Takin' It to the Streets is a comprehensive collection of primary documents covering political, social and cultural aspects of the 1960's. Drawn from mainstream sources, little-known sixties periodicals, pamphlets and public speeches, this anthology brings together representative writings many of which have been unavailable for years or have never been reprinted, from the Port Huron Statement and Malcolm X's The Ballot or the Bullet to Richard Nixon's If Mob Rule Takes Hold in the U.S. and Ronald Reagan's Freedom versus Anarchy on Campus. Introductions and headnotes by the editors help highlight the importance of particular documents while relating them to each other and placing them within the broader context of the decade. While paying particular attention to civil rights, anti-war activity, Black power, the counter-culture, the women's and gay/lesbian struggles for recognition, the authors also take into account the conservative backlashes these sparked and thus present a balanced portrait of a tumultuous era. Covering an extremely popular period of history, Takin' It to the Streets stands out as a thorough and accessible collection of documents, an authoritative reader for a decade such as America had not seen before or experienced since.

What is the Black Lives Matter movement? How have people been protesting the ongoing violence against the Black community?

From its inception as a social media hashtag in 2013 to a movement with supporters around the world, Black Lives Matter has become much more than a slogan. It has changed the way people protest using social media as well as the public discourse around police brutality. Learn about how Black Lives Matter has roots in America's long struggle for racial justice and how the movement will change the future.

*Welcome to the Amazing World of Print Book Publishing* Library of Alexandria

Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. Anthem anticipates the themes Ayn Rand explored in her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. Publisher's Weekly acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful." Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the

concept of individuality has been eliminated.

*The Unforgotten War* Oxford University Press, USA

Providing shelter to the homeless alone doesn't end homelessness. Freedom from the Streets founder and director African-American Junail Anderson knows this, which is why her organization delivers the missing ingredients: purpose, opportunity and resources. Homeless in Minneapolis, Minnesota in 2020, is Anderson's latest effort to provide the missing ingredients to the men and women living on the streets of Minneapolis and St. Paul. The book contains first-hand accounts from twenty homeless men and women in Minneapolis. Some are young moms with kids. Others are veterans. Many battle drug addiction and poor health. A few simply cannot find a landlord who will rent to them. Most are grateful to wake up each morning. Anderson's eBook project is one of the ways she will continue to fund her programs, which give the homeless purpose, opportunities and resources. She sees the book as a way for those of us living in homes to understand the homeless better. Anderson keeps her ears open for opportunity; she and her workers move in when someone or someplace needs help. For example, when the volunteer pool at St. Stephen's disappeared when COVID-19 moved in, she and her workers stepped in to serve meals. Freedom from the Streets members regularly cook holiday dinners at Elim Church. And when the public park tent cities developed problems, Anderson's organization took over security and hired people to watch over several tent city locations. There are also people like Alisha who assist the homeless as they navigate Child Protection Services. And when volunteers with another organization helping the homeless were

overworked and frustrated, Freedom from the Streets workers provided relief. All of the Freedom from the Streets workers are or have been homeless. Whether you're interested in stories of the homeless or interested in supporting the fruitful work of Freedom from the Streets, this book is a must have.

Events such as the Fire of London and the Plague, and historic locations like the Globe Theatre, are part of London's heritage. Yet until recently, the history of the city between 1500 and 1750 has been little studied. During this period, London's population soared from around 50,000 to nearly half a million--the demographic explosion transformed the city to a metropolis. London became a center of new social and sexual identities and a solvent of older, more hierarchical forms of social organization. The essays in this volume cover the themes of polis and the police, gender and sexuality, space and place, and material culture and consumption. Within these themes are thieves, prostitutes, litigious wives, the poor, disease, "great quantities of gooseberry pye," and the taxing question of fresh water.

