From the single-cylinder bikes of the 1950s to the high-performance sportbikes of today, The Complete Book of Ducati Motorcyclesshowcases the entire spectrum of Ducati. Legendary Ducati motorcycles have something of a rags-to-riches story. This Italian motorcycle manufacturer began by selling motorized bicycles to impoverished residents of post-World War II Italy. Today, Ducati is the world's premier manufacturer of street motorcycles whose sales continue to rise year after year. Its svelte, hyper-accelerating motorcycles are two-wheeled wonders that are fluent in the language of speed. The Complete Book of Ducati Motorcycles traces the stunning chronology of the motorcycles dreamed up by Ducati, from the 1950s to present day. Laid out for the first time in encyclopedia form with gorgeous photography and insights from Ducati expert Ian Falloon, this book offers motorcycle enthusiasts a closer look at the craftsmanship, power, and beauty of these extraordinary motorcycles. The book features all of the motorcycles from Ducati's storied history, including the groundbreaking Desmodromic 750 Super Sport, the Mike Hailwood Replica, the Superbike-dominating 916, and the epic Panigale. From the street bikes that gave birth to the very notion of the modern superbike to the racing motorcycles that dominated tracks in Great Britain, Europe, and North America since the latter part of the twentieth century, The Complete Book of Ducati Motorcycles runs the full gamut of sportbikes. It's a collection that demands shelf space in the library of any true motorcycle collector or fan.

Have you ever dreamed about getting on your motorcycle and traveling across the country? Are you envious when you see motorcyclists with far away out-of-state plates and wish that could be you? Are you tired of fantasizing about taking that dream motorcycle trip and want to turn that dream into a reality? Since I began sharing my motorcycle travel photos and videos on social media, I've received countless emails and questions from people interested in motorcycle touring but with no idea where to begin. That's why I decided to write Motorcyclist's Guide to Travel. I want to be able to share this information with as many motorcyclists as possible. This book isn't about motorcycle travel theory or philosophy. I share with you the exact same methods and steps I use to plan and execute my own motorcycle trips all throughout the US. I cover how to plan and prepare for the trip, what to do during the trip as well as what to do after you return home. I go over different types of bikes and modifications you can make to them to make them more "touring worthy." I also cover all the different types of riding safety gear and what to look for when purchasing. And finally for those of you who don't know where you want to ride; that's ok. I also show you how come up with your own travel ideas. Motorcyclist's Guide to Travel will give you all the information you'll need to finally take that epic trip you've been dreaming about.
