Bondi Work Open Road Media

First solo photo book by Australian photographer Paul Freeman.

Heroics John Benjamins Publishing

Firefight at Yechon is the harrowing story of Charles M. Bussey, a former Tuskegee airman and one of the first American combatants in the Korean War. He led the Seventy-seventh Engineer Combat Company for 205 days filled with almost continual fighting, during which he and his fellow American soldiers served with distinction. They also felt the effects of racism in the U.S. Army and wartime media, which singled out African American units for blame in the early days of the war. Firefight at Yechon sets the record straight about the contribution of African Americans in the Korean War. It also paints an unforgettably realistic portrait of the terrifying first days of fighting in 1950, when American soldiers, both black and white, were reeling under the assault of the North Korean People's Army. The Seventy-seventh Engineer Combat Company played an instrumental role in the retaking of Yechon on 20 July, the first major victory for the U.S. Army. The carnage of that fight and the shining courage of his fellow soldiers would never be forgotten by Bussey.

Larrikin Lads CQ Press

A rip-roaring account of the dramatic four-year siege of Britain’s Mediterranean garrison by Spain and France—an overlooked key to the British loss in the American Revolution For more than three and a half years, from 1779 to 1783, the tiny territory of Gibraltar was besieged and blockaded, on land and at sea, by the overwhelming forces of Spain and France. It became the longest siege in British history, and the obsession with saving Gibraltar was blamed for the loss of the American colonies in the War of Independence. Located between the Mediterranean and Atlantic, on the very edge of Europe, Gibraltar was a place of varied nationalities, languages, religions, and social classes. During the siege, thousands of soldiers, civilians, and their families withstood terrifying bombardments, starvation, and disease. Very ordinary people lived through extraordinary events, from shipwrecks and naval battles to an attempted invasion of England and a daring sortie out of Gibraltar into Spain. Deadly innovations included red-hot shot, shrapnel shells, and a barrage from immense floating batteries. This is military and social history at its best, a story of soldiers, sailors, and civilians, with royalty and rank and file, workmen and engineers, priests, prisoners of war, spies, and surgeons, all caught up in a struggle for a fortress located on little more than two square miles of awe-inspiring rock. Gibraltar: The Greatest Siege in British History is an epic page-turner, rich in dramatic human detail—a tale of courage, endurance, intrigue, desperation, greed, and humanity. The everyday experiences of all those involved are brought vividly to life with eyewitness accounts and expert research.

Bondi Classic Samuel French, Inc.

Photographer Paul Freeman takes a sometimes tongue-in-cheek look at the way European men have adorned and mythologized themselves and their physical courage over the centuries, and refers for inspiration to monumental art and paintings that were the work of artists who tended to depict a fantasy of sensuality rather than the brutal masculinity of reality. This sumptuous collection of gorgeous male art nude photographs is printed on large format art stock paper, another masterful tome by the inimitable Freeman, following closely on the heels of his bestselling Bondi and Outback series of books.

Outback Currawong Creek U of Nebraska Press

Counter-narratives only make sense in relation to something else, that which they are countering. The very name identifies it as a positional category, in tension with another category. But what is dominant and what is resistant are not, of course, static questions, but rather are forever shifting placements. The discussion of counter-narratives is ultimately a consideration of multiple layers of positioning. The fluidity of these relational categories is what lies at the center of the chapters and commentaries collected in this book. The book comprises six target chapters by leading scholars in the field. Twenty-two commentators discuss these chapters from a number of diverse vantage points, followed by responses from the six original authors. A final chapter by the editor of the book series concludes the book.

Outback Brumby Office of the Secretary, Historical Offi

The fourth book in the Bondi series from photographer Paul Freeman

Black Widow Savas Beatie

Twenty years in the making, this internationally acclaimed photographer's epic project features carefully selected young men - not big or overly built - who exemplify for Gorman a perfected state, allowing him to frame grace, beauty and elegance in the form of the male nude. Included amongst the 212 portraits are many of Gorman's friends and acquaintances, as well as professional models. The cumulative effect of As I See It is a pleasurable zone of contmeplation, allowing the viewer to reexamine the precepts of beauty within a refreshing framework of exalted maleness.

