About Me:I am Corey Frankosky and I have 5 years of experience with SEO, affiliate marketing, and blogging. A year ago, I graduated from college with a degree in Information Systems and decided to go for my MBA. In August of 2013, I graduated from college with my Masters in Business Administration. About this book: This book is helpful for internet marketing, affiliate marketing, and Clickbank success. One of the most important things to keep in mind is that this book is helpful whether you are promoting Clickbank, Commission Junction, Amazon, Clicksure, JVZoo, or even Linkshare products. While much of the early detail involves Clickbank, the promotion methods I describe can be translated to any type of affiliate product. My goal is literally to teach you how to make money online, and I give you some ideas that have worked for me and still continue to work for me. What is Clickbank: Clickbank is an affiliate network where product creators (vendors) and affiliate marketers (publishers) come together to earn a profit online. Vendors release various products in many different niches so publishers can promote those products. A commission is paid out for every sale that an affiliate marketer makes. I will also go through Clickbank and teach you how to pick out products and promote them. In addition, I give you some best practices that I typically follow. Finally, I leave you with the biggest mistake I made in the conclusion. This was a mistake that cost me about a year of hard work and effort. Who this book is for: This book is written for the beginning affiliate marketer all the way to someone with years of experience. If you have a blog and you are struggling to get website traffic, then this book can be helpful for you too. It would also be beneficial for anyone who is trying to build an email list because the promotion methods would apply.
