*Elizabethan World* Bloomsbury Publishing USA

Britain and the Ocean Road uses new firsthand research and unconventional interpretations to take a fresh look at British maritime history in the age of sail. The human stories of eight shipwrecks serve as waypoints on the voyage, as the book explores how and why Britain became a global sea power. Each chapter has people at its heart – sailors, seafaring families, passengers, merchants, pirates, explorers, and many others. The narrative encompasses an extraordinary range of people, ships and events, such as a bloody maritime civil war in the 13th century, a

17th-century American teenager who stepped from one ship to another - and into a life of piracy, a British warship that fought at Trafalgar (on the French side), and the floating hell of a Liverpool slave-ship, sunk in the year before the slave trade was abolished. The book is full of surprising details and scenes, including England's rudest and crudest streetname, what it was like to be a passenger in a medieval ship (take a guess), how a fragment of the English theatre reached the Far East during Shakespeare's lifetime, who forgave who after a deadly pirate duel, why there were fancy dress parties in the Arctic, and where you could get the best herring. Britain and the Ocean Road is the first of two works aimed at introducing a general audience to the

gripping (and at times horrifying) story of Britain, its people and the sea. The books will also interest historians and archaeologists, as they are based on original scholarship. The second book, *Black Oil on the Waters*, will take the story from the age of steam to the 21st century. *The Revolt of the College Intellectual* Macmillan  
 From the contents: Re-animations: instinct and civility after the ends of man and nature (Adrian J. Ivakhiv). - Democracy and its discontent: Tocqueville and Baudrillard on the nature of America (Marco Diani). - Custom is our nature: Cavell and Wittgenstein versus Freud (Ursula Gorocke). - Looking forward/looking back: Thomas Cole and the belated construction of nature (Bernd

Herzogenrath)."

Authority and accessibility combine to bring the history and the drama of Tudor England to life. Almost 900 engaging entries cover the life and times of Henry VIII, Mary I, Elizabeth I, William Shakespeare, and much, much more. Written for high school students, college undergraduates, and public library patrons—indeed, for anyone interested in this important and colorful period—the three-volume *Encyclopedia of Tudor England* illuminates the era's most important people, events, ideas, movements, institutions, and publications. Concise, yet in-depth entries offer comprehensive coverage and an engaging mix of accessibility and authority. Chronologically, the encyclopedia spans the period from the accession of Henry VII in 1485 to the death of Elizabeth I in 1603. It also examines pre-Tudor people and topics that shaped the Tudor period, as

well as individuals and events whose influence extended into the Jacobean period after 1603. Geographically, the encyclopedia covers England, Scotland, Wales, and Ireland, and also Russia, Asia, America, and important states in continental Europe. Topics include: the English Reformation; the development of Parliament; the expansion of foreign trade; the beginnings of American exploration; the evolution of the nuclear family; and the flowering of English theater and poetry, culminating in the works of William Shakespeare.

*Encyclopedia of Tudor England* [3 volumes] Pen and Sword

Let this guide show you why the Outer Banks is one of the most unique and interesting places in the U.S. to visit. The Outer Banks preserves history and traditions lost to more urban areas of the eastern U.S. Whether it's wild Banker ponies, historic Kitty Hawk, or hidden beaches that visitors would otherwise never find, author Renee Wright leads you to her Wright Choices."

*The Welsh Elizabethans* Routledge

This challenging book argues that a new way of speaking of mathematics and

describing it emerged at the end of the 16th century. Leading mathematicians began referring to their field in terms drawn from the exploration accounts of Columbus and Magellan. Many of those who promoted the vision of mathematics as heroic exploration also played central roles in developing the most important mathematical innovation of the period?the infinitesimal methods, which the author shows was no coincidence.