The Alamo's Forgotten Defenders Harper Perennial

It's been a long, lively life for Natasha Romanova, the former Russian spy known as the Black Widow - fi ghting side-by-side with the Avengers, the Champions, S.H.I.E.L.D., and elsewhere. But could it end with the Widow surrounded by international assassins? Old enemies and new are using Natasha's instructor, her mentor, and her ex-husband against her - or so it seems - but who and what can be trusted in a spy's landscape of lies? Guest-starring Nick Fury, Jimmy Woo and other espionage experts! COLLECTING: BLACK WIDOW: THE COLDEST WAR GN; MATERIAL FROM MARVEL FANFARE 10-13, BIZARRE ADVENTURES 25

Outback Penguin

Every company has a personality. Does yours help or hinder your results? Does it make you fit for growth? Find out by taking the quiz that’s helped 50,000 people better understand their organizations at OrgDNA.com and to learn more about Organizational DNA. Just as you can understand an individual’s personality, so too can you understand a company’s type—what makes it tick, what’s good and bad about it. Results explains why some organizations bob and weave and roll with the punches to consistently deliver on commitments and produce great results, while others can’t leave their corner of the ring without tripping on their own shoelaces. Gary Neilson and Bruce Pasternack help you identify which of the seven company types you work for—and how to keep what’s good and fix what’s wrong. You’ll feel the shock of recognition (“That’s me, that’s my company”) as you find out whether your organization is: • Passive-Aggressive (“everyone agrees, smiles, and nods, but nothing changes”): entrenched underground resistance makes getting anything done like trying to nail Jell-O to the wall • Fits-and-Starts (“let 1,000 flowers bloom”): filled with smart people pulling in different directions • Outgrown (“the good old days meet a brave new world”): reacts slowly to market developments, since it’s too hard to run new ideas up the flagpole • Overmanaged (“we’re from corporate and we’re here to help”): more reporting than working, as managers check on their subordinates’ work so they can in turn report to their bosses • Just-in-Time (“succeeding, but by the skin of our teeth”): can turn on a dime and create real breakthroughs but also tends to burn out its best and brightest • Military Precision (“flying in formation”): executes brilliant strategies but usually does not deal well with events not in the playbook • Resilient (“as good as it gets”): flexible, forward-looking, and fun; bounces back when it hits a bump in the road and never, ever rests on its laurels For anyone who’s ever said, “Wow, that’s a great idea, but it’ll never happen here” or “Whew, we pulled it off again, but I’m tired of all this sprinting,” Results provides robust, practical ideas for becoming and remaining a resilient business. Also available as an eBook From the Hardcover edition.

Larrikin Yakka Bondi

Old Enough to be Used Young Enough to be Broken Sassinak was twelve when the raiders came. That made her just the right age: old enough to be used, young enough to be broken. Or so the slavers thought. But Sassy turned out to be a little different from your typical slave girl. Maybe it was her unusual physical strength. Maybe it was her friendship with the captured Fleet crewman. Maybe it was her spirit. Whatever it was, it wouldn't let her resign herself to the life of a slave. She bided her time, watched for her moment. Finally it came, and she escaped. But that was only the beginning for Sassinak. Now she's a Fleet Captain with a pirate-chasing ship of her own, and only one regret in her life: not enough pirates. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Heroics Hachette Books

A collection of fine art nude photographic portraits of men captured in the classical tradition of the heroic and mythical, in the grandiose and dramatic poses of the post-renaissance tradition, shot in both contemporary, post-modernist and neo classic or painterly environments, with over 180 photographs in both colour and warm toned black and white. This collection complements and evolves the theme developed in the first 'Heroics' book published in 2011, and has been influenced by and references the male in sculpture and painting in Western European art from the Renaissance onwards. The book plays with contemporary societal attitudes to the naked male in public and art by juxtaposing our collective artistic consciousness

and heritage with the reality of the contemporary naked male physique.

Copenhagen Paul Freeman Publishing

"The fourth book in the series by renowned photographer Paul Freeman, which studies men and masculinity in rugged outdoor and rustic farm settings. In this book Freeman uses the Australian bush and its' changing moods to explore his male aesthetic, and to style and weather his subjects"-
-Jacket.
