The War of the Worlds McGraw-Hill/Irwin

Modern liberalism begins in the forgetting of the English Revolution. Anatomy of Failure seeks to right that wrong by exploring the concept of political action, playing its history against its philosophy. The 1640s are a period of institutional failure and political disaster: the country plunges into civil war, every agent is naked. Established procedures are thrown aside and the very grounds for action are fiercely debated and recast. Five queries emerge in the experience of the New Model Army, five queries that outline an anatomy of failure, isolating the points at which actors disagree, conflict flares up, and alliances dissolve: Who can act? On what grounds? Who is right about what is to be done? Why do we succeed or fail? If you and I split, were we ever united, and to what end? The application of these questions to the Leveller-agitator writings, and then to Thomas Hobbes and John Locke's philosophies, generates models of political action. No mere philosophical abstractions, the Hobbesian and Lockean models of sovereign and contractual action have dominated the very practice of politics for centuries. Today it is time to recuperate the Leveller-agitator model of joint action, a model unique in its adequacy to the threat of failure and in its vocation for building the common-wealth. Anatomy of Failure is ideal for upper-level undergraduates and postgraduates taking courses in Contemporary Political Philosophy, Continental Philosophy, Modern European Philosophy, Contemporary French Philosophy, Critical Theory and Radical Political Thought.

Sociology of Discourse John Wiley & Sons

The Blackwell Handbook of Language Development provides a comprehensive treatment of the major topics and current concerns in the field; exploring the progress of 21st century research, its precursors, and promising research topics for the future. Provides comprehensive treatments of the major topics and current concerns in the field of language development Explores foundational and theoretical approaches Focuses on the 21st century's research into the areas of brain development, computational skills, bilingualism, education, and cross-cultural comparison Looks at language development in infancy through early childhood, as well as atypical development Considers the past work, present research, and promising topics for the future. Broad coverage makes this an excellent resource for graduate students in a variety of disciplines

The Ivory Tower and Harry Potter A&C Black

H.G. Wells's spellbinding account of an invasion from outer space is the first and still the best of all such stories. Ten massive, super-intelligent aliens from Mars touch down in Victorian England and threaten to reduce the civilized world to cinder in short order, as humanity's vaunted knowledge proves to be of little use in such an emergency.

*Chronicle in Stone* Canongate Books

In *The Claim of Language*, Christopher Fynsk clearly and eloquently defends and rearticulates the humanities from a perspective that moves beyond the political and philosophical reductions of identity politics. Leaving aside polemics, Fynsk asserts that discourses in the humanities will find real ethical-political purchase when they engage with the material events in art, literature, and social life that call for humanistic reflection.

Interdiction in Southern Laos 1960-1968 Humanities Press International

*The Last Word* Skyhorse

Modern history is haunted by the disasters of the century--world wars, concentration camps, Hiroshima, and the Holocaust--grief, anger, terror, and loss beyond words, but still close, still impending. How can we write or think about disaster when by its very nature it defies speech and compels silence, burns books and shatters meaning? *The Writing of the Disaster* reflects upon efforts to abide in disaster's infinite threat. First published in French in 1980, it takes up the most serious tasks of writing: to describe, explain, and redeem when possible, and to admit what is not possible. Neither offers consolation. Maurice Blanchot has been praised on both sides of the Atlantic for his fiction and criticism. The philosopher Emmanuel Levinas once remarked that Blanchot's writing is a "language of pure transcendence, without correlative." Literary theorist and critic Geoffrey Hartman remarked that Blanchot's influence on contemporary writers "cannot be overestimated."

*Dyslexia, Speech and Language* University of Missouri Press

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

*Red Square, Black Square* EOLSS Publications

This authoritative handbook presents current ideas on the relationship between spoken and written language difficulties. It provides clinical and

educational perspectives on the assessment and management of children's reading and spelling problems. The book begins with a theoretical overview. The second edition continues the theme of linking theory and practice. It is aimed at practitioners in the fields of education, speech and language therapy, and psychology. All original chapters have been updated and new chapters are added to reflect current developments.

Transl8it! DxNrE & GlosRE Prentice Hall

Experience a language revolution that is changing the way today's mobile generation communicates. Understand how online chat and SMS text lingo is being used by millions of people every day. View online chat and SMS lingo examples from the highly successful transl8it! website portal-covered in international publications including: The Economist, USA Today, The Feature, theRegister.co.uk, Sydney Herald, Washington Post, Dallas Daily, Wired Magazine, and more! Ever receive correspondence with acronyms and modern shorthand such as FOMCL {fell out of my chair laughing}, 2b/-2b=? {to be or not to be is the question}, SWAK {sealed with a kiss}, u mAk me :) {you make me happy}, TTFN {ta-ta for now}, WWYC {write when you can}, cul8r {see you later}, etc. From beginner to expert, this handy dxNrE & glosRE (dictionary and glossary) is a must for anyone who wants to better understand online chat and SMS text lingo. If you are a user of email, chat, or mobile communication devices, you have probably found yourself both reading and writing this lingo without knowing it! Written by Dan Wilton of transl8it! and co-authored by Caitlin Horrall and Sudha Seshadri, this book is the complete guide to understanding today's online chat and SMS text lingo language revolution.

