**Dirk Gently's Holistic Detective Agency: The Interconnectedness of All Kings** Dirk Gently's Holistic Detective Agency

"A fitting eulogy to the master of wacky words and even wackier tales . . . Salmon leaves no doubt as to Adams's lasting legacy."—Entertainment Weekly With an introduction to the introduction by Terry Jones Douglas Adams changed the face of science fiction with his cosmically comic novel *The Hitchhiker's Guide to the Galaxy* and its classic sequels. Sadly for his countless admirers, he hitched his own ride to the great beyond much too soon. Culled posthumously from Adams's fleet of beloved Macintosh computers, this selection of essays, articles, anecdotes, and stories offers a fascinating and intimate portrait of the multifaceted artist and absurdist wordsmith. Join Adams on an excursion to climb Kilimanjaro . . . dressed in a rhino costume; peek into the private life of Genghis Khan—warrior and world-class neurotic; root for the harried author's efforts to get a Hitchhiker movie off the ground in Hollywood; thrill to the further exploits of private eye Dirk Gently and two-headed alien Zaphod Beeblebrox. Though Douglas Adams is gone, he's left us something very special to remember him by. Without a doubt. "Worth reading and even cherishing, if only because it's the last we'll hear from the master of comic science fiction."—The Star-Ledger

A New York Times bestseller! #1 New York Times bestselling author Sherrilyn Kenyon brings us back to the astonishing world of the Dark-Hunters in Stygian, with a hero misunderstood by many...but most of all by himself. Born before man recorded time, I lived for thousands of years believing myself to be something I'm not. Someone I'm not. Lied to and betrayed by gods, Daimons and Dark-Hunters, I've struggled to find my way in a world where I've been cursed since the moment I was prematurely ripped from my mother and planted into the womb of an innocent woman who thought me her son. Trained as a slayer and predator, I learned to fit in and stay low. To become a tool for evil. Until I was sent to kill the one woman I couldn't. My hesitation cost her her life. Or so I thought. In an act of betrayal that makes all the others pale in comparison, I've learned that this world is an illusion and that my Phoebe still lives. Now I will have to travel into the very pits of Hades to try and save her, even as everyone around me attempts to steal what little soul I have left. There's only one person at my back and I'm not sure I can trust her either, for she was born of an enemy race. Yet sometimes the road to redemption is one that singses us to our very core. And if I fail to find the answers I need to save Phoebe, more than just my wife will die. We will lose the world. Both human and Daimon. After writing all the many and conflicting versions of the legendary *Hitchhiker's Guide to the Galaxy*,

beloved author Douglas Adams created Dirk Gently: a detective with a belief in the fundamental interconnectedness of all things, a unique relationship with the laws of probability and physics, and a love of cats and pizza. In his first-ever comic series, Dirk has been forced to leave his beloved England behind, coming to the too-sunny, too-cheery, and altogether too-bizarre-even-for-Dirk city of San Diego, California, where he gets embroiled in three separate (or are they?) cases involving reincarnated Egyptians, golden cell phones, and copycat killers. All this in a new town seemingly incapable of making even a single proper cup of tea.

Now celebrating the 42nd anniversary of *The Hitchhiker's Guide to the Galaxy*, soon to be a Hulu original series! "Wild satire . . . The feckless protagonist, Arthur Dent, is reminiscent of *Vonnegut* heroes."—*Chicago Tribune* The unhappy inhabitants of planet Krikkit are sick of looking at the night sky above their heads—so they plan to destroy it. The universe, that is. Now only five individuals stand between the killer robots of Krikkit and their goal of total annihilation. They are Arthur Dent, a mild-mannered space and time traveler who tries to learn how to fly by throwing himself at the ground and missing; Ford Prefect, his best friend, who decides to go insane to see if he likes it; Slartibartfast, the indomitable vice president of the Campaign for Real Time, who travels in a ship powered by irrational behavior; Zaphod Beeblebrox, the two-headed, three-armed ex-president of the galaxy; and Trillian, the sexy space cadet who is torn between a persistent Thunder God and a very depressed Beeblebrox. How will it all end? Will it end? Only this stalwart crew knows as they try to avert "universal" Armageddon and save life as we know it—and don't know it!