**A Sixties Reader** MIT Press

Thirty years ago Piri Thomas made literary history with this lacerating, lyrical memoir of his coming of age on the streets of Spanish Harlem. Here was the testament of a born outsider: a Puerto Rican in English-speaking America; a dark-skinned morenito in a family that refused to acknowledge its African blood. Here was an unsparing document of Thomas's plunge into the deadly consolations of drugs, street fighting, and armed robbery--a descent that ended when the twenty-two-year-old Piri was sent to prison for shooting a cop. As he recounts the journey that took him from adolescence in El Barrio to a lock-up in Sing Sing to the freedom that comes of self-acceptance, faith, and inner confidence, Piri Thomas gives us a book that is as exultant as it is harrowing and whose every page bears the irrepressible rhythm of its author's voice. Thirty years after its first appearance, this classic of manhood, marginalization, survival, and transcendence is available in a new edition.

Essays tracing the intellectual life of a quintessential New York City writer and thinker Marshall Berman was one of the great urbanists and Marxist cultural critics of the twentieth and twenty-first centuries, and his brilliant, nearly sui generis book *All That Is Solid Melts Into Air* is a masterpiece of the literature on modernism. But like many New York intellectuals, the essay was his characteristic form, accommodating his multifarious interests and expressing his protean, searching exuberant mind. This collection includes early essays from and on the radical '60s, on New York City, on literary figures from Kafka to Pamuk, and late essays on rock, hip hop, and gentrification. Concluding with his last essay, completed just before his death in 2013, this book is

Berman's intellectual autobiography, tracing his career as a thinker through the way he read the "signs in the street."

[Sweet Clara and the Freedom Quilt](#) Univ of North Carolina Press  
2013 marks the 20th anniversary of *Sweet Clara and the Freedom Quilt!* As a seamstress in the Big House, Clara dreams of a reunion with her Momma, who lives on another plantation--and even of running away to freedom. Then she overhears two slaves talking about the Underground Railroad. In a flash of inspiration, Clara sees how she can use the cloth in her scrap bag to make a map of the land--a freedom quilt--that no master will ever suspect.

*The Streets* is a hard-hitting gangland thriller from the bestselling author Jacqui Rose. Ten years ago, Jo Martin was released from prison after serving twelve years of a life sentence. She is now out on license - and she isn't Jo anymore. Given a new identity by the courts, and with a different appearance, a ready-made history and even a change of age, Jo can pretend to be anyone . . . Cookie Mackenzie, is not only Ned Reid's lover, but she also works for him. She supplies the girls - and boys - for Ned's clients. There's always some runaway kid who needs shelter. Natalie Ellis works at Barney's bar. A fierce and loyal friend, she's a shoulder to cry on, a listening ear - but should everyone really trust her to keep their secrets? Lorni Duncan needs to keep running, always looking over her shoulder, especially with a young child in tow. But how will she survive? The refuges are full, and the last thing Lorni needs is the authorities getting involved. Who is she trying to escape from? Everyone has something to hide and a lot to lose, but which of them did Jo become?

**Resisting Occupation in Kashmir** Grosset & Dunlap

The dramatic story of fugitive slaves and the antislavery activists who defied the law to help them reach freedom. More than any other scholar, Eric Foner has influenced our understanding of America's history. Now, making brilliant use of extraordinary evidence, the Pulitzer Prize-winning historian once again reconfigures the national saga of American slavery and freedom. A deeply entrenched institution, slavery lived on legally and commercially even in the northern states that had abolished it after the American Revolution. Slaves could be found in the streets of New York well after abolition, traveling with owners