*The Ghost Rider* SUNY Press

Updated and expanded to 124 entries, *The Cambridge Encyclopedia of Child Development* remains the authoritative reference in the field.

*Essentials of Marketing Research* Washington : American Enterprise Institute for Public policy Research

The first book to provide a detailed account of fragmentary writing in the work of the French novelist, critic, and thinker Maurice Blanchot (1907-2003).

*Food and Agricultural Policy* CreateSpace

This latest offering from one of the founding figures of postmodernism is a collection of fifteen "fables" that ask, in the words of Jean-Francois Lyotard, "how to live, and why?" Here, Lyotard provides a mixture of anarchistic irreverence and sober philosophical reflection on a wide range of topics with attention to issues of justice and ethics, aesthetics, and judgment. In sections titled "Verbiages, " "System Fantasies, " "Concealments, " and "Crypts, " Lyotard unravels and reconfigures idealist notions subjects as various and fascinating as the French Revolution, the Holocaust, the reception of French theory in the Anglo-American world, the events of May 1968, the Gulf War, academic travelers as intellectual tourists, the collapse of communism, and his own work in the context of others'.

*The Writing of the Disaster* John Wiley & Sons

Bringing together the Soviet historical experience and Stalin-era art in novels, films, poems, songs, painting, photography, architecture and advertising, Dobrenko examines Stalinism's representational strategies and demonstrates how real socialism was begotten of Socialist Realism.

An Invitation to Cognitive Science Anchor Canada

This second edition includes 37 new pages in a new Foreword and Afterword where Logan reports on a number of new developments in his research into the origin and evolution of language. The first edition of the Sixth Language was a recipient of the Susanne K. Langer Prize of the Media Ecology Association for Outstanding Scholarship in the Ecology of Symbolic Form.

**Albania Past and Present** U of Minnesota Press

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

The Siege U of Minnesota Press

Introduction to Sustainable Development is a component of Encyclopedia of Development and Economic Sciences in the global Encyclopedia of Life Support Systems (EOLSS), which is an integrated compendium of twenty one Encyclopedias. The Theme on “Introduction to Sustainable Development implies processes of fundamental change in our social systems and institutions. The thrust of this change [entails] ... addressing the ... new global awareness that the earth is finite, and all of the planet's life support systems - including social and economic systems - are globally interconnected and interdependent.” This volume is aimed at the following five major target audiences: University and College students Educators, Professional practitioners, Research personnel and Policy analysts, managers, and decision makers and NGOs.

[L'Encyclopédie des écrivains Albanais 1501-2001](#) New York Review of Books

This book builds a new vision of the development of Russian revolutionary culture, bringing together fiction, criticism, utopian projects, manifestos, performance and film theory, religious philosophy, and the imaginary space of communism centered around the Mummy of Lenin. Revolution and modernization are two main issues of the book. The author argues that in Modernism the work of art was conceived as a miniature of the world to come; thus, art was meant to make projects, not master-pieces. He analyzes the genre of the manifesto as a special rhetorical device of modernist discourse and shows how projects of biological and social engineering elaborate a vision of a future human type apt to exist under unprecedented conditions. Red Square, Black Square traces the process of totalitarian reduction of the modernist impulse into a rigid party doctrine. It follows the turbulent development of Russian Modernism through its categorical arrest under the official doctrine of "socialist realism." Moscow's Red Square is examined as a primal communist space that manifests the symbolism of power. Viewing communism as an aesthetically, not economically, motivated society, the book enacts "political aesthetics" as a discipline that provides the fundamental tool for an adequate and thorough understanding of communism. Todorov concludes by discussing the rise of nationalism in Eastern Europe as a post-communist condition, and the new mission of the intellectuals.

[Political Economy of Socialist Realism](#) Yale University Press

Sociology of Discourse takes the perspective that collective actors like social movements are capable of creating social change from below by creating new institutions through alternative discourses. Institutionalization becomes a process of moving away from existing institutions towards

creating new ones. While discourses entail openness and enable the questioning of what is instituted, institutions offer continuity and stability to social mobilizations. This dual movement of openness and stabilization explains how social struggles ensure their continuity, without completely assuming the logic of the dominant order. The book proposes an analytical model of social change, which is unfolded through three intertwined areas: discourse, communication, and institution. Collective experiences of social change, from the anti-globalization movement to Occupy, illustrate the main theoretical points and concepts. Through the example of the Platform for People Affected by Mortgages, the book concludes by analyzing how social change from below is possible.

**The Plattner Story and Others** Oxford University Press

Throughout the War in Southeast Asia, Communist forces from North Vietnam infiltrated the isolated, neutral state of Laos. Men and supplies crossed the mountain passes and travelled along an intricate web of roads and jungle paths known as the Ho Chi Minh Trail to the Viet Cong insurgents in South Vietnam. American involvement in Laos began with a photo-reconnaissance mission and, as the war in Vietnam intensified, expanded to a series of air-ground operations from bases in Vietnam and Thailand against fixed targets and infiltration routes in southern Laos. This volume examines this complex operational environment. United States Air Force. Center for Air Force History.

*Toward the Postmodern* U of Nebraska Press

An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter, Doruntine, standing there alone in the darkness. She has been brought home from a distant land by a mysterious rider she claims is her brother Konstandin. But unbeknownst to her, Konstandin has been dead for years. What follows is a chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider?
