UNDERWOOD ANDREA

Churchill, Hitler, and "The Unnecessary War" Yale University Press

A New York Times bestseller! A New York Times Book Review Notable Book of 2017 A dual biography of Winston Churchill and George Orwell, who preserved democracy from the threats of authoritarianism, from the left and right alike. Both George Orwell and Winston Churchill came close to death in the mid-1930's—Orwell shot in the neck in a trench line in the Spanish Civil War, and Churchill struck by a car in New York City. If they'd died then, history would scarcely remember them. At the time, Churchill was a politician on the outs, his loyalty to his class and party suspect. Orwell was a mildly successful novelist, to put it generously. No one would have predicted that by the end of the 20th century they would be considered two of the most important people in British history for having the vision and courage to campaign tirelessly, in words and in

deeds, against the totalitarian threat from both the left and the right. In a crucial moment, they responded first by seeking the facts of the matter, seeing through the lies and obfuscations, and then they acted on their beliefs. Together, to an extent not sufficiently appreciated, they kept the West's compass set toward freedom as its due north. It's not easy to recall now how lonely a position both men once occupied. By the late 1930's, democracy was discredited in many circles, and authoritarian rulers were everywhere in the ascent. There were some who decried the scourge of communism, but saw in Hitler and Mussolini "men we could do business with," if not in fact saviors. And there were others who saw the Nazi and fascist threat as malign, but tended to view communism as the path to salvation. Churchill and Orwell, on the other hand, had the foresight to see clearly that the issue was human freedom—that whatever its coloration, a government that denied its people basic freedoms was a totalitarian menace and had to be resisted. In the end, Churchill and Orwell proved their age's necessary

men. The glorious climax of Churchill and Orwell is the work they both did in the decade of the 1940's to triumph over freedom's enemies. And though Churchill played the larger role in the defeat of Hitler and the Axis, Orwell's reckoning with the menace of authoritarian rule in *Animal Farm* and 1984 would define the stakes of the Cold War for its 50-year course, and continues to give inspiration to fighters for freedom to this day. Taken together, in Thomas E. Ricks's masterful hands, their lives are a beautiful testament to the power of moral conviction, and to the courage it can take to stay true to it, through thick and thin. Churchill and Orwell is a perfect gift for the holidays!

We Shall Fight on the Beaches Random House Trade Paperbacks

This Ultimate Collection of Winston Churchill's works contains his only novel and numerous historical and political books, his essays, speeches and letters, including biographies and memoirs.

 INTRODUCTION TwoAND A HALF years have passed since the publication of While Eng land Slept, a collection of speeches by Mr. Winston Churchill on National Defense and Foreign Policy from 1932 to 1938. A number of people, both in this country and in the United States, have recently urged me to bring the story up to date. With the Prime Minister s permission, I have therefore collected all his speeches from May, 1938, down to the present day. This volume sees the fulfillment of all the darkest fears to which Mr. Churchill gave utterance in the earlier volume. By the time this set of speeches begins the situation had already become so desperate that less emphasis is placed upon our laggardly rearmament than in the earlier speeches. With the danger so close upon us, and with so little time to expand our defenses, Mr. Churchill clearly thought it more useful, in the hopes of deterring the aggressor, to dwell upon such elements of strength as we possessed rather than to exhibit our weakness nakedly to the world. Reading between the lines, however, the warnings persist with even more urgency than before. As in the previous volume, these speeches will be found not only to revive many warnings, whose

timeliness all can judge today, but to provide a running commentary upon the remorseless deterioration of the foreign situation. The book begins with Mr. Churchill's warning on the folly of handing over the Treaty ports to the Irish Free State a warning which, it is interesting to recall, was supported by only a handful of Members of Parliament. It carries us past the tremendous and mournful events at Munich to the inevitable and plainly pointed sequel in Prague. And so we are brought relentlessly stage by stage to the challenge of war which Mr. Churchill had so often urged could, by timely arrangements and adequate preparations, have been warded off. Thereafter, as First Lord of the Admiralty and, later, as *ix* x INTRODUCTION his speeches naturally become more official. Despite this, and the inevitable pressure of business, I do not think that they will be found to lack the literary and dramatic quality of those which he made as a private Member. Indeed, they constitute a contemporary history of the war which is as lively as it is authoritative; and, so far as contemporary *The Speeches of Winston Churchill* Penguin