*Sir John Hawkins* Hodder Education

This illuminating account of ideas of world order prevalent in the Elizabethan Age and later is an indispensable companion for readers of the great writers of the sixteenth and seventeenth centuries Shakespeare and the Elizabethan dramatists, Donne and Milton, among many others. The basic medieval idea of an ordered Chain of Being is studied by Tillyard in the process of its various transformations by the dynamic spirit of the Renaissance. Among his topics are: Angels; the Stars and Fortune; the Analogy between Macrocosm and Microcosm; the Four Elements; the Four Humors; Sympathies; Correspondences; and the Cosmic Dance ideas and symbols that

inspired the imaginations not only of the Elizabethans, but also of the Renaissance as such. This idea of cosmic order was one of the genuine ruling ideas of the Elizabethan Age, and perhaps the most characteristic. Such ideas, like our everyday manners, are the least disputed and the least paraded in the creative literature of the time. The province of this book is some of the notions about the world and man that were quite frequently taken for granted by the ordinary educated Elizabethan; the commonplaces too familiar for the poets to make detailed use of, except in explicitly educational passages, but essential as basic assumptions and invaluable at moments of high passion. The objective of *The Elizabethan World Picture* is to extract and explain the most ordinary beliefs about the constitution of the world as pictured in the Elizabethan Age and through this exposition to help the ordinary reader to understand and to enjoy the great writers of the age. In attempting this, Tillyard has brought together a number of pieces of elementary lore. This classic text is a convenient factual aid to extant interpretations of some of Spenser, Donne,

or Milton.

*I Never Knew That About the Irish* Fodor's Travel

Sir Martin Frobisher was one of the great sea dogs of Elizabethan England. He was a pirate and a privateer - he looted countless ships and was incarcerated by the Portuguese as a young man - and he aided Sir Francis Drake in one of his most daring voyages to attack the Spanish in the West Indies. But Frobisher was also a warrior who was knighted for his services against the Spanish Armada, and he was an explorer. He was the first Englishman to attempt to find the fabled Northwest Passage to Cathay to China. He commanded three voyages into the uncharted northern wastes Canada and Greenland and devoted eighteen years of his life to this dream. Taliesin Trows new biographical study of this many-sided Elizabethan adventurer should revive interest in him and in this extraordinary period in English seafaring history. For Frobisher was a fascinating, enigmatic character whose reputation is often eclipsed by those of his remarkable contemporaries, Drake, Hawkins and Raleigh.

Navy Fact File Crabtree Publishing Company

Maine to Greenland is a testament to one of the world's great geographic regions: the Maritime Far Northeast. For more than three decades, William W. Fitzhugh and Wilfred E. Richard have explored the Northeast's Atlantic corridor and its fascinating history, habitat, and culture. The authors' powerful personal essays and Richard's stunning photography transport readers to this vibrant region, joining Smithsonian archaeological expeditions and trekking in vast and amazing terrain. Following Fitzhugh and Richard's travels north—from Maine to the Canadian Maritimes, Newfoundland and northern Quebec, then to Labrador, Baffin and Ellesmere islands, and Greenland—we view incredible landscapes, uncover human history, and meet luminous personalities along the way. Fully illustrated with 350 full-color photographs, *Maine to Greenland* is the first in-depth treatment of the Northeast Atlantic corridor and essential for armchair travelers, locals, tourists, or anyone who has journeyed there. Today green technology, climate change, and the

opening of the Arctic Ocean have transformed the Maritime Far Northeast from an icy frontier into a global resource zone and an increasingly integrated international crossroads. In our rapidly converging world, we have much to learn from the Maritime Far Northeast and how its variety of cultures have adapted to rather than changed their environments during the past ten thousand years. Maine to Greenland is not only a complete account of the region's unique culture and environment, but also a timely reminder that amidst the very real consequences of climate change, the inhabitants of the Maritime Far Northeast can show us grounded and sustainable ways of living.

**Sir Martin Frobisher** Macmillan

The crowds keep coming to England's capital as much to discover the hippest galleries, shops, and raging after-hours scene as to enjoy great art, palace-hopping, and royal ceremonies. Capturing it all, the new London 2014 Gold Guide ebook edition has comprehensive coverage of sights, dining, lodging, and attractions. **EXPANDED COVERAGE:** With its state-of-the-art hotels, glittering new restaurants, and multi-million-pound

makeovers of museums, swinging-again London now outranks its neighbors as Europe's most future-forward spot. This new edition covers the latest hot spots and insider favorites, including a roundup of museums and a tour of the East End. **INDISPENSABLE TRIP PLANNING TOOLS:** Convenient overviews of each neighborhood's highlights make planning simple, as do features on top attractions, best bets for hotels and restaurants, free things to do, and family favorites. There's also practical advice for getting around, and a pullout On-the-Go city map shows the Underground and includes key attractions, nearby dining, and great walks. **DISCERNING RECOMMENDATIONS:** Fodor's London 2014 ebook offers savvy advice and recommendations from local writers to help travelers make the most of their time. Fodor's Choice designates our best picks, from hotels to nightlife. "Word of Mouth" quotes from fellow travelers provide valuable insights. **TRIPADVISOR REVIEWS:** Our experts' hotel selections are reinforced by the latest customer feedback from TripAdvisor. Travelers can book their London stay with confidence, as only the best properties make the cut.

