Darkest Hour Yale University Press

This engaging biography invites readers to dinner with Winston Churchill and his political guests in the years surrounding WWII. A friend once said of Winston Churchill: "He is a man of simple tastes; he is quite easily satisfied with the best of everything." But for Churchill, dinners were about more than good food, excellent champagnes, and Havana cigars. "Everything" included the opportunity to use the table both as a stage on which to display his brilliant conversational talents and as an intimate setting in which to glean gossip and diplomatic insights and to argue for the many policies he espoused over his long political career. In this riveting, informative, and entertaining account, Cita Stelzer draws on previously untapped material, diaries of guests, and a wide variety of other sources to tell of some of the

key dinners at which Churchill presided before, during, and after World War II. An "acutely revealing" and eloquent look at one of Great Britain's most impactful prime ministers, *Dinner with Churchill* offers delicious new insights into the food, cocktails, and conversations that shaped history (The Times Literary Supplement).

'Wars are not won by evacuations' 'We can take it!' 'Westward look, the land is bright' This collection of speeches from one of the great modern orators includes Churchill's famous words on the declaration of war with Germany, as well as his rousing call to the British in June 1940 after Dunkirk, and his immortal tribute to the young men fighting in the Battle of Britain. GREAT IDEAS. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.
Churchill's First War Open Road Media

Over a century ago, a young cavalry lieutenant wrote a riveting account of what he saw during his first major campaign, a vicious war against tribal insurgents on the North-West Frontier. Winston

Churchill's *The Story of the Malakand Field Force*, published in 1898, made his reputation as a writer - and as a soldier. More than 120 years later it is still required reading for military commanders on the ground, both British and American. Now, acclaimed author and foreign correspondent Con Coughlin tells the story of that campaign, combining colourful historical narrative, interviews with contemporary key players and the journalist's eye for both a good story and deep analysis. Churchill's *First War* is not only a dramatic and vivid piece of military history but affords us a rare insight into both the nineteenth-century 'Great Game' and the twenty-first century conflict that has now raged longer than the Second World War and taken more lives than the Falklands. 'Incisive and deliciously readable' Daily Express

Roosevelt and Churchill Rowman & Littlefield

Drawing on the War Cabinet papers, other government documents, private diaries, newspaper accounts, and memoirs, *Never Surrender* tells the story of summer of 1940, the summer of the 'Supreme Question' of whether or not the British were to surrender to the impending threat of Hitler's invasion. The events, individuals, and institutions that influenced the War Cabinet's deliberations offer a panoramic view of the summer of 1940. Impressive in scope but attentive to detail, Kelly takes readers from the battlefield to Parliament, to the government ministries, to the British high command, to the desperate Anglo-French conference in Paris and London, to the American embassy in London, and to life with the ordinary Britons. Bringing vividly to life one of the most heroic moments of the twentieth century and intimately portraying some of its largest players - Churchill, Lord

Halifax, FDR, Joe Kennedy, Hitler, Stalin and others - Never Surrender is a character-driven narrative of a crucial period in World War II history and the men and women who shaped it.

When Dr. E. Fuller Torrey was diagnosed with prostate cancer, none of the books he could find was current enough or comprehensive enough to satisfy his need for information. This book is for the hundreds of thousands of other men who each year receive the same frightening diagnosis. It is the book Dr. Torrey wished he had when he was facing the countless questions that a man with prostate cancer, and his family and friends, all confront. Complete, up-to-date, and readable, the book explains how to come to terms with the diagnosis of prostate cancer, evaluate the severity of the disease, and assess the variety of treatment options and their complications. Many chapters provide information other books barely consider, such as a full discussion of the causes of prostate cancer and an evaluation of other books on the subject. Also included is a summary of the most useful websites. The author mixes his personal experience with factual material, and he maintains a reassuring sense of humour. His advice is practical, with dozens of tips and lists including 'Ten Steps to Sanity for Men Recently Diagnosed with Prostate Cancer'. With Dr. Torrey's book in hand, readers can now tackle all the important decisions about prostate cancer, confident in having the most accurate and complete information available.

#1 NEW YORK TIMES BESTSELLER • The author of *The Devil in the White City* and *Dead Wake* delivers an intimate chronicle of

