CECELIA LILLIANNA

Coming Undone Black Book

A revolutionary memoir about domestic abuse by the award-winning author of *Her Body and Other Parties*. In *The Dream House* is Carmen Maria Machado's engrossing and wildly innovative account of a relationship gone bad, and a bold dissection of the mechanisms and cultural representations of psychological abuse. Tracing the full arc of a harrowing relationship with a charismatic but volatile woman, Machado struggles to make sense of how what happened to her shaped the person she was becoming. And it's that struggle that gives the book its original structure: each chapter is driven by its own narrative trope—the haunted house, erotica, the bildungsroman—through which Machado holds the events up to the light and examines them from different angles. She looks back at her religious adolescence, unpacks the

stereotype of lesbian relationships as safe and utopian, and widens the view with essayistic explorations of the history and reality of abuse in queer relationships. Machado's dire narrative is leavened with her characteristic wit, playfulness, and openness to inquiry. She casts a critical eye over legal proceedings, fairy tales, *Star Trek*, and Disney villains, as well as iconic works of film and fiction. The result is a wrenching, riveting book that explodes our ideas about what a memoir can do and be.

Miranda and Caliban is bestselling fantasy author Jacqueline Carey's gorgeous retelling of *The Tempest*. With hypnotic prose and a wild imagination, Carey explores the themes of twisted love and unchecked power that lie at the heart of Shakespeare's masterpiece, while serving up a fresh take on the play's iconic characters. A lovely girl grows up in isolation where her father, a powerful magus, has spirited them to in order to keep them safe. We all know the tale of Prospero's quest for revenge, but what of Miranda? Or Caliban, the so-called savage Prospero chained to his will? In this incredible retelling of the fantastical tale, Jacqueline Carey shows readers the other side of the coin—the dutiful and tenderhearted Miranda, who loves her father but is terribly lonely. And Caliban, the strange and feral boy Prospero has bewitched to serve him. The two find solace and companionship in each other as Prospero weaves his magic and dreams of revenge. Always under Prospero's jealous eye, Miranda and Caliban battle the dark, unknowable forces that bind them to the island even as the pangs of adolescence create a new awareness of each other and

their doomed relationship. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A autobiography about early years in my life.

The Cuckold Path Rajan Patel

In the year 2034, Theo Quderian, a French physicist, made an amusing but impractical discovery: the means to use a one-way, fixed-focus time warp that opened into a place in the Rhone River valley during the idyllic Pliocene Epoch, six million years ago. But, as time went on, a certain usefulness developed. The misfits and mavericks of the future—many of them brilliant people—began to seek this exit door to a mysterious past. In 2110, a particularly strange and interesting group was preparing to make the journey—a starship captain, a girl athlete, a paleontologist, a woman priest, and others who had reason to flee the technological perfection of twenty-second-century life. Thus begins this dazzling fantasy novel that invites comparisons with the work of J.R.R. Tolkien, Arthur C. Clarke, and Ursula Le Quin. It opens up a whole world of wonder, not in far-flung galaxies but in our own distant past on Earth—a world that will captivate not only science-fiction and fantasy fans but also those who enjoy literate thrillers. The group that passes through the time-portal finds an unforeseen strangeness on the other side. Far from being uninhabited, Pliocene Europe is the home of two warring races from another planet. There is the knightly race of the Tanu—handsome, arrogant, and possessing vast powers of psychokinesis and telepathy. And there is the outcast race of Firvulag—dwarfish, malevolent, and gifted with their own

supernormal skills. Taken captive by the Tanu and transported through the primordial European landscape, the humans manage to break free, join in an uneasy alliance with the forest-dwelling Firvulag, and, finally, launch an attack against the Tanu city of light on the banks of a river that, eons later, would be called the Rhine. Myth and legend, wit and violence, speculative science and breathtaking imagination mingle in this romantic fantasy, which is the first volume in a series about the exile world. The sequel, titled *The Golden Torc*, will follow soon.

Three Square Meals Penguin

"Dazzling. . . The most revolutionary reimagining of Jefferson's life ever." -Ron Charles, Washington Post Winner of the Crook's Corner Book Prize Longlisted for the 2016 Center for Fiction First Novel Prize A debut novel about Thomas Jefferson and Sally Hemings, in whose story the conflict between the American ideal of equality and the realities of slavery and racism played out in

the most tragic of terms. Novels such as Toni Morrison's *Beloved*, *The Known World* by Edward P. Jones, James McBride's *The Good Lord Bird* and *Cloudsplitter* by Russell Banks are a part of a long tradition of American fiction that plumbs the moral and human costs of history in ways that nonfiction simply can't. Now Stephen O'Connor joins this company with a profoundly original exploration of the many ways that the institution of slavery warped the human soul, as seen through the story of Thomas Jefferson and Sally Hemings. O'Connor's protagonists are rendered via scrupulously researched scenes of their lives in Paris and at Monticello that alternate with a harrowing memoir written by Hemings after Jefferson's death, as well as with dreamlike sequences in which Jefferson watches a movie about his life, Hemings fabricates an "invention" that becomes the whole world, and they run into each other "after an unimaginable length of time" on the New York City subway. O'Connor is unsparing in his rendition of the hypocrisy of the Founding Father and slaveholder who wrote "all men are created equal," while enabling Hemings to tell her story in a way history has not allowed her to. His important and beautifully written novel is a deep moral reckoning, a story about the search for justice, freedom and an ideal world—and about the survival of hope even in the midst of catastrophe.

Another masterpiece by Rick Donahue. His latest work puts group sex stories and orgy sex into a whole new light. Characteristically he adds other genres such as big cock sex, slut wife and MILF sex

stories in his latest work and create the visual language that makes it play out in your mind's eye. What makes this latest compilation of group sex stories so awesome is that the stories are real life adventures where only the names have been change to make it into fictional erotica. This makes for an awesome read with life like thrill and almost fantasy type for every reader that love group sex stories. What makes his book even better is that his trademark pictures are always included. Here is an excerpt: "Her husband started kissing on my wife and she was getting into it big time, even though she was here mainly for the wives, she was also greatly into big, hunky black men and so she was sucking on what she would describe as his 'incredibly sumptuous lips.'" Rick gets his Blackzilla big cock sex stories included in this great compilation.

Naughty on Vacation Graywolf Press

The New York Times bestselling author of *The Party Is Over* delivers a no-holds-barred exposé of who really wields power in Washington. Every four years, tempers are tested and marriages fray as Americans head to the polls to cast their votes. But does anyone really care what we think? Has our vaunted political system become one big, expensive, painfully scripted reality TV show? In this cringe-inducing expose of the sins and excesses of Beltwayland, a longtime Republican party insider argues that we have become an oligarchy in form if not in name. Hooked on war, genuflecting to big donors, in thrall to discredited economic theories and utterly bereft of a moral compass, America's

governing classes are selling their souls to entrenched interest while our bridges collapse, wages, stagnate, and our water is increasingly undrinkable. Drawing on insights gleaned over three decades on Capitol Hill, much of it on the Budget Committee, Lofgren paints a gripping portrait of the dismal swamp on the Potomac and the revolution it will take to reclaim our government and set us back on course.
