ANTONIO ALANA

Self-Made Men Walters Art Gallery

Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

AP* U.S. History Review and Study Guide for American Pageant 12th edition Random House

This collection of essays focuses on the construction of identity among people of Asian descent who claim multiple heritage. In their consideration of people of mixed Asian identities, the contributors to this study disrupt standard discussions.

The American Pageant Temple University Press

In this elegantly written and far-reaching narrative, acclaimed author Gerard Koepfel tells the astonishing story of the creation of the Erie Canal and the memorable characters who turned a visionary plan into a successful venture. Koepfel's long years of research fill the pages with new findings about the construction of the canal and its enormous impact, providing a unique perspective on America's self-perception as an empire destined to expand to the Pacific.

U.S. History John Wiley & Sons

Traces the history of the United States from the arrival of the first Indian people to the present day.

American Civilization Univ of California Press

This introduction to contemporary American life examines the key institutions of American society, including state and local government, geography, education, law, media and culture, with the emphasis placed on the people of America.

The Transplanted Oxford University Press

"Linking America's past to the lives of kids today, Howard Egger-Bovet's latest American history production illustrates the power of Feudalism, the Articles of Confederation, the Magna Carta, and

the Constitution. These DVDs include original and historical music, puppetry, and cinematography, and sends kids on an interactive walk through history."--Container.

The American Yawp Harper Collins

In this classic work of economic history and social theory, Karl Polanyi analyzes the economic and social changes brought about by the "great transformation" of the Industrial Revolution. His analysis explains not only the deficiencies of the self-regulating market, but the potentially dire social consequences of untempered market capitalism. New introductory material reveals the renewed importance of Polanyi's seminal analysis in an era of globalization and free trade.

Economic History of a Factory Town

The Harlem Renaissance was an unprecedented period of vitality in the American Arts. Defined as the years between 1910 and 1927, it was the time when Harlem came alive with theater, drama, sports, dance and politics. Looking at events as diverse as the prizefight between Jack Johnson and Jim 'White Hope' Jeffries, the choreography of Aida Walker and Ethel Waters, the writing of Zora Neale Hurston and the musicals of the period, Krasner paints a vibrant portrait of those years. This was the time when the residents of northern Manhattan were leading their downtown counterparts at the vanguard of artistic ferment while at the same time playing a pivotal role in the evolution of Black nationalism. This is a thrilling piece of work by an author who has been working towards this major opus for years now. It will become a classic that will stay on the American history and theater shelves for years to come.

The Odessa File Stanford University Press

"This publication accompanies the exhibition *Revealing the African Presence in Renaissance Europe*, held at the Walters Art Museum from October 14, 2012, to January 21, 2013, and at the Princeton University Art Museum from February 16 to June 9, 2013."

To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Washington's Farewell Address Read Books Ltd

Before the 99% occupied Wall Street... Before the concept of social justice had impinged on the social conscience... Before the social safety net had even been conceived... By the turn of the 20th Century, the era of the robber barons, Andrew Carnegie

(1835-1919) had already accumulated a staggeringly large fortune; he was one of the wealthiest people on the globe. He guaranteed his position as one of the wealthiest men ever when he sold his steel business to create the United States Steel Corporation. Following that sale, he spent his last 18 years, he gave away nearly 90% of his fortune to charities, foundations, and universities. His charitable efforts actually started far earlier. At the age of 33, he wrote a memo to himself, noting ..".The amassing of wealth is one of the worse species of idolatry. No idol more debasing than the worship of money." In 1881, he gave a library to his hometown of Dunfermline, Scotland. In 1889, he spelled out his belief that the rich should use their wealth to help enrich society, in an article called "The Gospel of Wealth" this book. Carnegie writes that the best way of dealing with wealth inequality is for the wealthy to redistribute their surplus means in a responsible and thoughtful manner, arguing that surplus wealth produces the greatest net benefit to society when it is administered carefully by the wealthy. He also argues against extravagance, irresponsible spending, or self-indulgence, instead promoting the administration of capital during one's lifetime toward the cause of reducing the stratification between the rich and poor. Though written more than a century ago, Carnegie's words still ring true today, urging a better, more equitable world through greater social consciousness.

