Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint, which is the simultaneity and organization of different melodies; and rhythm, which is the organization of the durational aspects of music.

The Department of Speculative Facts connects two seemingly contradictory approaches: Speculation which attempts to think and act beyond existing knowledge and structures, and fact-checkers in search for a solid consensus on which our reality can be built. When stretching knowledge and speculating with fiction, what sense of responsibility is needed in times of democratized opinions and fake news? Learning from the other SF?Science Fiction?we think of speculation through facts, and facts through speculation, to situate truth culturally.00The backbone of this book is an e-mail exchange between two fact-checkers from the New York Times Magazine, which we handed over to artists to re-write, re-perform, and re-design. The publication includes the original letters, workshop scripts, as well as additional texts by philosophers, journalists, writers, and artists looking at new social contracts, with which we can anchor ourselves in the present.

Few rock drummers remain as universally praised as Led Zeppelin's John Bonham. Listen to any Zeppelin album, and you will hear a virtual showcase on expert rock drumming - while never getting in the way of the group's other members and their contributions, singer Robert Plant, guitarist Jimmy Page, and bassist John Paul Jones. But sadly, one of rock's all-time greats died tragically young - he was only 32 years old - resulting in the end of one of rock's most celebrated bands. To mark 40 years since his passing, 'Bonzo: 30 Rock Drummers Remember the Legendary John Bonham' has been assembled - comprised of interviews with some of the top drummers of rock (including Kenny Aronoff, Mike Portnoy, John Dolmayan, Brian Tichy, and Steve Gorman, among others), discussing what made Bonham such a special and unforgettable drummer.

The best of Todd Colby's Soft Skull poetry collections Ripsnort and Cush are here with new poetry and prose. This is simultaneously a Best Of and a launching into new directions for this intensely high-energy poet. He is a spontaneous, lively performer, and a sharp, funny poetic voice. Colby makes serious sport of language, showing its basis in the body's impulses and its mutable meanings, explained Ann Powers in The New York Times.

A psychiatric case study masquerading a fancy-pants graphic novel, Misery Loves Comedy collects Ivan Brunetti's early issues (no pun intended) wait, let's rephrase that. Misery Loves Comedy collects the first three issues of the legendary comic book series Schizo in their entirety, as well as a host of miscellaneous flotsam and jetsam from various anthologies, c. 1992-2005. Readers will find the author's unwitting self-caricature as a paranoid, deluded young man intriguingly repugnant and often chuckle-inducing. Besides Brunetti's trademark nihilism, self-loathing, relentless depression, and inchoate, spittle-soaked misanthropy, these earlier comics offer a dollop of scatology and blasphemy for that extra puerile, lowbrow tang. These are comics for those who enjoy witnessing one man's sanity in its final death rattle, swinging its tail from anhedonia to schadenfreude and back again. Also: lots and lots of filthy jokes. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}

These 18 stories probe the lies and secrets, the "fictions" in the lives of parents and children, siblings, Germans and Jews, confused adolescents, and elderly lovers. ...".The actors in these beautiful, often sad stories carry with them complex histories of desire and pain, often longing for what they can't or shouldn't have. You've met them, fathers and mothers, daughters, sisters, uncles, lovers, presented here with humor and dignity, with a keen and dispassionate eye, reminiscent of another great Canadian storyteller, Rosen's cast will surprise you, instant by instant." - Daniel Coshnear, *Occupy & Other Love Stories* "In Rosen's book, amidst gorgeous imagery, people we care about stumble through attraction and betrayal. And move over Portnoy, with your raw liver in a milk bottle. Let a girl show you how it's done. The title story contains the most imaginative portrayal of self-pleasuring you'll ever read." - Norma Watkins, *The Last Resort*:

Taking the Mississippi Cure "A young woman prepares to declare her independence from her parents only to discover that her mother is secretly struggling for her own autonomy; a free-spirited bartender deftly plays off the two women who try to hold him; an elderly husband tries to protect a favorite vacation spot from the encroachments of youth and time. Each situation opens a window onto another universal aspect of human character. Children, young people and the aged all have a voice here, and almost every one of them either hides a secret or uncovers someone else's. Rosen's writing is crisp and precise. Without a single excess word she paints a series of varied pictures ranging from the German countryside, a working-class Toronto neighborhood, or the American open road. Each story is a pleasure to read, and the collection as a whole demonstrates Rosen's talent in a dazzling variety of times, places and themes." - Ruhama Veltfort,