"An interesting and at times surprising account of Churchill's tastes as a reader...many of [these] nuggets will be new even to Churchill junkies."—*The Wall Street Journal* This strikingly original book introduces a Winston Churchill we haven't known before. Award-winning author Jonathan Rose explores Churchill's careers as statesman and author, revealing the profound influence of literature and theater on Churchill's personal, carefully composed grand story and the decisions he made throughout his political life. In this expansive literary biography, Rose

provides an analysis of Churchill's writings and their reception (he won the Nobel Prize for Literature in 1953 and was a best-selling author), and a chronicle of his dealings with publishers, editors, literary agents, and censors. The book also identifies an array of authors who shaped Churchill's own writings and politics: George Bernard Shaw, H. G. Wells, Margaret Mitchell, George Orwell, Oscar Wilde, and many more. Rose investigates the effect of Churchill's passion for theater on his approach to reportage, memoirs, and historical works. Perhaps most remarkably, Rose reveals the unmistakable influence of Churchill's reading on every important episode of his public life, including his championship of social reform, plans for the Gallipoli invasion, command during the Blitz, crusade for Zionism, and efforts to prevent a nuclear arms race. Finally, Rose traces the significance of Churchill's writings to later generations of politicians—among them President John F. Kennedy as he struggled to extricate the U.S. from the Cuban Missile Crisis. "Immensely enjoyable...This gracefully written book is an original and textured study of Churchill's imagination."—*The Washington Post* Never Surrender RosettaBooks

A great statesman, a masterful historian whose writings won him the Nobel Prize for literature and a war-time leader with few peers, Sir Winston Churchill is remembered perhaps most clearly today for the sheer power of his oratory: the speeches that rallied a nation in its darkest hour and steered that nation for victory against the might of the Fascist powers. *Never Give In!* celebrates this oratory by gathering together Churchill's most powerful speeches from throughout his public career. Carefully selected by his grandson, this collection

includes all his best known speeches - from his great war-time broadcasts to the "Iron Curtain" speech that heralded the start of the Cold War - and many lesser known but inspirational pieces. In a single volume *Never Give In!* provides a powerful testimony to one of the great public figures of the 20th century.

Churchill's Promised Land Penguin
Winston Churchill 'mobilized the English language and sent it into battle'.
President John F. Kennedy conferring Honorary US Citizenship, April 1963
Winston Churchill was the most eloquent and expressive statesman of his age. When Britain stood alone and The Ministry of Ungentlemanly Warfare A&C Black

A collection of the best and most quoted speeches and writings of Nobel Prize-winner Winston Churchill. Winston Churchill knew the power of words. In speeches, books, and articles, he expressed his feelings and laid out his vision for the future. His wartime writings and speeches have fascinated generation after generation with their powerful narrative style and thoughtful reflection. Martin Gilbert, Churchill's official biographer, has chosen passages that express the essence of Churchill's thoughts and describe-in his own inimitable words-the main adventures of his life and the main crises of his career. From first to last, they give insight into his life, how it evolved, and how he made his mark on the British and world stage.

Thoughts and Adventures Simon and Schuster

A collection of 23 original newspaper articles that present the variety and depth of Churchill's reflections on the largest questions facing humanity. First published in 1932, this wide-ranging volume of essays touches on cartoons,

hobbies, spies, flying, elections, economics and modern science, providing fresh ways of exploring Churchill and his perspectives. Published in the Bloomsbury Revelations series to commemorate the 150th anniversary of Churchill's birth, expertly annotated with a new foreword by Churchill scholar, James W. Muller, this volume is a bridge to Churchill's autobiographical works, falling between *My Early Life* and *The Second World War*.

Our Supreme Task Random House
From the award-winning historian, war reporter, and author Damien Lewis (*Zero Six Bravo*, *Judy*) comes the incredible true story of the top-secret "butcher-and-bolt" black ops units Prime Minister Winston Churchill assigned the task of stopping the unstoppable German war machine. Criminals, rogues, and survivalists, the brutal tactics and grit of these "deniables" would define a military unit the likes of which the world had never seen. When France fell to the Nazis in spring 1940, Churchill declared that Britain would resist the advance of the German army--alone if necessary. Churchill commanded the Special Operations Executive to secretly develop of a very special kind of military unit that would operate on their own initiative deep behind enemy lines. The units would be licensed to kill, fully deniable by the British government, and a ruthless force to meet the advancing Germans. The very first of these "butcher-and-bolt" units--the innocuously named *Maid Honour Force*--was led by Gus March-Phillips, a wild British eccentric of high birth, and an aristocratic, handsome, and bloodthirsty young Danish warrior, Anders Lassen. Amped up on amphetamines, these assorted renegades and sociopaths undertook the very first of Churchill's

