NORMAN BEATRICE

New York Magazine John Wiley & Sons

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

New York City For Dummies Rowman & Littlefield

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Shecky's Bar, Club And Lounge Guide 2005 Inside New York
A Kirkus Best Book of July *An InsideHook Book You Should Be Reading This July* A fascinating history that examines how real estate, gentrification, community and the highs and lows of New York City itself shaped the city's music scenes from folk to house music. Take a walk through almost any neighborhood in Manhattan and you'll likely pass some of the most significant clubs in American music history. But you won't know it—almost all of these venues have been demolished or repurposed, leaving no record of what they were, how they shaped music scenes or their impact on the neighborhoods around them. Traditional music history tells us that famous scenes are created by brilliant, singular artists. But dig deeper and you'll find that they're actually created by cheap rent, empty space and other unglamorous factors that allow artistic communities to flourish. The 1960s folk scene would have never existed without access to Greenwich Village's Washington Square Park. If the city hadn't gone bankrupt in 1975, there would have been no punk rock. Brooklyn indie rock of the 2000s was only able to come together

because of the borough's many empty warehouse spaces. But these scenes are more than just moments of artistic genius—they're also part of the urban gentrification cycle, one that often displaces other communities and, eventually, the musicians themselves. Drawing from over a hundred exclusive interviews with a wide range of musicians, deejays and scenesters (including members of Peter, Paul and Mary; White Zombie; Moldy Peaches; Sonic Youth; Treacherous Three; Cro-Mags; Sun Ra Arkestra; and Suicide), writer, historian and tour guide Jesse Rifkin painstakingly reconstructs the physical history of numerous classic New York music scenes. *This Must Be the Place* examines how these scenes came together and fell apart—and shows how these communal artistic experiences are not just for rarefied geniuses but available to us all.

Looking for a travel guide that goes where other guides fear to tread? One that rides roughshod over ad-copy puffery to smartly deliver the real scoop on a destination's sites and attractions? One that dares to be honest, hip, and fun? Look no more.

Frommer's Irreverent Travel Guides are wickedly irreverent, unabashedly honest, and downright hilarious, and provide an insider's perspective on which attractions are overrated tourist traps and which are the secret gems that locals love. You'll get the lowdown on restaurants, lodging, and shopping, and even find out what the locals think of you. "Like being taken around by a savvy local," said the New York Times. "Hipper and savvier than other guides," concurred Diversion magazine. Never shy about confronting the issues, the Irreverents are guides to real travel in the real world. Frommer's Irreverent Guide to Manhattan is as brash and ballsy as the Big Apple itself. You'll get the straight scoop on old chestnuts like the Empire State Building, as well as the skinny on new hotspots such as the sleek "neo-lounges" on the Lower East Side. With the Irreverent Guide, you'll become as mobile as the locals: a dim sum brunch in a bustling Chinatown banquet hall is just a subway ride away from a soul-food dinner in Harlem. Discover one of the city's secret bargains: the free ride on the Staten Island Ferry past the Statue of Liberty. In the Irreverent Guide to Manhattan, the gloriously decadent City that Never Sleeps is made both manageable and deliciously fun—whether you choose to pursue the high life at the model hangouts and caviar bars or get down with the low life at Punjabi tandoor delis and cheesy karaoke bars.

Songwriter's Market 40th Edition Rough Guides UK

For Dummies Travel guides are the ultimate user-friendly trip planners, combining the broad appeal and time-tested features of the For Dummies series with up-to-the-minute advice and information from the experts at Frommer's. Now available in epub format. *Pocket Rough Guide New York City* Fodors Travel Publications

