Side by Side Extra Book & Etext 2 (International) Vintage

"Grammar is the tool that makes reading, writing, and day-to-day conversation possible. In [this book], English teacher and educational blogger Laurelee Moss delivers grammar lessons and exercises specifically designed to reinforce what sixth-, seventh-, and eighth-graders are learning in the classroom. From identifying basic parts of speech, to understanding sentence structure, to using punctuation correctly, this book will help kids master the rules of grammar so they can become confident writers and speakers." -- Back cover.

TEFL Handbook John Wiley & Sons

This book is intended to help you, as a teacher of English as a Foreign language (E F L), to teach common verb tenses and patterns more efficiently and clearly. Some of the material in the book may surprise you. To begin with, the explanations and commentary may seem self-evident, or the phonetic realisations may seem unnecessary. If this is so, please try to bear with me. The material in the book is designed to be of help to several groups: the experienced native speaker seeking a possible new approach to add to his armoury, the novice teacher, who speaks English with native speaker intuition, but has not yet fully analysed what it is that she does know, or why she says what she says, and also the non-native E F L teacher abroad, who speaks English excellently, and yet wishes to understand the subtler differences in usage and idiom which the native speaker takes for

granted. Rosemary Aitken

The aim of the book is to expand on what you will have learned on your TEFL course and to provide you with expert advice on preparing lesson plans for all age groups and abilities. All the information has been organised into a structured lesson plan to eliminate your preparation time, while still ensuring that your students are receiving a perfectly structured lesson.

A Novel National Academies Press

Online sensation Grammar Girl makes grammar fun and easy in this New York Times bestseller Are you stumped by split infinitives? Terrified of using "who" when a "whom" is called for? Do you avoid the words "affect" and "effect" altogether? Grammar Girl is here to help! Mignon Fogarty, a.k.a. Grammar Girl, is determined to wipe out bad grammar—but she's also determined to make the process as painless as possible. A couple of years ago, she created a weekly podcast to tackle some of the most common mistakes people make while communicating. The podcasts have now been downloaded more than twenty million times, and Mignon has dispensed grammar tips on Oprah and appeared on the pages of The New York Times, The Wall Street Journal, and USA Today. Written with the wit, warmth, and accessibility that the podcasts are known for, Grammar Girl's Quick and Dirty Tips for Better Writing covers the grammar rules and word-choice guidelines that can confound even the best writers. From "between vs. among" and "although vs. while" to comma splices and misplaced modifiers, Mignon offers memory tricks and clear explanations that will help readers recall and apply those troublesome grammar rules. Chock-full of tips on style, business writing, and effective e-mailing, Grammar Girl's print debut deserves a spot on every communicator's desk.

Teaching by Principles Teacher Created Resources

"Grammar" can often be seen as a dull and complicated art, with all sorts of dusty and quirky rules that are hard to understand and even harder to explain. This Descriptive Grammar of English - by example - shakes off the dust to present the essential principles of modern English grammar as clearly as possible, showing the simple rules that determine the standard practices of modern English, both in writing and in speech, and illustrating their use through hundreds of simple examples and familiar expressions. Most native speakers generally follow the essential rules of English grammar as if by intuition; in many cases they will be quite unaware of what the rules are... even that they exist. But rules or principles or guidelines do exist, and without them it would be very difficult to communicate properly and coherently. Grammar is the highway code of any language, and people need either to learn it, or to absorb it subconsciously, in order to speak or write proficiently. Children master the rudiments of grammar in their native language by hearing, remembering, repeating and experimenting; and up to a point this is sufficient for everyday communication. However beyond a certain level, and more importantly when learning a second or foreign language, some awareness of the rules and principles of grammar becomes useful, and in many situations, vital. Some understanding of grammar is indeed essential for anyone wanting to teach English whether it be to native speakers or as a foreign language. By highlighting (literally) hundreds of short sentences and expressions, this Descriptive Grammar of English clearly illustrates and succinctly explains the rules that govern acceptable usage of the English language today. Where necessary, it uses colour coding to show up pertinent points and to contrast different structures or functions. This is not a grammar book for grammarians; it's a grammar book for anyone, and no prior knowledge of linguistics is required. As befits any discussion of grammar, it uses the expressions or jargon that are required to explain grammar, but also explains them by including a glossary of grammatical terms which will be of value to most readers. Originally conceived for the benefit of non-native speakers of English, particularly advanced EFL and ESL students and teachers of English as a foreign or second language, it is also very much suited for school and home use in English-speaking countries. In short it is for anyone who is looking for clear and example-based

explanations of how English works and is written and spoken. It covers all the main points of English grammar in a way that is understandable to any student. As well as explaining the essential aspects of English grammar, such as verbs and nouns and adjectives, it includes succinct and clearly illustrated sections on such important points as style word order and punctuation. It distinguishes where appropriate between the usages of written and spoken English, and between British English and American English. All the points covered in this grammar are copiously illustrated with examples from everyday English, including memorable and familiar expressions that are hard to forget. Children are not the only ones who learn their grammar by example.