The Great Transformation Beacon Press

U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

America's History Psychology Press

Publisher Description

The Irish in America Macmillan Higher Education

Originally published in the midst of the cold war, *Is This Tomorrow* is a classic example of red scare propaganda. The story envisions a scenario in which the Soviet Union orders American communists to overthrow the US Government. Charles Schulz contributed to the artwork throughout the issue. Reprinted here for the first time in 70 years.

Awful Disclosures Legare Street Press

"... an excellent broad overview..." --Journal of Social History "... powerfully argued..." --Moses Rischin "... imaginative and soundly based..." --Choice "Highly recommended..." --Library Journal "... an outstanding major contribution to the literature on immigration history." --History "... a very important new synthesis of American immigration history..." --Journal of American Ethnic History "... a state of the art discussion, impressively encyclopaedic... The Transplanted is a tour de force, and a fitting summation to Bodnar's own prolific, creative, and insightful writings on immigrants." --Journal of Interdisciplinary History A major survey of the immigrant experience between 1830 and 1930, this book has implications for all students and scholars of American social history.

The Tragical History of the Life and Death of Doctor Faustus Gray Rabbit Publishing

The Oxford History of the United States is by far the most respected multi-volume history of our nation. In this Pulitzer prize-winning, critically acclaimed addition to the series, historian Daniel Walker Howe illuminates the period from the battle of New Orleans to the end of the Mexican-American War, an era when the United States expanded to the Pacific and won control over the richest part of the North American continent. A panoramic

narrative, *What Hath God Wrought* portrays revolutionary improvements in transportation and communications that accelerated the extension of the American empire. Railroads, canals, newspapers, and the telegraph dramatically lowered travel times and spurred the spread of information. These innovations prompted the emergence of mass political parties and stimulated America's economic development from an overwhelmingly rural country to a diversified economy in which commerce and industry took their place alongside agriculture. In his story, the author weaves together political and military events with social, economic, and cultural history. Howe examines the rise of Andrew Jackson and his Democratic party, but contends that John Quincy Adams and other Whigs--advocates of public education and economic integration, defenders of the rights of Indians, women, and African-Americans--were the true prophets of America's future. In addition, Howe reveals the power of religion to shape many aspects of American life during this period, including slavery and antislavery, women's rights and other reform movements, politics, education, and literature. Howe's story of American expansion culminates in the bitterly controversial but brilliantly executed war waged against Mexico to gain California and Texas for the United States. Winner of the New-York Historical Society American History Book Prize Finalist, 2007 National Book Critics Circle Award for Nonfiction The Oxford History of the United States The Oxford History of the United States is the most respected multi-volume history of our nation. The series includes three Pulitzer Prize winners, a New York Times bestseller, and winners of the Bancroft and Parkman Prizes. The Atlantic Monthly has praised it as "the most distinguished series in American historical scholarship," a series that "synthesizes a generation's worth of historical inquiry and knowledge into one literally state-of-the-art book." Conceived under the general editorship of C. Vann Woodward and Richard Hofstadter, and now under the editorship of David M. Kennedy, this renowned series blends social, political, economic, cultural, diplomatic, and military history into coherent and vividly written narrative.

A People's History of the United States Lulu.com

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth

through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

[AP* U.S. History Review and Study Guide for American Pageant 14th edition](#) Georgetown University Press

The new edition of *American Pageant*, the leading program for AP U.S. history, now reflects the redesigned AP Course and Exam that begins with the 2014-2015 school year. The 16th edition helps prepare students for success on the AP Exam by 1) helping them practice historical thinking skills, pulling together concepts with events, and 2) giving them practice answering questions modeled after those they'll find on the exam. The new edition adds a two-page opener/preview to every chapter, guiding students through the main points of the chapter and using questions and elements tied to the AP Curriculum Framework to help them internalize the chapter more conceptually. Also new

are additional End-of-Part multiple-choice and short answer questions reflecting the changes to the exam. Practice DBQs and other free response essay questions will still be found at the back of the book.
