GEORGE ALYSON

The Rise and Fall of Modern Medicine
Macmillan

An award-winning historian presents a wide-ranging history of accounting, discussing how basic auditing and double-entry bookkeeping have shaped kingdoms and empires as well as how misuse of this system caused the 1929 Crash and the 2008 financial crisis. 30,000 first printing.

The Rise and Fall of Nations: Forces of Change in the Post-Crisis World
Anchor Books

The Rise and Fall of Man is a fictitious novel which brings the horrific events foretold in the Book of Revelations to a unique array of characters. The

tribulations they endure test the very fabric of being human. War, famine, plague. Earthquakes, volcanoes, and beasts from hell. How much can one endure, and still hold onto the virtues that bind the soul together? Faith, hope, love. Strengths, yes, but can they survive against the power of sin? Against the AntiChrist, the False Prophet, and their demons? Weakness and doubt emanate a smell that evil feeds upon, and evil has no conscience. The prophecy of John of Patmos was written over two thousand years ago, but the story has never been told quite like this.

The Rise and Fall of Charles Lindbergh Dial Press

A forensic look at the Lucky Country, from the inside and outside. Never before has Australia

enjoyed such economic, commercial, diplomatic and cultural clout. Its recession-proof economy is the envy of the world. It's the planet's great lifestyle superpower. But its politics have never been so brutal, narrow and facile, as well as such a global laughing stock. A positive national story is at odds with a deeply unattractive Canberra story. In *The Rise and Fall of Australia*, BBC correspondent and author Nick Bryant offers an outsider's take on the great paradox of modern-day Australian life: of how the country has got richer at a time when its politics have become impoverished. In this thoroughly entertaining and thought-provoking book, dealing with politics, racism, sexism, culture, sport and the nation's place in the

region and the world, Bryant sets out to describe the new Australia rather than the mythic country so often misunderstood not just by foreigners but Australians themselves.

The Master Switch

Springer Science & Business Media

The Rise and Fall of the United States of America is a sweeping look at the rise of the greatest nation in the world and some of its formidable achievements. It also an introspective analysis of the symptoms of decline and a warning about the path it is taking; allowing an influx of immigrants who are bent on challenging the laws, dismantling the culture, and conquering our country. It's time to reflect on what made this country great and heed the warning to what could be its downfall.

The Rise and Fall (and Rise?) of a Man W. W.

A different approach to the theories on language evolution and change.

Ancient Rome Vintage

In Portland in 1983, girls are disappearing. Noah, a teen punk with a dark past, becomes obsessed with finding out where they've gone—and he's convinced their

disappearance has something to do with the creepy German owners of a local brewery, the PfefferBrau Haus. Noah worries about the missing girls as a way of avoiding the fact that something's seriously wrong with his best friend, Evan. Could it be the same dark force that's pulling them all down? When the PfefferBrau Haus opens its doors for a battle of the bands, Noah pulls his band, the Gallivanter, back together in order to get to the bottom of the mystery. But there's a new addition to the band: an enigmatic David Bowie look-alike named Ziggy. And secrets other than where the bodies are buried will be revealed. From Edgar-nominated author M. J. Beaufrand, this is a story that gets to the heart of grief and loss while also being hilarious, fast paced, and heartbreaking.

In The Rise and Fall of Peace on Earth, Michael Mandelbaum examines the peaceful quarter century after the end of the Cold War. He describes how the period came about and why it ended, arguing that individual countries overturned peaceful,

political, and military arrangements in Europe, Asia, and the Middle East, thereby affecting the rest of the world. He also probes prospects for the revival of peace in the future and stresses the importance of democracy and civil liberties across borders.

