### **The Pop-up Pitch**

Simon and Schuster  
Hailed as one of the  
greatest novels of all  
time and a classic of  
world literature, War

and Peace is a tale of  
strivers in a world  
fraught with conflict,  
social and political  
change, and spiritual  
confusion, Tolstoy's  
magnificent work  
continues to entertain,  
enlighten, and inspire  
readers around the  
world. Both an intimate  
study of individual  
passions and an epic  
history of Russia and  
its people, 'War and  
Peace' is nothing more

or less than a complete portrait of human existence. Among its many unforgettable characters is Prince Andrey Bolkonsky, a proud, dashing man who, despising the artifice of high society, joins the army to achieve glory. Badly wounded at Austerlitz, he begins to discover the emptiness of everything to which he has devoted himself. His death scene is considered one of the greatest passages in Russian literature. Terror swiftly engulfs the country as Napoleon's army marches on Russia, and the lives of three young people are changed forever. The stories of quixotic Pierre, cynical Andrey and impetuous Natasha interweave with a huge cast, from

aristocrats and peasants, to soldiers and Napoleon himself. In *War and Peace* (1868-9), Tolstoy entwines grand themes—conflict and love, birth and death, free will and fate.

*What's Cooking America*

While poking through his mother's possessions following her death, Richard, the owner of a secondhand store outside Detroit, stumbles upon a box of old photographs that have a profound and transforming impact on his life. Reprint. 25,000 first printing.

*The Back of the Napkin (Expanded Edition)*  
Penguin

No matter your field, industry, or specialty, as a leader you make a series of crucial decisions every single

day. And the harsh truth is that the majority of decisions—no matter how good the intentions behind them—are mismanaged, resulting in a huge toll on organizations, the people they employ, and even the people they serve. So why is it so hard to make sound decisions? In *Think Twice*, now in paperback, Michael Mauboussin argues that we often fall victim to simplified mental routines that prevent us from coping with the complex realities inherent in important judgment calls. Yet these cognitive errors are preventable. In this engaging book, Mauboussin shows us how to recognize and avoid common mental

missteps. These include misunderstanding cause-and-effect linkages, not considering enough alternative possibilities in making a decision, and relying too much on experts. Through vivid stories, the author presents memorable rules for avoiding each error and explains how to recognize when you should “think twice”—questioning your reasoning and adopting decision-making strategies that are far more effective, even if they seem counterintuitive. Armed with this awareness, you'll soon begin making sounder judgment calls that benefit (rather than hurt) your organization. [A Novel](#) Oxford

University Press  
Aboard "The Boundless," the greatest train ever built, on its maiden voyage across Canada, teenaged Will enlists the aid of a traveling circus to save the train from villains.

**A Son's Memoir of Gabriel García Márquez and Mercedes Barcha**

Applewood Books  
One of Woolf's most experimental novels, *The Waves* presents six characters in monologue - from morning until night, from childhood into old age - against a background of the sea. The result is a glorious chorus of voices that exists not to remark on the passing of events but to celebrate the connection between its various individual parts.

Obit Falcon Guides  
Whether you are a student or a working professional, you can benefit from being better at solving the complex problems that come up in your life. *Strategic Thinking in Complex Problem Solving* provides a general framework and the necessary tools to help you do so. Based on his groundbreaking course at Rice University, engineer and former strategy consultant Arnaud Chevallier provides practical ways to develop problem solving skills, such as investigating complex questions with issue maps, using logic to promote creativity, leveraging analogical thinking to approach unfamiliar problems, and managing diverse groups to foster

innovation. This book breaks down the resolution process into four steps: 1) frame the problem (identifying what needs to be done), 2) diagnose it (identifying why there is a problem, or why it hasn't been solved yet), 3) identify and select potential solutions (identifying how to solve the problem), and 4) implement and monitor the solution (resolving the problem, the 'do'). For each of these four steps - the what, why, how, and do - this book explains techniques that promotes success and demonstrates how to apply them on a case study and in additional examples. The featured case study guides you through the resolution process, illustrates how these concepts apply,

and creates a concrete image to facilitate recollection. Strategic Thinking in Complex Problem Solving is a tool kit that integrates knowledge based on both theoretical and empirical evidence from many disciplines, and explains it in accessible terms. As the book guides you through the various stages of solving complex problems, it also provides useful templates so that you can easily apply these approaches to your own personal projects. With this book, you don't just learn about problem solving, but how to actually do it. A Novel Unfolding the NapkinThe Hands-On Method for Solving Complex Problems with Simple Pictures A guide to etiquette that was used right

after the Civil War. Recommended by the Confederate Yankee. *The Waves* Applewood Books  
Many of us assume that our creative process is beyond our ability to influence, and pay attention to it only when it isn't working properly. For the most part, we go about our daily tasks and everything just "works." Until it doesn't. Adding to this lack of understanding is the rapidly accelerating pace of work. Each day we are face escalating expectations and a continual squeeze to do more with less. We are asked to produce an ever-increasing amount of brilliance in an ever-shrinking amount of time. There is an unspoken (or spoken!) expectation

that we'll be accessible 24/7, and as a result we frequently feel like we're "always on." Now business creativity expert Todd Henry explains how to unleash your creative potential. Whether you're a creative by trade or an "accidental creative," this book will help you quickly and effectively integrate new ideas into your daily life.

