, three of Nanak's nine successors met violent ends, and his people continued to battle hostile regimes. The conflict has raged into our

own time: in 1984 the Golden Temple of Amritsar -- the holy shrine of the Sikhs--was destroyed by the Indian Army. In retaliation, Sikh bodyguards assassinated Prime Minister Indira Gandhi. Now, Patwant Singh gives us the compelling story of the Sikhs -- their origins, traditions and beliefs, and more recent history. He shows how a movement based on tenets of compassion and

humaneness transformed itself, of necessity, into a community that values bravery and military prowess as well as spirituality. We learn how Gobind Singh, the tenth and last Guru, welded the Sikhs into a brotherhood, with each man bearing the surname Singh, or "Lion," and abiding by a distinctive code of dress and conduct. He tells of Banda the Brave's daring conquests, which sowed

the seeds of a Sikh state, and how the enlightened ruler Ranjit Singh fulfilled this promise by founding a Sikh empire. The author examines how, through the centuries, the Sikh soldier became an exemplar of discipline and courage and explains how Sikhs -- now numbering nearly 20 million worldwide -- have come to be known for their commitment to education, their business acumen, and

their enterprising spirit. Finally, Singh concludes that it would be a grave error to alienate an energetic and vital community like the Sikhs if modern India is to realize its full potential. He urges India's leaders to learn from the past and to "honour the social contract with Indians of every background and persuasion." Across the Wagah Walter de Gruyter GmbH & Co KG

Punjabi: A Comprehensive Grammar is a complete reference guide to Punjabi grammar. CreateSpace Hindko, Panjabi, and Saraiki are three closely related,

geographically contiguous languages of Pakistan.

Together, they are the native language of some 125 million people. Panjabi alone ranks among the 15 most widely spoken languages in the world. The Grammar of Hindko, Panjabi, and Saraiki provides a comparative description of these three language varieties, focusing, where possible, on the variety of Hindko spoken in Abbottabad, the Panjabi

spoken in Lahore, and the Saraiki spoken in Multan. Based on both fieldwork and corpus research, the grammar provides coverage of the phonology, orthography, morphology, and syntax of the language, with extensive exemplification presented in the native Perso-Arabic script along with standard Roman representations and morphological analysis. Written in an accessible

style from a basic linguistic theory perspective, this work will be of use to linguistic researchers, language scholars, and students of the languages of Pakistan and South Asia.

The Book of Bulleh Shah

Cambridge University Press
 The Quran is the sacred text of Islam. For Muslims, it is the word of the one God. The Quran was revealed to the last prophet and messenger Muḥammad

(محمد) from the year 610 until his death in 632 by the angel Gabriel (جبريل). According to the Quran, Allah is the author of all the sacred books of the three monotheistic religions that are Islam, Christianity, and Judaism. He thus revealed the Gospel to the penultimate prophet Jesus and the Torah to the prophet Moses. We read thus in verse 3 of sura 3: "He brought down on you the Book (the

Quran) with the truth, confirming the Books descended before him. And He brought down the Torah and the Gospel". However, Islam considers that with the exception of the Quran, all the holy books have been falsified by man. Verse 75 of Sura 2 goes in this direction: "- Well, do you hope [Muslims] that such people [the Jews] will share your faith with you? while a group of them; after

having heard and understood the word of Allah, knowingly falsified it. "This present work is a translation into English of the meaning of the verses of the Quran made by Maulana Wahiduddin Khan.

Teach Yourself Death Before Dying offers a window on the Sufi mystical tradition, providing a rare glimpse into the religious lives

of rural Muslims during the days of the Mughal Empire. The poetry of Sultan Bahu has inspired Sufis of the Punjab for countless generations, embodying essential characteristics of the mystical tradition, especially in its emphasis on complete and unrestricted devotion to God coupled with skepticism toward the formal, legalistic, and institutionalized elements of

<p>organized religion.</p> <p>Āb-e Ḥayāt Springer Science & Business Media Skeena is the story of a Muslim Canadian woman spanning thirty years of her life where she explores her changing environments, religious and cultural influences, and intimate relationships. Told by Skeena herself, it is a rare glimpse into the mind and perspectives of a Muslim woman. With</p>	<p>the utter simplicity of style and expression, and a plot immersed in gripping realities, Fauzia has created a novel that is hard to put down even when it explodes some deep-rooted myths. <i>Original Light</i> Routledge This book presents a Paninian perspective towards natural language processing. It has three objectives: (1) to introduce the reader to NLP, (2) to</p>	<p>introduce the reader to Paninian Grammar (PG) which is the application of the original Paninian framework to the processing of modern Indian languages using the computer, (3) to compare Paninian Grammar (PG) framework with modern Western computational grammar frameworks. also have a rich system of case-endings and post-positions. In contrast to this, the majority of grammar frameworks and designed for English and other positional languages. The unique aspect of the computational grammar describes here is that it is designed for free word order languages and makes special use of case-endings and post-positions. Efficient parsers for the grammar are

also described. The computational grammar is likely to be suitable for other free word order languages of the world. Second half of the book presents a comparison of Paninian Grammar (PG) with existing modern western computational grammars. It introduces three western grammar frameworks using examples from English: Lexical Functional Grammar (LFG), Tree

Adjoining Grammar (TAG), and Government and Binding (GB). The presentation does not assume any background on part of the reader regarding these frameworks. Each presentation is followed by either a discussion on applicability of the framework to free word order languages, or a comparison with PG framework. *Punjab* Notion Press
A story of the Soil is a

collection of over forty classic Punjabi short stories. Combining a rich oral tradition of kissas with tropes from Western literature, Punjabi short-story writers have developed their own unique way of portraying love, longing, ecstasy and malice. Spanning a century, these stories talk of life in the village and the town. There

are haunting tales about Partition like 'A Matter of Faith' by Gulzar Singh Sandhu where a horrible tragedy is viewed through the eyes of a child. Along with sensitive accounts of life from across the border in Pakistan are tales by the Dalits who until recently had been rendered voiceless. Amrita

Pritam's 'The Vault', a metaphor for a barren womb, explores the identity of a Punjabi woman while stories like Surjit Birdi's 'Flies' reveals the concerns faced by the Punjabi diaspora. Translated and edited by Nirupama Dutt, these carefully selected stories reflect every aspect of life in the land of five rivers.
