All great musicians have one thing in common---to a great extent they know what the harmony of a song is as they hear it. Do you? If not, here is a practical guide to get you up to speed. Written by Berklee professor Roberta Radley, it uses contemporary music to help you see how ear training is invaluable for your own musical needs.

Adieu Audrey Alfred Music

Contains a glossary of terms and lists of performers trained using Seth Riggs' vocal therapy and technique. Includes glossary (p. 91-94) and index.

For All Instruments Alfred Music

A sequential sight-singing curriculum for all choirs. Each of the six

units (containing four lessons each) clearly introduces new music

reading concepts, reinforces those concepts with several rhythm

and pitch exercises, motivates students with helpful hints and

challenge exercises, and concludes with fun-filled review games

and "Evaluating Your Performance" questions. The helpful

"Getting Ready" pages (which precede each unit) are filled with

music fundamentals, and for choirs who have never read music

before, an optional "Before We Begin" chapter opens the book.

And it's all a neatly laid out publication and a perfect fit for your

students. From whole notes to sixteenth-note patterns, seconds

to sevenths, key signatures, dynamics, articulations, and tempo

markings; it's all here, and it's all logically ordered to insure

student success! Spend just a few minutes a day with this book and your choir, too, will learn to "Sing at First Sight!"

In Rhythm. Advanced Studies, Erik Hojsgaard, composer and professor of aural training at the Royal Danish Academy of Music, provides a detailed guide to reading and understanding advanced use of rhythm. The 451 exercises and their corresponding notes allow those professionally involved with music to further develop their technical and practical skills in this specific area. The book also includes exercises aimed at developing modern composition techniques. Danish professor and composer Per Noergaard writes: The many aspects of aural training in this book by Erik Hojsgaard have been inspired by his deep insight into western music and its thousand-year-old traditions. Written with clarity that allows for rhythm and polyphony to be presented in an understandable form, Hojsgaard's book is both musical and entertaining. There is no doubt that one gains new insights and musical joys after working through the book's exercises.

Cacciari, academic (aesthetics, U. of Venice) and mayor of Venice as of 1993, surveys the history of angels in Judaic, Islamic, and Christian traditions; and how Dante, Rilke, Kafka, and other writers have used the metaphor of angels to speak about the phenomenology of language. Translated from the op. 63 Music Sales Amer

In this volume, which contains six suites and seven supplementary pieces for intermediate to advanced level pianists, Judith Schneider has provided detailed biographical and historical information about the pieces, as well as suggestions to achieve a proper interpretation of these works. Bach's table of ornaments is also discussed. This volume beautifully prepares students to perform Bach's more advanced English Suites.

Specimen Sight-Singing Tests Schirmer/Mosel Verlag Gmbh
She was living evidence that fairy tales are real and that angels can come down to earth. It was Colette who discovered the too

tall and too thin girl with expressive eyes, then a complete unknown, and made her the lead in the 1951 Broadway production of Gigi. Her film triumphs were all the more astonishing since she didn't match the usual Hollywood clichés. Petite, almost androgynous, and with a disarming naturalness, she had a worldwide impact on fashion and beauty trends and was enthusiastically welcomed as an alternative to the sex bombs and pin-up girls of the 50s. This book, with an essay by Klaus-Jürgen Sembach, is dedicated to Audrey Hepburn who died in 1993. It includes the best film stills, portraits, and private photographs by well-known and by unknown photographers from all over the world who have provided us with an immortal image of Hollywood's most endearing star.

Francesco Ignazio Lazzari's Discrizione Della Villa Pliniana

Francesco Ignazio Lazzari's reconstruction of the lost villa "in Tuscis" adds a unique document to the history of Italian gardens. Published with an English translation, this manuscript is framed by the scholarly contributions of Anatole Tchikine and Pierre de la Ruffinière du Prey, and offers essential context for understanding Lazzari's work.