#### The Book of Tea

Penguin

Friendly and inviting-- bound to be a classic-- "What's Cooking America" offers more than 800 tried-and-tasted recipes, accompanied by a wealth of well-organized information. When Andra Cook and Linda Stradley discovered that they each had been working on compiling favorite

recipes requested by their children, they decided to throw their efforts into one pot and let it simmer for a while until the contents were thick and rich to emerge fully seasoned as "What's Cooking America." Andra Cook lives in North Carolina and Linda Stradley lives in Oregon.

A Conversation with

Joan Sallas Penguin

Ever been to so many meetings that you couldn't get your work done? Ever fallen asleep during a bulletpoint presentation? Ever watched the news and ended up knowing less? Welcome to the land of Blah Blah Blah. The Problem: We talk so much that we don't think very well. Powerful as words are, we fool ourselves when we think our words

alone can detect, describe, and defuse the multifaceted problems of today. They can't-and that's bad, because words have become our default thinking tool. The Solution: This book offers a way out of blah-blah-blah. It's called "Vivid Thinking." In Dan Roam's first acclaimed book, *The Back of the Napkin*, he taught readers how to solve problems and sell ideas by drawing simple pictures. Now he proves that *Vivid Thinking* is even more powerful. This technique combines our verbal and visual minds so that we can think and learn more quickly, teach and inspire our colleagues, and enjoy and share ideas in a whole new way. The Destination: No more blah-blah-

blah. Through Vivid Thinking, we can make the most complicated subjects suddenly crystal clear. Whether trying to understand a Harvard Business School class, or what went down in the Conan versus Leno battle for late-night TV, or what Einstein thought about relativity, Vivid Thinking provides a way to clarify anything. Through dozens of guided examples, Roam proves that anyone can apply this systematic approach, from leftbrain types who hate to draw to right-brainers who hate to write. This isn't just a book about improving communications, presentations, and ideation; it's about removing the blah-blah- blah from your

life for good. [A Crash Course on How to Lead, Sell, and Innovate With Your Visual Mind](#) Copper Canyon Press  
In How to Find Out Anything, master researcher Don MacLeod explains how to find what you're looking for quickly, efficiently, and accurately—and how to avoid the most common mistakes of the Google Age. Not your average research book, How to Find Out Anything shows you how to unveil nearly anything about anyone. From top CEO's salaries to police records, you'll learn little-known tricks for discovering the exact information you're looking for. You'll learn: •How to really tap the power of Google, and why

Google is the best place to start a search, but never the best place to finish it. •The scoop on vast, yet little-known online resources that search engines cannot scour, such as refdesk.com, ipl.org, the University of Michigan Documents Center, and Project Gutenberg, among many others. •How to access free government resources (and put your tax dollars to good use). •How to find experts and other people with special knowledge. •How to dig up seemingly confidential information on people and businesses, from public and private companies to non-profits and international companies. Whether researching for a term paper or digging up

dirt on an ex, the advice in this book arms you with the sleuthing skills to tackle any mystery. *How to Find Out Anything* Samaira Book Publishers  
The mega-bestseller with more than 2 million readers, soon to be a major television series From the #1 New York Times- bestselling author of *The Lincoln Highway* and *Rules of Civility*, a beautifully transporting novel about a man who is ordered to spend the rest of his life inside a luxury hotel In 1922, Count Alexander Rostov is deemed an unrepentant aristocrat by a Bolshevik tribunal, and is sentenced to house arrest in the Metropol, a grand hotel across the street from the Kremlin. Rostov, an indomitable man of

erudition and wit, has never worked a day in his life, and must now live in an attic room while some of the most tumultuous decades in Russian history are unfolding outside the hotel's doors.

Unexpectedly, his reduced circumstances provide him entry into a much larger world of emotional discovery.

Brimming with humor, a glittering cast of characters, and one beautifully rendered scene after another, this singular novel casts a spell as it relates the count's endeavor to gain a deeper understanding of what it means to be a man of purpose.

Simply the Best Thinking... and Nothing But the Truth •Its

important to be a Y-Negotiator and not an X-Negotiator. •You may want to make the first offer. •Excellent negotiators expand the pie. •Cooperation will get you more than competition.

