Fred & Rose West - Britain's Most Infamous Killer Couples On the 24th of February 1994, police knocked on the door of an aging house in the English town of Gloucester. They'd come to serve a search warrant in the case of a missing girl - the daughter of the house's inhabitants. What they uncovered

would shock the world: decades of child abuse, an underground torture chamber, and a burial ground containing the bodies of the spent victims of the torture - including that of the missing daughter. The address was 25 Cromwell Street, and these discoveries would earn it the moniker "The House of Horrors". At the end of the investigation, the number of the murdered was twelve - all young females, including one daughter and one stepdaughter. The couple responsible were Rosemary and Frederick West, and this book will tell you their story. We'll start from the very beginning, with the killers' childhoods and upbringings, exploring in detail the factors that contributed to

their later depravities. From there we'll detail the crimes themselves, following the tragic tales of their victims, including the mechanisms that led them to their grim fates. We'll examine how the full extent of their crimes was uncovered in the subsequent investigation. Finally, we'll dig into the malignancies both surrounding the killers and within themselves that drove them to perpetrate their heinous acts. This book is not one for the faint of heart. It enters into graphic details that may upset those of a delicate constitution. It is a true life report on real events. If you believe as I do that we are better served knowing and understanding the full

depths of darkness the human soul is capable of, and if you are able to stomach this knowledge, then read on and discover the story of one of Britain's most infamous killer couples. area in turmoil. The Tombstone Mining District was a fluid area, filled with hard working settlers, some of the nations best mining engineers, and some of the nations worst criminals. The Tombstone saga and its greatest conflicts were linked to incidents outside of Tombstone. A shooting near Drew's Station, drew Wyatt Earp more closely into conflict with the local outlaw element. This in turn would set in motion a chain of events that would in part lead to the West's most famous gunfight, the Gunfight near the O.K. Corral. The Earps were brought into court at Contention City over the shootings in Tombstone. The all important history of Drew's Station,

FRED & ROSE IS THE  
DEFINITIVE ACCOUNT  
OF THIS INFAMOUS  
CASE - NOW UPDATED  
WITH A POSTSCRIPT  
FROM THE AUTHOR

Fred and Rose West are virtually unique in British criminal history: a husband and wife who loved and killed together. During their long relationship, the Wests murdered a series of young women, burying the remains of nine victims under their home at 25 Cromwell Street, Gloucester, including those of their daughter. What was left of Fred West's eight-year-old stepdaughter was dug up from under the Wests' previous Gloucester home; his first wife and nanny were buried in open country. Most victims had been decapitated and dismembered, their remains showing signs of sexual torture. These twelve are just the ones police found when the Wests were

arrested in 1994. There may be more whose bones have not been located . . . Howard Sounes broke the first major story about the Wests as a journalist, and covered the murder trial of Rosemary West, before writing *Fred & Rose*, the definitive account of this infamous case. Beginning with Fred's and Rose's bizarre childhoods, Sounes charts their lives and crimes in forensic detail, creating a fascinating and truly frightening account of a marriage soaked in blood.

Fred and Rose West, she was only 16. Realizing that there was something very malevolent about the couple, she left their employment soon after, glad to be rid of them. The story should have ended there, but a month later she was abducted by the Wests and suffered violent sexual abuse at their hands before being told that she would be killed and buried.

Through a combination of luck and quick thinking, despite the trauma of what had happened, Caroline managed to escape to freedom. This is her story of those fateful days and the appalling aftermath.

The definitive account of one of Britain's most notorious killer couples, who loved, tortured, and slayed together as husband and wife. Updated with a new afterword from the author on the twenty-fifth anniversary of the arrests From the outside, 25 Cromwell Street in Gloucester, England, looked as commonplace as the married couple who lived there. But in 1994, Fred and Rose West's home would become infamous as a

“house of horrors” when the remains of nine young women—many of them decapitated, dismembered, and showing evidence of sexual torture—were found interred under its cellar, bathroom floor, and garden. And this wasn’t the only burial ground: Fred’s first wife and nanny were unearthed miles away in a field, while his eight-year-old stepdaughter was found entombed under the Wests’ former residence. Yet, for more than twenty years, the twosome maintained a façade of normalcy while abusing and murdering female boarders, hitchhikers, and members of their own family. Howard Sounes, who first broke the story about the Wests as a journalist

and covered the murder trial, has written a comprehensive account of the case. Beginning with Fred and Rose’s bizarre childhoods, Sounes charts their lives and crimes in forensic detail, constructing a fascinating and frightening tale of a marriage soaked in blood. Indeed, the total number of the Wests’ victims may never be known. A case reminiscent of the “Moors Murders” committed in the 1960s in Manchester by Myra Hindley and Ian Brady—as if Hindley and Brady had married and kept on killing for decades—Fred & Rose “is a story of obsessive love as well as obsessive murder” (The Times, London).