The Grammar Book Heinle & Heinle Pub

Virtually everyone needs a high level of literacy in both print and digital media to negotiate most aspects of 21st century life-succeeding in a competitive job market, supporting a family, navigating health information, and participating in civic activities. Yet, according to a recent survey estimate, more than 90 million adults in the United States lack the literacy skills needed for fully productive and secure lives. At the request of the U.S. Department of Education, the National Research Council convened a committee of experts from many disciplines to synthesize research on literacy and learning in order to improve instruction for those served in adult education in the U.S. The committee's report, *Improving Adult Literacy Instruction: Options for Practice and Research*, recommends a program of research and innovation to gain a better understanding of adult literacy learners, improve instruction, and create the supports adults need for learning and achievement. *Improving Adult Literacy Instruction: Supporting Learning and Motivation*, which is based on the report, describes principles of effective instruction to guide those who design and administer adult literacy programs and courses. It also explores ways to motivate learners to persist in their studies, which is crucial given the thousands of hours of study and practice required to become proficient. The booklet concludes with a look at technologies that show promise for supporting individual learners and freeing busy adults from having to be in a particular place in order to practice their literacy skills. Although this booklet is not intended as a "how to" manual for instructors, teachers may also find the information presented here to be helpful as they plan and deliver instruction.

Come Sit Next to Me Survival Guide to Celta

"Now a major motion picture! Includes full-color movie photos and exclusive content!"--Dust jacket.

National Council of Teachers

With only 1% of CELTA course participants worldwide failing the course, you would be forgiven for thinking it was just a case of enrolling. However, a quick internet search about the intensity of the course will show that it is not to be taken lightly. Everything you need to get dramatic in the classroom This easy-to-use, comprehensive teacher-resource book has lesson plans and practical activities that integrate theater into language learning. Plus ten original scripts so you can put the activities into action immediately! Drama and play scripts can be used to teach pronunciation, pragmatics, and other communication skills, as well as provide grammar and vocabulary practice! Conveniently organized into two parts, Part 1 includes pragmatics mini-lessons, community builders, drama games, and pronunciation activities. There are also lesson plans for producing a play (either fully-staged or as Reader's Theater), as well as guidelines and activities for writing plays to use with (or without students,) and suggestions for integrating academic content. You'll even find rubrics and evaluation schemes for giving notes and feedback. Part 2 includes 10 original monologues and scripts of varying lengths that can be photocopied and used in the classroom. Specifically designed to feature everyday language and high frequency social interactions, these scenes and sketches follow engaging plot arcs in which characters face obstacles and strive to achieve objectives. With a foreword by Ken Wilson, this book is a must-have for anyone interested in using the performing arts to help students become more confident and fluent speakers.

How to Teach English Newbury House

Hopeful, hilarious musings and serious advice for new teachers from the formerly anonymous blogger behind Love, Teach. Every teacher will tell you the first years are the hardest, and even the most confident of the pack sometimes ask themselves, Am I cut out for this? Kelly Treleaven, the teacher and once-anonymous blogger behind Love, Teach, wants you to know that you're not alone, and that yes, she has cried under her desk, too. Treleaven's blog has become a sensation in the education world, known for its heartfelt, high-spirited dispatches straight from the trenches and its practical advice. In Treleaven's debut book, she gives rookie teachers the advice she wishes she'd had when she started out in a large district in Houston. From logistical questions like how to prep and organize a classroom, to deeper issues like how to build relationships with students, navigate administration, and avoid burnout, Love, Teach is an essential book for anyone working in education today or considering the profession. With raw feeling, humor, and a razor-sharp perspective, Love, Teach supports teachers in their fight for a better future, and helps them celebrate the victories, large and small.

What to Teach and how to Teach it Modern English Publishing

Lesson Plans, Activities, and Scripts for English-Language Learners Henry Holt and Company

Can You Save The World? It's so easy to be overwhelmed by everything that is wrong in the world. In 2010, there were 660,000 deaths from malaria. Dire predictions about climate change suggest that sea levels could rise enough to submerge both Los Angeles and London by 2100. Bees are dying, not by the thousands but by the millions. But what can you do? You're just one person, right? The good news is that you *can* do something. It's called citizen science, and it's a way for ordinary people like you and me to do real, honest-to-goodness, help-answer-the-big-questions science. This book introduces you to a world in which it is possible to go on a wildlife survey in a national park, install software on your computer to search for a cure for cancer, have your smartphone log the sound pollution in your city, transcribe ancient Greek scrolls, or sift through the dirt from a site where a mastodon died 11,000 years ago-even if you never finished high school. Part I of Be the Change: Saving the World with Citizen Science will show you what citizen science is, how important it is, and why we need more of it. You will also find out how it can personally benefit you, how you can get involved, and what it might mean to you if you did. Part II provides a large list of projects that you can join right now, concisely explained, and organized by the level of involvement required. Citizen science is fun, it's easy, and you can get started today. Be the Change: Saving the World with Citizen Science will show you how. Show less