The Rise and Fall of Peace on Earth

Simon and Schuster

Based on interviews with Stan Lee and dozens of his colleagues and contemporaries, as well as extensive archival research, this book provides a professional history, an appreciation, and a critical exploration of the face of Marvel Comics. Recognized as a dazzling writer, a skilled editor, a relentless self-promoter, a credit hog, and a huckster, Stan Lee rose from his humble beginnings to ride the wave of the 1940s comic books boom and witness the current motion picture madness and comic industry woes. Included is a complete examination of the rise of Marvel Comics, Lee's work in the years of postwar prosperity, and his efforts in the 1960s to revitalize the medium after it had grown stale.

**The Rise and Fall of the
Working-Class Family
in America**

The Rise and
Fall...and Rise Again
In 1991, Gerald Ratner
made a landmark speech
to the Institute of
Directors After over 25
years in the jewellery
trade, Gerald Ratner was
one of the most well-
known and successful
retailers of his generation.
He had built up a highly
profitable, multi-million
pound international
business, including
household names like
Ratners, H Samuel, Ernest
Jones, Watches of
Switzerland, as well as
over one thousand stores
in the US. Being asked to
give the keynote address
at the Institute of
Directors' annual
conference at The Royal
Albert Hall was a great
honour and should have
been the crowning glory
on two decades of empire
building. Gerald's speech
was seized upon by the
media after he included
jokes about the quality of
some of the shops'
products. But the far-
reaching impact that

these jokes would have no
one could have predicted.
"Even though I had once
had my name above
hundreds of shops up and
down the country, it had
become more famous as a
byword for crap. It took
several years to realise
just what an impact the
speech had had on every
aspect of my life." Press
coverage of hardback
version: "... a rollicking
good read" —Michael
Skapinker, The FT "Most
business autobiographies
are so overlaid with ghost-
writerly blandness that
the character of the
subject is lost. Mr Ratner
had help with this one,
but fortunately he is still
there: obsessive, funny
and a bit of a scoundrel -
the last mitigated by how
well he knows it." —The
FT "self-effacing,
revealing and human"
—Luke Johnson, FT
Business Life "A few ill-
chosen words to a well-
heeled audience 16 years
ago reduced Britain's
biggest jeweller to
poverty. Now he reveals
how he bounced back"
—Jewish Chronicle
"...contains lessons for us
all" —Management Today
"...worth its weight in
gold" —The Independent
Amazon reviews
"Everyone knows the
story of Gerald's rise and
fall - what an amazing

story and well worth
reading.... I couldn't put it
down, totally gripping and
inspiring stuff, you really
couldn't see this coming
from such an energetic,
passionate man" "I have
read many bio's from
business leaders and
most are boring 'how to
get rich' or 'let me tell you
a long list of not very
interesting stories with all
the good bits missed out'.
Gerald's book is very
different it is a great read,
I could not put it down"
"Sobering and
enlightening at the same
time. A great read and a
morality tale of our time."
Rise and Fall of the United
States of America Oxford
University Press, USA
"Published for the Center
for Hellenic Studies."
The Rise and Fall of the
Afterlife Random House
After more than five
hundred years of exile,
the heir to the empyre is
wary about his sudden
reassignment to active
duty on the Goblin War's
front lines. His assignment
to rescue an outpost leads
to a dead-end canyon
deep inside enemy
territory, and his suspicion
turns to dread when he
discovers the stronghold
does not exist. But
whoever went to the
trouble of planning his
death to look like a
casualty of war did not

know he would be assigned to the Seventh Sikaria Auxiliary Squadron. In the depths of an unforgiving jungle, a legend is about to be born, and the world of Elan will never be the same.

The Rise and Fall of the Third Reich HarperCollins International Bestseller "Quite simply the best guide to the global economy today." —Fareed Zakaria Shaped by his twenty-five years traveling the world, and enlivened by encounters with villagers from Rio to Beijing, tycoons, and presidents, Ruchir Sharma's *The Rise and Fall of Nations* rethinks the "dismal science" of economics as a practical art. Narrowing the thousands of factors that can shape a country's fortunes to ten clear rules, Sharma explains how to spot political, economic, and social changes in real time. He shows how to read political headlines, black markets, the price of onions, and billionaire rankings as signals of booms, busts, and protests. Set in a post-crisis age that has turned the world upside down, replacing fast growth with slow growth and political calm with revolt, Sharma's pioneering book

is an entertaining field guide to understanding change in this era or any era.