Winston Churchill and London during the Blitz—an inspiring portrait of courage and leadership in a time of unprecedented crisis “One of [Erik Larson’s] best books yet . . . perfectly timed for the moment.”—Time • “A bravura performance by one of America’s greatest storytellers.”—NPR NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • Vogue • NPR • The Washington Post • Chicago Tribune • The Globe & Mail • Fortune • Bloomberg • New York Post • The New York Public Library • Kirkus Reviews • LibraryReads • PopMatters On Winston Churchill’s first day as prime minister, Adolf Hitler invaded Holland and Belgium. Poland and Czechoslovakia had already fallen, and the Dunkirk evacuation was just two weeks away. For the next twelve months, Hitler would wage a relentless bombing campaign, killing 45,000 Britons. It was up to Churchill to hold his country together and persuade President Franklin Roosevelt that Britain was a worthy ally—and willing to fight to the end. In *The Splendid and the Vile*, Erik Larson shows, in cinematic detail, how Churchill taught the British people “the art of being fearless.” It is a story of political brinkmanship, but it’s also an intimate domestic drama, set against the backdrop of Churchill’s prime-ministerial country home, Chequers; his wartime retreat, Ditchley, where he and his entourage go when the moon is brightest and the bombing threat is highest; and of course 10 Downing Street in London. Drawing on diaries, original archival documents, and once-secret intelligence reports—some released only recently—Larson provides a new lens on London’s darkest year through the day-to-day experience of Churchill and his family: his wife, Clementine; their youngest daughter, Mary, who chafes against her parents’ wartime protectiveness; their

son, Randolph, and his beautiful, unhappy wife, Pamela; Pamela's illicit lover, a dashing American emissary; and the advisers in Churchill's "Secret Circle," to whom he turns in the hardest moments. *The Splendid and the Vile* takes readers out of today's political dysfunction and back to a time of true leadership, when, in the face of unrelenting horror, Churchill's eloquence, courage, and perseverance bound a country, and a family, together.

The Greatest Speeches of Winston Churchill Forum Books
Warrior and writer, genius and crank, rider in the British cavalry's last great charge and inventor of the tank—Winston Churchill led Britain to fight alone against Nazi Germany in the fateful year of 1940 and set the standard for leading a democracy at war. Like no other portrait of its famous subject, *Forty Ways to Look at Winston Churchill* is a dazzling display of facts more improbable than fiction, and an investigation of the contradictions and complexities that haunt biography. Gretchen Craft Rubin gives readers, in a single volume, the kind of rounded view usually gained only by reading dozens of conventional biographies. With penetrating insight and vivid anecdotes, Rubin makes Churchill accessible and meaningful to twenty-first-century readers with forty contrasting views of the man: he was an alcoholic, he was not; he was an anachronism, he was a visionary; he was a racist, he was a humanitarian; he was the most quotable man in the history of the English language, he was a bore. In crisp, energetic language, Rubin creates a new form for presenting a great figure of history—and brings to full realization the depiction of a man too fabulous for any novelist to construct, too complicated for even the longest narrative to describe, and too valuable ever to be forgotten.

The Best Speeches of Winston Churchill Quercus Books

From the bestselling author of *Destiny of the Republic*, this thrilling biographical account of the life and legacy of Winston Churchill is a "nail-biter and top-notch character study rolled into one" (*The New York Times*). At the age of twenty-four, Winston Churchill was utterly convinced it was his destiny to become prime minister of England. He arrived in South Africa in 1899, valet and crates of vintage wine in tow, to cover the brutal colonial war the British were fighting with Boer rebels and jumpstart his political career. But just two weeks later, Churchill was taken prisoner. Remarkably, he pulled off a daring escape—traversing hundreds of miles of enemy territory, alone, with nothing but a crumpled wad of cash, four slabs of chocolate, and his wits to guide him. Bestselling author Candice Millard spins an epic story of bravery, savagery, and chance encounters with a cast of historical characters—including Rudyard Kipling, Lord Kitchener, and Mohandas Gandhi—with whom Churchill would later share the world stage. *But Hero of the Empire* is more than an extraordinary adventure story, for the lessons Churchill took from the Boer War would profoundly affect twentieth century history.

Lincoln & Churchill Harper Collins

In *The River War*, Winston Churchill recounts the operations directed by Lord Kitchener of Khartoum on the Upper Nile from 1896 to 1899 that led to England's reconquest of the Egyptian Sudan. Churchill was present at the decisive battle of Omdurman, and he wrote this book while he was still a young cavalry officer. [Finest Years: Churchill as Warlord 1940-45](#) Cambridge University Press

It was the year of the glorious Battle of Britain, of the heroic evacuation of Dunkirk. It was the time when the mighty British empire declared its intention to fight the Nazis-alone if necessary-to the bitter end. It was, as Churchill dubbed it, Britain's "Finest Hour." In *1940: Myth and Reality*, Clive Ponting reveals that it was nothing of the sort. Britain was broke in 1940 and utterly dependent on the United States for economic aid. The government fabricated German casualty figures after the Battle of Britain, suppressed knowledge of the complete fiasco that led to Dunkirk, and actually tried secretly to sue for peace that year.

The British people were at best grimly resigned to the war; at worst they suffered appalling privations. Without denigrating the heroism of individuals, Mr. Ponting offers a startling account of the ineptitude and propaganda that marked much of 1940: Britain's stormy relations with France, its bizarre attempts to force a united Ireland, and the unpopularity of Winston Churchill. While he made rousing speeches in the House of Commons, Churchill rarely broadcast to the nation: his stirring "we shall fight on the beaches" speech was in fact broadcast by the actor who played Larry the Lamb on Children's Hour.