doing business with the city's major banks, merchants, and manufacturers. New York was also home to the North's largest free black community, making it a magnet for fugitive slaves seeking refuge. Slave catchers and gangs of kidnappers roamed the city, seizing free blacks, often children, and sending them south to slavery. To protect fugitives and fight kidnappings, the city's free blacks worked with white abolitionists to organize the New York Vigilance Committee in 1835. In the 1840s vigilance committees proliferated throughout the North and began collaborating to dispatch fugitive slaves from the upper South, Washington, and Baltimore, through Philadelphia and New York, to Albany, Syracuse, and Canada. These networks of antislavery resistance, centered on New York City, became known as the underground railroad. Forced to operate in secrecy by hostile laws, courts, and politicians, the city's underground-railroad agents helped more than 3,000 fugitive slaves reach freedom between 1830 and 1860. Until now, their stories have remained largely unknown, their significance little understood. Building on fresh evidence—including a detailed record of slave escapes secretly kept by Sydney Howard Gay, one of the key organizers in New York—Foner elevates the underground railroad from folklore to sweeping history. The story is inspiring—full of memorable characters making their first appearance on the historical stage—and significant—the controversy over fugitive slaves inflamed the sectional crisis of the 1850s. It eventually took a civil war to destroy American slavery, but here at last is the story of the courageous effort to fight slavery by "practical abolition," person by person, family by family.

What does it mean to resist? Throughout our nation's history, discrimination and unjust treatment of all kinds have prompted people to make their objections and outrage known. Some protests involve large groups of people, marching or holding signs with powerful slogans. Others start with quotes or hashtags on social media that go viral and spur changes in behavior. People can make their voices heard in hundreds of different ways. Join author Marke Bieschke on this visual voyage of resistance through American history. Discover the artwork, music, fashion, and creativity of the activists. Meet the leaders of the movements, and learn about the protests that helped to shape the United States from all sides of the political spectrum. Examples include key events from women's suffrage, the civil rights movement, occupations by Native American nations, LGBTQ demands for equality, Tea Party protests, Black Lives Matter protests, and more. Into the Streets introduces the personalities and issues that drove these protests, as well as their varied aims and accomplishments, from spontaneous hashtag uprisings to highly planned strategies of civil disobedience. Perfect for young adult audiences, this book highlights how teens are frequently the ones protesting and creating the art of the resistance.

True 2 The Streets It's the beginning of a new year and the streets don't love nobody especially those that run them. Drew and Penny had to learn that the hard way. Loyalty, and trust is tested while respect is being earned through money and bloodshed. The code ethics in the streets is to kill or be killed and not to show any emotions or fear. Lines are drawn, sides being taken while deals are being made. With a trigger happy Drew and the brains from a smooth Penny what will one sacrifice to keep his sanity and freedom? Will Drew and Penny prevail to kingpin status, or be sucked in for life from the very same infested street's that raised them, no matter what paths they take the saying always remain the same you gotta be TRUE 2 THE STREETS !!!!

Terror in the Heart of Freedom: Citizenship, Sexual Violence, and the Meaning of Race in the Postemancipation South  
Work, Citizenship, and Sexuality in a Gilded Age City Haymarket Books

A never-ending testament of how overpowering negative forces leads to living our greatest potential. Money in the Streets is more than one man's journey in hard-knocks New York. It's more than the recounting of risking it all to win. Told with heart and laced with the sentiment of tremendous gratitude, Barry Habib deftly weaves tales of his upbringing to take the reader back in time. From his childhood, where he'd pick up the discarded toys of other children because he had so few of his own to play with on into the sales world, where Habib got creative as a sort-of street vendor, Money in the Streets blends humor and hardship through the incredulous moments of Habib's life. He wrote this book to answer a compulsion to share what worked for him as he scaled the ladder—creating multiple successful companies, growing into an international speaker, and frequenting major media networks as well as producing various entertainment productions—most notably as the driving force and lead producer of one of the longest-running shows on Broadway (later made into a film): Rock of Ages. Habib offers his life as proof that you can keep going no matter what. He shares some of his most painful memories while also exulting in personal and business triumphs to encourage everyone to aim for the same. Of particular note are the mindset tactics in Money in the Streets that are road-tested and personal practices of Habib, who treats each day as a reason to be thankful. No matter the struggle, whether self-doubt, negativity, loss, stress, or being "stuck" in life, Money in the Streets is a resolution roadmap. An easy read that will play on the reader's every emotion, this standout work and Habib's voice are unforgettable. He writes as if you are the only person in the room...because to Habib, you are.