The Rise & Fall of Great Powers Penguin UK

The Rise and Fall...and Rise Again John Wiley & Sons

The Rise and Fall of Information Empires Simon and Schuster

A brilliant, authoritative, and fascinating history of America's most puzzling era, the years 1920 to 1933, when the U.S. Constitution was amended to restrict one of America's favorite pastimes: drinking alcoholic beverages. From its start, America has been awash in drink. The sailing vessel that brought John Winthrop to the shores of the New World in 1630 carried more beer than water. By the 1820s, liquor flowed so plentifully it was cheaper than tea. That Americans would ever agree to relinquish their booze was as improbable as it was astonishing. Yet we did, and *Last Call* is Daniel Okrent's dazzling explanation of why we did it, what life under Prohibition was like, and how such an unprecedented degree of government interference in the private lives of

Americans changed the country forever. Writing with both wit and historical acuity, Okrent reveals how Prohibition marked a confluence of diverse forces: the growing political power of the women's suffrage movement, which allied itself with the antiliquor campaign; the fear of small-town, native-stock Protestants that they were losing control of their country to the immigrants of the large cities; the anti-German sentiment stoked by World War I; and a variety of other unlikely factors, ranging from the rise of the automobile to the advent of the income tax. Through it all, Americans kept drinking, going to remarkably creative lengths to smuggle, sell, conceal, and convivially (and sometimes fatally) imbibe their favorite intoxicants. *Last Call* is peopled with vivid characters of an astonishing variety: Susan B. Anthony and Billy Sunday, William Jennings Bryan and bootlegger Sam Bronfman, Pierre S. du Pont and H. L. Mencken, Meyer Lansky and the incredible—if long-forgotten—federal official Mabel Walker Willebrandt, who throughout the twenties

was the most powerful woman in the country. (Perhaps most surprising of all is Okrent's account of Joseph P. Kennedy's legendary, and long-misunderstood, role in the liquor business.) It's a book rich with stories from nearly all parts of the country. Okrent's narrative runs through smoky Manhattan speakeasies, where relations between the sexes were changed forever; California vineyards busily producing "sacramental" wine; New England fishing communities that gave up fishing for the more lucrative rum-running business; and in Washington, the halls of Congress itself, where politicians who had voted for Prohibition drank openly and without apology. *Last Call* is capacious, meticulous, and thrillingly told. It stands as the most complete history of Prohibition ever written and confirms Daniel Okrent's rank as a major American writer.

A Novel Hippocrene Books
 Paul Kennedy's classic naval history, now updated with a new introduction by the author
 This acclaimed book traces Britain's rise and fall as a sea power from

the Tudors to the present day. Challenging the traditional view that the British are natural 'sons of the waves', he suggests instead that the country's fortunes as a significant maritime force have always been bound up with its economic growth. In doing so, he contributes significantly to the centuries-long debate between 'continental' and 'maritime' schools of strategy over Britain's policy in times of war. Setting British naval history within a framework of national, international, economic, political and strategic considerations, he offers a fresh approach to one of the central questions in British history. A new introduction extends his analysis into the twenty-first century and reflects on current American and Chinese ambitions for naval mastery. 'Excellent and stimulating' Correlli Barnett 'The first scholar to have set the sweep of British Naval history against the background of economic history' Michael Howard, *Sunday Times* 'By far the best study that has ever been done on the subject ... a sparkling and apt quotation on practically every page' Daniel A. Baugh, *International History*

