When Chenamma, the queen of Kittur, lost her only son she was steeped in sorrow. But when her husband reminded her that even the people of Kittur were her children she pulled herself

together and devoted her life to their well-being. So committed was she to the honour and welfare of her land that when the British came asking for its allegiance she took on their military strength and fought them to the end.

### **The Women Who Ruled India** Shubham Srivastava

The novel depicts the colonial encounter between Rani

Chennamma and the authorities of the East India Company around 1824 for land and political power. Although the Rani put up a heroic fight with the East India Company authorities and succeeded in killing Mr. Thackeray, the Political Agent of South India and Collector of Dharwad, she was betrayed by her own courtiers later, and consequently, she was defeated by the East India Company authorities headed by the Commissioner of the Deccan, Mr. Chaplin. Then her kingdom of Kittur was annexed to the British Raj, and she was imprisoned in her own fort at Bailahongala, where she breathed her last in 1829 after suffering from nostalgia for the past

glory of her kingdom.

 'People say that I am a quarrelsome woman...'  
 TARABAI, MARATHA QUEEN (1675-1761)  
 The history of India, more often than not, is a history of the men

who were in charge. Largely forgotten are the women who, even centuries earlier, shaped the fates of entire kingdoms. In *The Women Who Ruled India*, writer and researcher Archana Garodia Gupta revives 20 such powerful figures from the archives, offering us a glimpse of their fascinating lives. Among them are Begum Samru, a courtesan who went on to become the head of a mercenary army and the ruler of Sardhana; Didda of Kashmir, known for her keen political instinct and a ruthlessness that spared no one; Rani Abbakka of Ullal, the fearless queen who took on Portuguese colonizers in their heyday; and Rani Mangammal of

Madurai, the famed administrator who built alliances at a time when going to war was the order of the day. These women and others like them built roads, instituted laws and were generous patrons of the arts and sciences. Their stories of valour and diplomacy, leadership and wit continue to inspire today. Peppered with anecdotes that showcase little-known facets of their personalities, the accounts in this book celebrate heroic rulers who – ‘quarrelsome’ though they might have been – were iconoclasts: unafraid to forge new paths. Traditionally, history has been telling us the stories of kings. In the long tradition of history writing, his-story has always dominated over her-story. Though queens evoke a sense of romance and their stories are told like fairy tales, it is common enough to find that these stories end in tragedy. In India's history, not all queens are remembered today. Some are celebrated; while others have been almost ignored by historians. In Ranis and

the Raj, Queeny Pradhan has selected six queens. All the six queens are from the nineteenth century and have faced the British Raj, the East India Company and the Crown. From the Rani of Sirmur, who was the earliest to deal with the British authorities, to Rani Chennamma, Rani Jindan, Begum Zeenat Mahal, Rani Lakshmi Bai, to the Sikkim Queen from the 1860s to 1890s, Pradhan has attempted to carve an engrossing historical narrative for each of these important figures in Indian history. Unlike the biographical convention in traditional history writing, the research in this book can be placed in the realm of 'microhistory'. The life stories of these queens

are fragmented due to the 'silences' and 'invisibilization' in political history of the time, and this book aims to fill these gaps.

From the moment in

the 1680s that the East India Company began to trade with the Mughal rulers of the port cities of Surat, Madras, Bombay, Calcutta, and Chittagong, the story of the Indian subcontinent was changed forever.

Before its dissolution in 1857, the officers of the East India

Company had under their command more than a quarter of a million troops, and functioned not as a trading partner but a quasi-imperial

government whose monopolistic habits and trade preferences included the tax on tea that led directly to the American Revolution.

On its dissolution the Times reported: "It accomplished a work such as in the whole history of the human

race no other company ever attempted and as such is ever likely to attempt in the years to come." This was meant as a compliment, but it concealed a much more brutal truth. From the famine of 1770 in which one third of the people living in the state of Bengal perished to the Anglo-Mughal wars and the later brutal repression of the Anglo-Afghan Wars, the story of the British in India was one of conflict and divide-and-rule, relentlessly applied from the relative security of the world's most powerful naval vessels and the forts they supplied. Interspersed between the major wars were numerous minor conflicts, most lost to popular histories, which underscore the continual violence of

the imperial project. In *The Chaos of Empire*, Jon Wilson uses the everyday lives of administrators, soldiers and subjects, British and Indian, to lift the veil of empire to show how British rule really worked. Far from the orderly Raj that its officials sought to portray, British rule in conquered India was chaotic and paranoid, and led to a succession of unstable states in South Asia and across the world. Most importantly, empire in India created a huge gap between image and reality, enabling a small number of people--a social and political elite--to project power across the world. Among its legacies were continual cycles of hubristic state enterprise followed by massive

failure--up to and including the neo-imperial adventures in Afghanistan and Iraq now. Long after the end of empire, The Chaos of Empire argues that we still try to live by the myths created by the Raj. At a time when Prime Minister Narendra Modi is arguing that Britain should pay restitution for the damage done to the Indian subcontinent under British rule, this comprehensive, dynamic, and fierce history of Britain's rule is timely, provocative, and immensely readable.

Welcome to Kittur, India. It's on India's southwestern coast, bounded by the Arabian Sea to the west and the Kaliamma River to the south and east. It's blessed with rich soil and scenic beauty, and it's been around for centuries.

Of its 193,432 residents, only 89 declare themselves to be without religion or caste. And if the characters in *Between the Assassinations* are any indication, Kittur is an extraordinary

crossroads of the brightest minds and the poorest morals, the up-and-coming and the downtrodden, and the poets and the prophets of an India that modern literature has rarely addressed. A twelve-year-old boy named Ziauddin, a gofer at a tea shop near the railway station, is enticed into wrongdoing because a fair-skinned stranger treats him with dignity and warmth. George D'Souza, a mosquito-repellent sprayer, elevates himself to gardener and then chauffeur to the lovely, young Mrs. Gomes, and then loses it all when he attempts to be something more. A little girl's first act of love for her father is to beg on the street for money to support his drug habit. A factory

owner is forced to choose between buying into underworld economics and blinding his staff or closing up shop. A privileged schoolboy, using his own ties to the Kittur underworld, sets off an explosive in a Jesuit-school classroom in protest against casteism. A childless couple takes refuge in a rapidly diminishing forest on the outskirts of town, feeding a group of "intimates" who visit only to mock them. And the loneliest member of the Marxist-Maoist Party of India falls in love with the one young woman, in the poorest part of town, whom he cannot afford to wed. *Between the Assassinations* showcases the most beloved aspects of Adiga's writing to brilliant effect: the

class struggle rendered personal; the fury of the underdog and the fire of the iconoclast; and the prodigiously ambitious narrative talent that has earned Adiga acclaim around the world and comparisons to Gogol, Ellison, Kipling, and Palahniuk. In the words of *The Guardian* (London), "*Between the Assassinations* shows that Adiga...is one of the most important voices to emerge from India in recent years." A blinding, brilliant, and brave mosaic of Indian life as it is lived in a place called Kittur, *Between the Assassinations*, with all the humor, sympathy, and unflinching candor of *The White Tiger*, enlarges our understanding of the world we live in today.