A contribution to the field of urban music studies, this book presents new interdisciplinary approaches to the study of music in urban social life. It takes musical performance as its key focus, exploring how and why different kinds of performance are evolving in contemporary cities in the interaction among social groups, commercial entrepreneurs, and institutions. From conventional concerts in rock clubs to new genres such as the flash mob, the forms and meanings of musical performance are deeply affected by urban social change and at the same time respond to the changing conditions. Music has taken on complex roles in the post-industrial city where culture and cultural consumption have an unprecedented power in defining publics, policies, and marketing strategies. Further, changes in real estate markets and the penetration of new media have challenged even fairly modern music cultures. At the same time, new music cultures have emerged, and music has become a driver for cultural events and festivals, channeling the dynamics of a society characterized by the social change, media intensity, and the neoliberal forces of post-industrial urban contexts. The volume brings together scholars from a broad range of disciplines to build a shared understanding of post-industrial contexts in Europe and the United States. Most directly grounded in contemporary developments in music studies and urban studies, its broad interdisciplinary range serves to strengthen the

relevance of urban music studies to fields such as anthropology, sociology, urban geography, and beyond. Offering in-depth studies of changing music culture in concert venues, cultural events, and neighborhoods, contributors visit diverse locations such as Barcelona, Berlin, London, New York, and Austin.

Native's Guide to New York Penguin

From the churches and street corners of Harlem and The Bronx to the underground clubs of the East Village, New York City has been a musical mecca for generations, and *Rock & Roll Explorer Guide to New York City* is the definitive story of its development throughout the five boroughs. Plug in and walk the same streets a young Bob Dylan walked. See where Patti Smith, the Ramones, Beastie Boys, and Jeff Buckley played. Visit on foot the places Lou Reed mentions in his songs or where Paul Simon grew up; where the Strokes drowned their sorrows, Grizzly Bear cut their teeth and Jimi Hendrix found his vision. *Rock and Roll Explorer Guide* gives fans a behind-the-scenes look at how bands came together, scenes developed, and classic songs were written. Artists come and go, neighborhoods change, venues open and close, but the music lives on. Contents Upper Manhattan and Harlem Upper West Side The Velvet Underground Upper East Side The Beatles John & Yoko Central Park Patti Smith Midtown West Beastie Boys Midtown East Madonna Chelsea & Hudson Yards Jimi Hendrix & Electric Lady Union Square & Madison Square New York Dolls West Village Bob Dylan East Village Blondie Soho & TriBeCa Sonic Youth Lower East Side The Strokes Brooklyn Talking Heads Queens Ramones Simon & Garfunkel The Bronx Kiss Staten Island Rock & roll may not have been born in New York, but this is one of the places it grew up and blew up and presented itself to the world. From the churches and street corners of Harlem and the Bronx to the underground clubs of the East Village, New York City has been a musical Mecca for generations, and *The Rock & Roll Explorer Guide to New York City* is an historical journey through its development across all five boroughs. *The Rock & Roll Explorer Guide to New York City* restores a sense of time and

place to music history by identifying and documenting critical points of interest spanning genres and eras, and delineating the places in New York City critical to its musical development and ultimate triumphs and tragedies. Through this lens, we can see and understand how bands came together, scenes developed, and classic songs were written. In some cases, the buildings are still there, in others only the address remains, but you still get a sense of the history that happened there. Among the many locations in this book are addresses musicians and other key rock & roll figures once called home. In a very few instances we've included current addresses, but only when the location is historically significant and widely known; otherwise, we consciously left current residences out. *The Rock & Roll Explorer Guide to New York City* is intended as a fun travel guide through music history rather than a means of locating famous musicians. Most New Yorkers understand that everyone has a right to privacy. That's one of the reasons many of these artists live here. Because of the city's rich history, this book cannot be a comprehensive encyclopedia of music, rock venues, or the music industry; nor do we present the definitive biographies of the musicians included. The artists and locations chosen represent a sometimes broad look at the history of rock & roll in the city, with an eye on those who either grew up or spent their formative years here. But there's so much more we couldn't include, and we hope readers will be inspired to go even further, whether they're hitting the streets themselves or experiencing the city vicariously from afar. Artists come and go, neighborhoods change, venues open and close, but the music lives on.