Fred Rose's life takes us through rip-roaring tales from Australia's northern frontier to enthralling intellectual tussles over kinship systems and political dramas as he runs rings around his Petrov inquisitors. More than any other injustice, the abuse of Aborigines leads him into the Communist Party in 1942. His move to academic life in what he insisted on calling the German Democratic Republic made him a dissident against anthropological orthodoxies in the Soviet Bloc as he had been in Australia. Those final three decades also see his informing on his children to his Stasi handlers. Out of

relentless research, Peter Monteath and Valerie Munt present an engrossing portrait of the short twentieth century from Rose's birth during the Great War to his death in Berlin shortly after the Wall comes down. The result is unputdownable for its sweep of events while causing us to reflect on how someone can be heroic and horrendous, appalling and admirable.

The Cat Outside His Door: Poems After Roethke contains 61 new and selected poems from five decades of poet Fred Wolven's work. Herein the author explores minute and overpowering elements

of nature while examining the development of one's psyche with vivid depictions of the wonders of our environment. Just before Theodore Roethke's death in 1963 Wolven viewed In a Dark Time, a film of Roethke's performance of his poems in the Puget Sound area. During the film, a cat sat outside his door, thus that cat and Roethke are subjects of many poems in this collection. In this lyrical-narrative journey through six series of poems one learns how writers impact each other and in the process how their life and writing become transformed. This volume is as close as poetry comes to providing a biographical non-

autobiographical study by a current poet of an award winning 20th century master poet. In the process Wolven has created a volume of fascinating poems with a quiet connection between a cat, two poets, and their—our earth.

An autobiographical drama in which an innocent man paid his reputation and nearly his life for almost twenty years, *Deadly Roses* by Marvin Marable is a shocking tale of what happens when officials follow the wrong leads and guilty men have the means to cover their tracks and flee the country. Set between Atlanta and Palm Beach, the author's life was sent into turmoil soon after his divorce. Two weeks after his

divorce was finalized, his ex-wife's best friend was murdered. While there wasn't compelling evidence to indict or arrest Marable in the deadly 1987 slaying, he was intensely scrutinized as a suspect. The aftermath of the extensive investigation, involving the FBI, the U.S. Attorney's Office, the Georgia Bureau of Investigation, and the Atlanta Police, changed his life as well as his sense of security and justice. Unable to refute statements made against him upon the advice of counsel, Marable struggled for two decades until he ultimately became a witness for the prosecution. "I will follow you to hell. You will never control any treasure and your army is dead where they stand. I promise you I will reach down from the heavens and take each of their lives". Imagine for a moment you are skiing downhill racing ahead of an avalanche, your chest is pounding, pulse racing. That is what you will experience reading this story as the momentum builds, and your heart beats faster and faster. You will be absorbed into the lives of the characters, becoming a part of the action even after the ending. There are struggles between honor and greed, right and wrong, battlefields are soaked crimson over them. It makes you think and question

'What if?' due to the possibilities and theories contained within. It is purely fictional though based on a trilogy of poems I wrote. While hiking in Europe, Christian finds a unique rock formation resembling a rose hidden in shadows. While camping in the shadows, Christian hears the voice of a ghost telling a magnificent tale of times long past. The voice of Sir Rowan Baldin of the Knights Templar, born out of the aftermath of the Templar purge in France 600 years prior. Rowan's lineage managed to escape the purge to what is now known as Switzerland. There they helped shape a country while protecting their Templar roots in

absolute secrecy. Rowan uses dreams and leads Christian on a fast paced adventure throughout Europe. Christian stumbles onto a number of remarkable discoveries, and is knighted by the modern day Templars he uncovers on his quest. Christian finds who he was meant to be. The Templars, these once 'warrior monks' are brought out of the shadows, and their reputation redeemed as their real story is told. This book is not suitable for children due to graphic nature of violence and adult situations. This is my first novel.