Review 'The best single-volume study of Britain and her naval past now available to us' Jon Sumida, *Journal of Modern History*
Rise and Fall of Society
 Franklin Watts
 A major new history of classical Greece—how it rose, how it fell, and what we can learn from it Lord Byron described Greece as great, fallen, and immortal, a characterization more apt than he knew. Through most of its long history, Greece was poor. But in the classical era, Greece was densely populated and highly urbanized. Many surprisingly healthy Greeks lived in remarkably big houses and worked for high wages at specialized occupations. Middle-class spending drove sustained economic growth and classical wealth produced a stunning cultural efflorescence lasting hundreds of years. Why did Greece reach such heights in the classical period—and why only then? And how, after "the Greek miracle" had endured for centuries, did the Macedonians defeat the Greeks, seemingly bringing an end to their glory? Drawing on a massive body of newly available data and

employing novel approaches to evidence, Josiah Ober offers a major new history of classical Greece and an unprecedented account of its rise and fall. Ober argues that Greece's rise was no miracle but rather the result of political breakthroughs and economic development. The extraordinary emergence of citizen-centered city-states transformed Greece into a society that defeated the mighty Persian Empire. Yet Philip and Alexander of Macedon were able to beat the Greeks in the Battle of Chaeronea in 338 BCE, a victory made possible by the Macedonians' appropriation of Greek innovations. After Alexander's death, battle-hardened warlords fought ruthlessly over the remnants of his empire. But Greek cities remained populous and wealthy, their economy and culture surviving to be passed on to the Romans—and to us. A compelling narrative filled with uncanny modern parallels, this is a book for anyone interested in how great civilizations are born and die. This book is based on evidence available on a new interactive website. To learn more, please

 Examines the history of the American South from its colonial beginnings through the Civil War. *The Rise and Fall of the Secret Service* Abrams Jason Alexander
The Early Greek Concept of the Soul
 Clark Univ Heinz Werner Inst
 NEW YORK TIMES BESTSELLER • “This is one of those books that will go down as the seminal work—the determinative work—in this field. . . . Terrifying.”—Rachel Maddow The first definitive account of the rise and fall of the Secret Service, from the Kennedy assassination to the alarming mismanagement of the Obama and Trump years, right up to the insurrection at the Capitol on January 6—by the Pulitzer Prize winner and #1 New York Times bestselling co-author of *A Very Stable Genius* and *I Alone Can Fix It* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST Carol Leonnig has been reporting on the Secret Service for *The Washington Post* for most of the last decade, bringing to light the

secrets, scandals, and shortcomings that plague the agency today—from a toxic work culture to dangerously outdated equipment to the deep resentment within the ranks at key agency leaders, who put protecting the agency's once-hallowed image before fixing its flaws. But the Secret Service wasn't always so troubled. The Secret Service was born in 1865, in the wake of the assassination of Abraham Lincoln, but its story begins in earnest in 1963, with the death of John F. Kennedy. Shocked into reform by its failure to protect the president on that fateful day in Dallas, this once-sleepy agency was radically transformed into an elite, highly trained unit that would redeem itself several times, most famously in 1981 by thwarting an assassination attempt against Ronald Reagan. But this reputation for courage and excellence would not last forever. By Barack Obama's presidency, the once-proud Secret Service was running on fumes and beset by mistakes and alarming lapses in judgment: break-ins at the White House, an armed gunman firing into the windows of the

residence while confused agents stood by, and a massive prostitution scandal among agents in Cartagena, to name just a few. With Donald Trump's arrival, a series of promised reforms were cast aside, as a president disdainful of public service instead abused the Secret Service to rack up political

and personal gains. To explore these problems in the ranks, Leonnig interviewed dozens of current and former agents, government officials, and whistleblowers who put their jobs on the line to speak out about a hobbled agency that's in desperate need of reform.

"I will be forever grateful to them for risking their careers," she writes, "not because they wanted to share tantalizing gossip about presidents and their families, but because they know that the Service is broken and needs fixing. By telling their story, they hope to revive the Service they love."
