1 Guidance | Caesarean section | Guidance | NICE

A caesarean section, or C-section, is an operation to deliver your baby through a cut made in your tummy and womb. The cut is usually made across your tummy, just below your bikini line. A caesarean is a major operation that carries a number of risks, so it's usually only done if it's the safest option for you and your baby.

Caesarean section - NHS

Your wound (area cut for the caesarean section) will be covered with a waterproof dressing which allows the midwife to see your wound so an assessment can be made. The midwife will give you advice about removing the dressing on day 7 after your caesarean

section.