*Family, France, and the Meaning of Food* Dell

An original workbook companion to the acclaimed business bestseller *The Back of the Napkin* Dan Roam's *The Back of the Napkin*, a

*BusinessWeek* bestseller, taught readers the power of brainstorming and communicating with pictures. It presented a new and exciting way to solve all kinds of problems-from the boardroom to the sales floor to the cubicle jungle. The companion workbook, *Unfolding the Napkin*, helps

readers put Roam's principles into practice with step-by-step guidelines. It's filled with detailed case studies, guided do-it-yourself exercises, and plenty of blank space for drawing. Roam structured the book as a complete four-day visual-thinking seminar, taking readers step-by-step from "I can't draw" to "Here is the picture I drew that I think will save the world." The workbook teaches readers how to:

- Improve their three "built-in" visual problem solving tools.
- Apply the four-step visual thinking process (look-see-imagine-show) in any business situation.
- Instantly improve their visual imaginations.
- Learn how to recognize the type of problem to

choose the best visual solution. If *The Back of the Napkin* was a guide to fine dining, *Unfolding the Napkin* is the cookbook that will soon be heavily marked up and dogeared.

### The Cost of Knowing

Marshall Cavendish International (Asia) Pte Limited

Written in English by a Japanese scholar in 1906, "*The Book of Tea*" is an elegant attempt to explain the philosophy of the Japanese Tea Ceremony, with its Taoist and Zen Buddhist roots, to a Western audience in clear and simple terms. One of the most widely-read English works about Japan, it had a profound influence on western understanding of East Asian tradition.

*How Everybody Can Make Extraordinary Presentations* Penguin  
Now a Netflix movie directed by Mike Flanagan (*Oculus*, *Hush*) and starring Carla Gugino and Bruce Greenwood. Master storyteller Stephen King presents this classic, terrifying #1 New York Times bestseller. When a game of seduction between a husband and wife ends in death, the nightmare has only begun... "And now the voice which spoke belonged to no one but herself. Oh my God, it said. Oh my God, I am all alone out here. I am all alone." Once again, Jessie Burlingame has been talked into submitting to her husband Gerald's kinky sex games—something that she's frankly had enough of, and they

never held much charm for her to begin with. So much for a "romantic getaway" at their secluded summer home. After Jessie is handcuffed to the bedposts—and Gerald crosses a line with his wife—the day ends with deadly consequences. Now Jessie is utterly trapped in an isolated lakeside house that has become her prison—and comes face-to-face with her deepest, darkest fears and memories. Her only company is that of the various voices filling her mind...as well as the shadows of nightfall that may conceal an imagined or very real threat right there with her...

Sternberg Press / On

the Table

This short but powerful book has helped thousands of writers, artists, scientists, and engineers to solve problems and generate ideas. Now let James Webb Young's unique insights help you be more creative in every area of life. Advertising mogul William Bernbach wrote, "James Webb Young is in the tradition of some of our greatest thinkers when he describes the workings of the creative process. The results of many years in advertising have proved to him that the key element in communications success is the production of relevant and dramatic ideas." This is THE classic on creative thinking, written with the clarity, knowledge, and

experience of a skilled advertising man. A Technique For Producing Ideas is a step-by-step technique for sparking creativity in advertising and marketing or ANY other field...

The Two-Hour Creative Sprint to the Most Persuasive Presentation of Your Life Penguin

A fast and practical visual storytelling method that puts a powerful new toolkit into the hands of leaders, innovators, salespeople, teachers and anyone else who needs to quickly make an impact on increasingly distracted audiences. The Pop-Up Pitch is a radical new approach to help you create the perfect presentation, combining three key elements of persuasive

storytelling-simple pictures, clear words, and powerful emotions—that together motivate audiences to pay attention, learn something new, and make effective decisions. The Pop-Up Pitch weaves together the latest insights on visual cognition, behavioral economics, and classic story structures in an easy-to-learn and inspiring storytelling algorithm. In this new era of remote, work and online presenting, it delivers powerful and persuasive outcomes for time-limited professionals dealing with complex ideas, attention-deficit audiences, and the evolving challenges of modern meetings. *Show Your Data Who's Boss* Portfolio  
“The Joy Luck Club is

one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational.”  
—Kevin Kwan, author of *Crazy Rich Asians*  
Amy Tan’s beloved, *New York Times* bestselling tale of mothers and daughters, now the focus of a new documentary *Amy Tan: Unintended Memoir* on Netflix  
Four mothers, four daughters, four families whose histories shift with the four winds depending on who’s “saying” the stories. In 1949 four Chinese women, recent immigrants to San

Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and

daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.