**ABOUT FODOR'S AUTHORS:** Each Fodor's Travel Guide is researched and written by local experts.

**I Never Knew That About London** Pen and Sword History

Bestselling author Christopher Winn takes us on a fascinating journey around Ireland, discovering the traditions, triumphs and disasters, foibles, quirks and customs that make up the Irish people. From their peccadilloes to their passions he uncovers entertaining stories and astonishing facts that will amuse and inform in equal measure. Travel from coast to coast across Ireland and learn how every county contributes to the distinct Irish personality in its own unique and different ways. From County Leitrim, the most sparsely populated county in the Republic of Ireland to County Louth, Ireland's smallest geographic county, discover the site of the first play performed in the Irish language, sail the longest navigable inland waterway in Europe and watch the horse racing at Ireland's first all-weather racecourse. Listen to the memories and tales of ordinary folk from every walk of life and find out from them what it means to be Irish. *I Never Knew That About the Irish* is

an irresistible book, beguilingly illustrated with pen and ink drawings. It gives a captivating insight into the heritage, memories and monuments that have shaped each county in Ireland.

*Fodor's London 2014* Springer

This book comprises a selection of interdisciplinary essays in American literature and culture written by Clive Bush over some forty years. They fall into four sections: Classic American Literature; Literary and Cultural Modernism; Literature and Politics; and American Cultural Studies. The topics range from literature to architecture, from the history of linguistics to analyses of the commodity culture, from poetry to film. The essays themselves extend from American linguistics to Beat literature. There is, however, an identifiable series of common themes and perspectives throughout. The first is the question of the relation of discourse itself to the practices of power: personal, social and political. The second is the attention paid to the particular and general historical context in which both texts and quasi-texts are situated. The third is that a European perspective, making use of comparative texts, has

been used throughout. The author demonstrates a commitment both to close reading and to the value judgement in the reading of texts.

The English/British have always been known as the sailor race with hearts of oak: the Royal Navy as the Senior Service and First Line of Defense. It facilitated the motto: The sun never set on the British Empire. The Royal Navy has exerted a powerful influence on Great Britain, its Empire, Europe, and, ultimately, the world. This superior annotated bibliography supplies entries that explore the influence of the English/British Navy through its history. This survey will provide a major

reference guide for students and scholars at all levels. It incorporates evaluative, qualitative, and critical analysis processes, the essence of historical scholarship. Each one of the 4,124 annotated entries is evaluated, assessed, analyzed, integrated, and incorporated into the historiographical scholarship.

**English Travel Writing From Pilgrimages To Postcolonial Explorations** Rodopi

The exuberant explosions of old college days have traditionally been forgiven as somewhat enviable expressions of the high spirits of exultant youth. Are young intellectuals, now the dominant group in many colleges, less adolescent and more mature, or do their immaturities merely manifest themselves in different ways? As intellectual individualists, students do not usually care for group explosions unless they are for social causes such as the rights of minorities. But their adolescence often manifests itself individually in a superior condescension or in depressive inferiority complexes. This book is a fascinating account of the changes that have taken place in the backgrounds, attitudes, and, temperaments of students

at the so-called prestige colleges. Though Everett Lee Hunt draws heavily upon his observations and experiences during more than thirty years as a dean and professor of Swarthmore College, his book is much more than a case study of one outstanding college. Hunt presents many concrete examples of student moods, customs, actions, and expressions of values. With wisdom and warmth he discusses three successive eras in the college schooling of American adolescents: guarded education, conformity to accepted ways, and intellectual individualism. Teachers, deans, student counselors, personnel workers, and school psychologists and psychiatrists will find this classic book of continuing interest in guiding their dealings with adolescent students. The Revolt of the College Intellectual may also

interest students themselves, their parents, alumni, and all who are in anyway concerned with education as a preparation for life in a rapidly changing and troubled world.