Churchill's address to the United States Congress The Price of Greatness is Responsibility Announcement of the Surrender of Germany Sinews of Peace - The Iron Curtain Speech

Hero of the Empire HarperCollins

In this fascinating and meticulously researched book, bestselling historian Arthur Herman sheds new light on two of the most universally recognizable icons of the twentieth century, and reveals how their forty-year rivalry sealed the fate of India and the British Empire. They were born worlds apart: Winston Churchill to Britain's most glamorous aristocratic family, Mohandas Gandhi to a pious middle-class household in a provincial town in India. Yet Arthur Herman reveals how their lives and careers became intertwined as the twentieth century unfolded. Both men would go on to lead their nations through harrowing trials and two world wars—and become locked in a fierce contest of wills that would decide the fate of countries, continents, and ultimately an empire. *Gandhi & Churchill* reveals how both men were more alike than different, and yet became bitter enemies over the future of India, a land of 250 million people with 147 languages and dialects and 15 distinct religions—the jewel in the crown of Britain's overseas empire for 200 years. Over the course of a long career, Churchill would do whatever was necessary to ensure that India remain British—including a fateful redrawing of the entire map of the Middle East and even risking his alliance with the United States during World War Two. Mohandas Gandhi, by contrast, would dedicate his life to India's liberation, defy death and imprisonment, and create an entirely new kind of political movement: satyagraha, or civil disobedience. His campaigns of

nonviolence in defiance of Churchill and the British, including his famous Salt March, would become the blueprint not only for the independence of India but for the civil rights movement in the U.S. and struggles for freedom across the world. Now master storyteller Arthur Herman cuts through the legends and myths about these two powerful, charismatic figures and reveals their flaws as well as their strengths. The result is a sweeping epic of empire and insurrection, war and political intrigue, with a fascinating supporting cast, including General Kitchener, Rabindranath Tagore, Franklin Roosevelt, Lord Mountbatten, and Mohammed Ali Jinnah, the founder of Pakistan. It is also a brilliant narrative parable of two men whose great successes were always haunted by personal failure, and whose final moments of triumph were overshadowed by the loss of what they held most dear.

Churchill and the Jews Simon and Schuster

A “gripping [and] splendidly readable” portrait of the battle within the British War Cabinet—and Churchill's eventual victory—as Hitler's shadow loomed (The Boston Globe). From May 24 to May

28, 1940, members of Britain's War Cabinet debated whether to negotiate with Hitler or to continue what became known as the Second World War. In this magisterial work, John Lukacs takes us hour by hour into the critical events at 10 Downing Street, where Winston Churchill and his cabinet painfully considered their responsibilities. With the unfolding of the disaster at Dunkirk, and Churchill being in office for just two weeks and treated with derision by many, he did not have an easy time making his case—but the people of Britain were increasingly on his side, and he would prevail. This compelling narrative, a *Washington Post* bestseller, is the first to convey the drama and world-changing importance of those days. "[A] fascinating work of historical reconstruction."—*The Wall Street Journal* "Eminent historian Lukacs delivers the crown jewel to his long and distinguished career."—*Publishers Weekly* (starred review) "A must for every World War II buff."—*Cleveland Plain Dealer* "Superb...can be compared to such classics as Hugh Trevor-Roper's *The Last Days of Hitler* and Barbara Tuchman's *The Guns of August*."—*Harper's Magazine*

"With penetrating insight, Lehrman unfolds the contrasts and similarities between these two leaders . . . I savored every page of this magnificent work."—Doris Kearns Goodwin, #1 *New York*

Times-bestselling author of *Team of Rivals: The Political Genius of Abraham Lincoln* Winner of the Abraham Lincoln Institute of Washington's 2019 book prize Lewis E. Lehrman, a renowned historian and National Humanities Medal winner, gives new perspective on two of the greatest English-speaking statesmen—and their remarkable leadership in wars of national survival. Abraham Lincoln and Winston Churchill, as commanders in chief, led their nations to victory—Lincoln in the Civil War, Churchill in World War II. They became revered leaders—statesmen for all time. Yet these two world-famous war leaders have never been seriously compared at book length. Acclaimed historian Lewis Lehrman, in his pathbreaking comparison of both statesmen, finds that Lincoln and Churchill—with very different upbringings and contrasting personalities—led their war efforts, to some extent, in similar ways. As supreme war lords, they were guided not only by principles of honor, duty, and freedom, but also by the practical wisdom to know when, where, and how to apply these principles. Even their writings and speeches were swords in battle. Gifted literary stylists, both men relied on the written and spoken word to steel their citizens throughout desperate and prolonged wars. And both statesmen unexpectedly left office near the end of their wars—Lincoln by the bullet, Churchill by the ballot. They made mistakes, which Lehrman considers carefully. But the author emphasizes that, despite setbacks, they never gave up. "Deeply researched and elegantly written. . . a valuable contribution to our knowledge of the past. By expertly conjoining two great leaders in a single volume, he has enhanced our understanding of both." —*The Wall Street Journal* Includes illustrations and
