*Annual Report of the Committee of the Society for the Promotion of Permanent and Universal Peace, for ...* Routledge

Containing scientific abstracts of important and interesting works, published in English; a general account of such as are of less consequence, with short characters; notices, or reviews of valuable foreign books; criticisms on new pieces of music and works of art; and the literary intelligence of Europe, &c.

*Antipolemus, Or, The Plea of Reason, Religion, and Humanity Against War, a Fragment* Oxford University Press

Excerpt from *Antipolemus, or the Plea of Reason, Religion, and Humanity Against War: A Fragment* I I philanthropy, which prompted him to exert his fine abilities, totally regardless of mean honours, on behalf of profits, in diffusing most important information, in an age when human misery 'was greatly augmented by gross ignorance, and when man, free-born but degraded man, was bound down in darkness, with double shackles, in the chains of a twofold despotism, usurping an absolute dominion, both in church' and in state, over the body and the soul. These two givers combined formed an era; a man justly deemed and called the Phoenix of his age. He it was who led the way both to the revival of learning and the reformation of

religion. Tafle and polite letters are no less indebted to him than rational theology. Liberty acknowledges him as one of her noblest benefactors. Had he not appeared and fought for the good of humanity, with the fear of truth and the laugh of ridicule, Europe, instead of enjoying or contending for freedom at this hour, might perhaps have been still sunk in the dead repose of servitude, or galled with the iron hand of CIVIL tyrants allied, for mutual aid, in a villainous confederacy, with the despotism of a 2 eccle . About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. *A Friendly and Constitutional Address to the People of Great Britain* University of Toronto Press

A provocative exploration of intellectual exchange across four centuries of European history by the author of *When the World Spoke French* In this fascinating study, preeminent historian Marc Fumaroli reveals how an imagined "republic" of ideas and interchange fostered the Italian Renaissance, the Enlightenment, and the French Revolution. He follows exchanges among Petrarch, Erasmus, Descartes, Montaigne, and others from the fifteenth through the eighteenth centuries, through revolutions in culture and society. Via revealing portraits and analysis, Fumaroli traces intellectual currents engaged with the core question of how to live a moral life--and argues that these men of letters provide an example of the exchange of knowledge and ideas that is worthy of emulation in our own time. Combining scholarship, wit, and reverence, this thought-provoking volume represents the culmination of a lifetime of scholarship.

**Wherefrom Does History Emerge?** Forgotten Books

In the twentieth century, Mansfield concludes, more modern ways of studying Erasmus have emerged, notably through seeing him more precisely in his own historical context.

**The Complaint of Peace** Walter de Gruyter GmbH & Co KG

Consists of miscellaneous short pieces by and about Quakers in prose and poetry.

**السلام** BoD - Books on Demand

In *Peace in World History*, Peter N. Stearns examines the ideas of peace that have existed throughout history, and how societies have sought to put them into practice. Beginning with the status of peace in early hunter-gatherer and agricultural societies, and continuing through the present day, the narrative gives students

a clear view of the ways people across the world have understood and striven to achieve peace throughout history. Topics covered include: Comparison of the 'pax Romana' and 'pax Sinica' of Rome and China Concepts of peace in Buddhism, Christianity, and Islam, and their historical impact The place of peace in the periods of expanding empires The emergence, starting in the 19th century, of formal schemes to promote peace amid increasingly destructive technologies for warfare Moving away from the view of history as a series of military conflicts, Peace in World History offers a new way of looking at world history by focusing on peace. Showing how concepts of peace have evolved over time even as they have been challenged by war and conflict, this lively and engaging narrative enables students to consider peace as a human possibility.

Man on His Own Yale University Press

Very Short Introductions: Brilliant, Sharp, Inspiring The concept of peace has always attracted radical thought, action, and practices. It has been taken to mean merely an absence of overt violence or war, but in the contemporary era it is often used interchangeably with 'peacemaking', 'peacebuilding', 'conflict resolution', and 'statebuilding'. The modern concept of peace has therefore broadened from the mere absence of violence to something much more complicated. In this Very Short Introduction, Oliver Richmond explores the evolution of peace in practice and in theory, exploring our modern assumptions about peace and the various different interpretations of its applications. This second edition has been theoretically and empirically updated and introduces a new framework to understand the overall evolution of the international peace architecture. ABOUT THE SERIES: The

Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Catalogue of the Library of the Peabody Institute of the City of Baltimore ...

Charlotte Turner Smith held a central position during the formative years of the British Romantic period. Smith's work includes eleven novels and two fictional adaptations from the French. This edition reveals the extent to which Smith's work in this form constitutes as significant an achievement as her poetry.

### **The Complaint of Peace**

Excerpt from The Complaint of Peace: To Which Is Added, Antipolemus; Or the Plea of Reason, Religion, and Humanity, Against War I am very glad to find that my little book, the Complaint of Peace, did not displease the good bishop and I already think I am amply recompensed for my pains, since he receives it favourably, whose approbation I was anxious to obtain. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully;

any imperfections that remain are intentionally left to preserve the state of such historical works.

#### The Complaint of Peace

Powers of chaos accompany any order of the human world, being the force against which this order is set. Human experience of history is two-fold. There is history ruled by chaos and history ruled by order. "History" occurs in a continuous flow of both histories. The dialectics of life unto nothingness/creation, struggles for order/order achieved is unceasingly actual. In exploring it, within a wide interdisciplinary and transcultural range, this book reaches beyond a conventional "philosophy of history". It deals with the chaotic as well as the cosmic part of the human historical experience. It stages this drama through the tales that religious, mythical, literary, philosophical, folkloristic, and historiographical sources tell and which are retold and interpreted here. From early on humans wished to know where, why, and wherefore all started and took place. Couldn't the

dialectics between chaos and order be meaningful? Couldn't they assume a productive role as to the world's precarious event?

Power, strife, guilt, divine grace and revelation, literary symbolization, as well as storytelling are discussed in this book. Philosophy, political theory, theology, religious studies, and literary studies will greatly benefit from its width and density.
