**History of Joshua** Called Writers Christian Publishing  
Some biblical scholars maintain that Rahab, the woman who hid Joshua's two spies, was a harlot or prostitute. So how did she become one of the ancestors of Jesus Christ? Wouldn't the Father ensure a pure lineage for His Son? In this historical fiction, author Diana Wallis Taylor offers a beautiful story of intrigue that suggests Rahab was a descendent of Ephraim, one of the ten lost tribes of Israel. With no available Jewish men in her town, she marries Radames, a young Egyptian officer who is the new governor of Jericho. When the Israelites approach Canaan with their army, pharaoh sends word that he is withdrawing his troops. Radames fabricates a story to tell Jericho's king, but Hammurabi doesn't believe it...and he has his eye on the beautiful Rahab. What will happen to Rahab after the lecherous king poisons her husband? How can she save her family from the invading Israelites? God parted the waters of the Jordan River for them—will He likewise provide miracles and blessings to her Ephraimite clan if they can rejoin their people?

During his campaign for the presidency, one of Donald Trump's signature promises was that he would build a "great great wall" on the border between the US and Mexico, and Mexico was going to pay for it. A year and a half into his term, with only a few prototype segments erected, the wall is the 2,000-mile, multibillion-dollar elephant in the room of contemporary American life. In *The Great Great Wall*, architectural historian and critic Ian Volner takes a fascinating look at the barriers that we have built over millennia. Traveling far afield, to China, the Middle East, Europe, and along the U.S. Mexico border, Volner examines famous, contentious, and illuminating structures, and explores key questions: Why do we build walls? What do they reveal about human history? What happens after they go up? With special attention to Trump's wall and the walls that exist along the US border already, this is an absorbing, smart, and timely book on an incredibly contentious and newsworthy topic.

**Rahab and the Walls of Jericho** Thomas Nelson

Ancient Israel did not emerge within a vacuum but rather came to exist alongside various peoples, including Canaanites, Egyptians, and Philistines. Indeed, Israel's very proximity to these groups has made it difficult—until now—to distinguish the archaeological traces of early Israel and other contemporary groups. Through an analysis of the results from recent excavations in light of relevant historical and later biblical texts, this book proposes that it is possible to identify these peoples and trace culturally or ethnically defined boundaries in the archaeological record. Features of late second-millennium B.C.E. culture are critically examined in their historical and biblical contexts in order to define the complex social boundaries of the early Iron Age and reconstruct the diverse material world of these four peoples. Of particular value to scholars, archaeologists, and historians, this volume will also be a standard reference and resource for students and other readers interested in the emergence of early Israel.

People associate the story of ancient Jericho with walls, and for those who are Biblically inclined, they think of the walls that God brought tumbling down to the sound of trumpets. For historians who are more archaeologically oriented, it may suggest the prehistoric walls uncovered by Ernst Sellin and Carl Watzinger between 1907 and 1911. To modern societies, walls suggest the division between people and defenses erected out of hatred and mistrust. However, while the story of Jericho does indeed involve walls, they represented something far different than that. More than anything else, ancient Jericho was a point of convergence between cultures, kingdoms, religions, and societies. The reality of that ancient city, possibly the oldest city in human history, was nothing like the story presented in the Bible. *Jericho: The History and Legacy of One of the World's Oldest Cities* examines the knowns and unknowns about the ancient city, along with its long history over nearly 12,000 years. Along with pictures depicting important people, places, and events, you will learn about Jericho like never before.

Set in 1957, *Jericho Walls* is an unforgettable and inspiring novel about the power of friendship for a young girl growing up amid racism. "I woke early that first Sunday in Jericho. The sun was barely a stain in the sky, but the air was hot and clammy. My nightgown stuck to my skin. I padded to the bathroom and splashed my face with cold water. My stomach clenched in a queasy ball . . . I'd keep myself out of trouble in Jericho, I promised myself. I'd do all the right things and make lots of good friends and no one would care a whit about my being a preacher's daughter." Jo Clawson isn't the boy her father wanted, and she's not the "young lady" her neighbors expect of the preacher's daughter, either. But even though Jo doesn't always meet the expectations of the people around her, she still longs to fit in. When she and her family leave their northern home for the small southern town of Jericho, Alabama, Jo might finally stop picking fights and settle in right. But when Jo befriends a young black boy, she discovers that "fitting in" is about a lot more than proper manners or a smart outfit. Suddenly she's faced with a new set of questions that call up her own values. Maybe some fights are worth picking, after all.

This true story was first introduced to the world stage on A & E's *Cold Case Files*. Now, Nancy Cherbeyla tells her emotional story of the tragic life she shared with her sister and her own story of survival, healing and hope since losing Sally. "On March 10, 1978, seven paragraphs in the *Battle Creek Enquirer* reported a six-year-old girl found dead in the bathtub at her home. It appeared to Battle Creek police that Sally Ann Chesebro drowned while playing with a toy. Her mother and stepfather said it was a tragic accident. It was so much more. "A quarter of a century later, the horrific events in that house began to surface as the Calhoun County Cold Case Homicide Team was able to gather evidence that supported a story of abuse, rape and murder. That was the story Sally's sister, Nancy, told investigators. "Nancy was a year older, just seven at the time of her sister's death. She and Sally lived in a house where they were beaten and frequently placed in a tub of icy water as punishment. ?It could be for anything, even looking at them wrong,? Nancy said. It was punishment dispensed by the mother and stepfather of the girls. That cold-water punishment was sometimes five or six times a week. "Sally's final sadistic punishment was for opening a bottle of nail polish. She was beaten, forced into a tub of icy water, and held under by her parents until she died. Her stepfather and mother took Nancy to Sally's grave and told Nancy she was the reason Sally died.

"While seven year old Nancy Chesebro could not save her sister's life, adult Nancy Spaulding did all she could to find justice for Sally's murder. Nancy confronted her nightmarish childhood, her mother, and stepfather, and told police, prosecutors, and a jury what happened inside the house at 54 Jericho Road the night her sister died. "This is the story of one woman's love for her sister, of her efforts to tell the world the truth about what happened, and why Sally Ann Chesebro died. It is a story of how one sister kept her promise and fought for justice." Trace Christenson