special operations--a top-secret, high-stakes mission to seize Nazi shipping in the far-distant port of Fernando Po, in West Africa. Though few of these early desperadoes survived WWII, they took part in a series of fascinating, daring missions that changed the course of the war. It was the first stirrings of the modern special-ops team, and all of the men involved would be declared war heroes when it was all over. The Ministry of Ungentlemanly Warfare focuses on a dozen of these extraordinary men, weaving their stories of brotherhood, comradeship, and elite soldiering into a gripping narrative yarn, from the earliest missions to Anders Lassen's tragic death, just weeks before the end of the war.

Winston Churchill Little, Brown

Details Churchill's support for Jewish rights while maintaining concerns for British interests in the Arab world through an examination of sources including private papers, speeches, and personal correspondence.

Into Battle Chelsea House

Describes the reactions to Churchill's wartime speeches, documenting that there was criticism and dissent as well as the perceived mass enthusiasm by the people of Great Britain.

If - Yale University Press

This first volume of collected essays and journalism from the Nobel Prize-winning prime minister includes some of his most important WWII speeches. Legendary politician and military strategist Winston S. Churchill was a master not only of the battlefield, but of the page and the podium. Over the course of forty books and countless speeches, broadcasts, news items and more, he addressed a country at war and at peace, thrilling with victory but uneasy with its shifting role in global politics. In 1953, he was

awarded the Nobel Prize for Literature for "his mastery of historical and biographical description as well as for brilliant oratory in defending exalted human values." During his lifetime, he enthralled readers and brought crowds roaring to their feet; in the years since his death, his skilled writing has inspired generations of eager history buffs. Churchill was at his best when rallying Britons to the twin causes of war and justice, delivering inspiration and hope during the hard years of bombings, violence, sacrifice, and terror. This compilation, composed of speeches made in the early years of the war, contains some of his best. Profound words from famous speeches in this collection include: "This was their finest hour;" "Never in the field of human conflict was so much owed, by so many, to so few;" and "I have nothing to offer but blood, toil, tears and sweat." Many decades after the end of the war, Churchill's words still have the power to stir the blood—and inspire the heart. A must-read for all WWII history fans.

Winston S. Churchill: His Complete Speeches, 1897-1963: 1908-1913

Michael O'Mara Books

Provides the dramatic history of Winston Churchill's 1946 trip to Fulton, Missouri, where he delivered his Iron Curtain Speech--a speech which served to fundamentally define the dangers of Soviet totalitarian Communism.

Churchill by Himself University of Missouri Press

'Wars are not won by evacuations! 'We can take it!' 'Westward look, the land is bright' This collection of speeches from one of the great modern orators includes Churchill's famous words on the

declaration of war with Germany, as well as his rousing call to the British in June 1940 after Dunkirk, and his immortal tribute to the young men fighting in the Battle of Britain. GREAT IDEAS. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

Churchill: Historical Books, Memoirs, Essays, Speeches & Letters Good Press
A WALL STREET JOURNAL SUMMER PICK
A WASHINGTON POST BESTSELLER
Warrior and writer, genius and crank, rider in the British cavalry's last great charge and inventor of the tank, Winston Churchill led Britain to fight alone against Nazi Germany in the fateful year of 1940 and set the standard for leading a democracy at war. With penetrating insight and vivid anecdotes, Gretchen Rubin makes Churchill accessible and meaningful to twenty-first-century readers by analyzing the many contrasting views of the man: he was an alcoholic, he was not; he was an anachronism, he was a visionary; he was a racist, he was a humanitarian; he was the most quotable man in the history of the English language, he was a bore. Like no other portrait of its famous subject, *Forty Ways to Look at Winston Churchill* is a dazzling display of facts more improbable than fiction. It brings to full realization the depiction of a man too fabulous for any novelist to construct, too complex for even the longest narrative to describe, and too significant ever to be forgotten.

We Shall Not Fail Penguin

A collection of lectures delivered at the Winston Churchill Memorial and Library on the campus of Westminster College, by authorities on British history and on Sir Winston Churchill, and by those personally acquainted with him, including his daughter Mary Soames and his private secretary. Topics include Churchill's ambivalence toward the Conservative party, his belief in British imperial rule in India, and his role in the Cold War and the origins of the Iron Curtain speech. c. Book News Inc.
