A happily married woman's perfect life shatters when her husband turns up dead hundreds of miles away from where he should have been, and she suddenly discovers that there was a part of him she knew nothing about. Alice Dupont's perfect marriage was a perfect lie. When her husband, Chris, dies in a car accident, far from where he should have been, Alice's life falls apart. After the police close the case, she is left with more questions than answers. While learning to cope with her loss and her new identity as a single mother of two, Alice becomes obsessed with unraveling the mystery surrounding her husband's death and decides to start her own investigation. Retracing her husband's last known whereabouts, she soon discovers clues that lead her to a small island near Nantucket. As she insinuates herself into the lives of the island's inhabitants in an effort to discover what they knew about her husband, Alice finds herself increasingly involved in their private lives and comes to a disturbing realization: she has been transformed into a person she no longer recognizes. In seeking an answer to what her husband was doing before he died, Alice discovers not only a side of him she never knew, but sides of her own character she has never explored. Part mystery, part moving family drama, part psychological page-turner, Alice's Island is a novel whose vivid characters hold the reader rapt right up until the final page.

Stephanie Costas has always had a passion for humanity. As a digital forensics examiner, she fights bad guys from the technical front. When a closed cold case is dug up, she finds herself becoming consumed to set things right. No amount of eighties music or repeated viewings of her favorite movie Dirty Dancing were enough to distract her. She needed a vacation in the worst of ways. When she set foot in the gorgeous tropical resort in Greece, she had no idea she'd meet a man claiming to be Hades, god of the Underworld. And she certainly had no idea that he was telling the truth. Her Greek vacation was about to become very...interactive. A Hades/Persephone re-imagining. **The Contemporary Mythos series will feature a different Greek god in

each book re-exploring their myths and combining contemporary romance tropes. Though they will all stand alone, the stories will also intersect for those that read them all.**

Consider this handbook your education. Hunter 101. And don't go thinking you got off easy just because there's not a pop quiz at the end. This is the good stuff. The real deal. In here you'll find out all there is to know about being a Dark-Hunter. Now for the disclaimer: This book is mutable. It goes with the wind. It changes more often than the mind of a sixteen-year-old Gemini with a closet full of clothes and a date in an hour. Don't be surprised if you open it up for the thirty-five thousandth time and find something old, something new, something borrowed or. . .well you get the point. Curl up in a comfy chair with some millennium-old scotch and feast upon the informative banquet I have prepared for your enjoyment. Welcome to your new life. ---From the Dark-Hunter Companion

I've made a few enemies in my time, but none as powerful, or spiteful, as the Goddess of Love. Aphrodite's curse has turned Ares from the man I was falling in love with into a savage beast, crazed with blood-lust and desperate to steal my magic. Worse, we still have one Trial left to complete in order to save my friend from a rogue Underworld demon, a Trial set by the spirit of Terror. The more I see of Olympus, the more I feel I belong. I have a past here, and I know Ares is keeping secrets from me. Is that enough to stop the bond between us flaring to life, to stop the need for him that burns through every nerve in my body? As we battle against jealous gods and power hungry deities, vicious creatures and lethal landscapes, I'm going to find out just how much I'm willing to give up for this new, fierce passion for the Warrior God. I'm going to find out exactly what true love can do to a person, even one as rough around the edges as me. But I'm also going to find out just how hard a heart can break. The Golden God is the last book in the Ares Trials, which is intended for adults and is packed with magic, mythology and enemies-to-lovers, slow-burn soulmate romance!

Lecturers - request an e-inspection copy of this text or contact your local SAGE representative to discuss your course needs. Watch Andy Field's introductory video to Discovering Statistics Using R Keeping the uniquely humorous and self-deprecating style that has made students across the world fall in love with Andy Field's books, Discovering Statistics Using R takes students on a journey of statistical discovery using R, a free, flexible and

dynamically changing software tool for data analysis that is becoming increasingly popular across the social and behavioural sciences throughout the world. The journey begins by explaining basic statistical and research concepts before a guided tour of the R software environment. Next you discover the importance of exploring and graphing data, before moving onto statistical tests that are the foundations of the rest of the book (for example correlation and regression). You will then stride confidently into intermediate level analyses such as ANOVA, before ending your journey with advanced techniques such as MANOVA and multilevel models. Although there is enough theory to help you gain the necessary conceptual understanding of what you're doing, the emphasis is on applying what you learn to playful and real-world examples that should make the experience more fun than you might expect. Like its sister textbooks, Discovering Statistics Using R is written in an irreverent style and follows the same ground-breaking structure and pedagogical approach. The core material is augmented by a cast of characters to help the reader on their way, together with hundreds of examples, self-assessment tests to consolidate knowledge, and additional website material for those wanting to learn more. Given this book's accessibility, fun spirit, and use of bizarre real-world research it should be essential for anyone wanting to learn about statistics using the freely-available R software.

For thousands of years, Ares the God of War has been the most violent and ruthlessly efficient killer in Zeus' stable. Now, Ares - who has invaded Olympus, attempted to take over earth, stood at the walls of Troy and fought toe to toe with and against Earth's greatest heroes - has turned his back on Olympus and centuries of brutal warfare to begin life anew on Earth with one goal: to raise his child. But what happens when Olympus, under siege and in danger of falling, calls on its most violent son to come to its rescue? And what happens if Ares refuses? Collects Ares #1-5. *The Original Area Mazes* Dynamite Entertainment

This is a special edition of the complete Ares Trials series, in hardback. Anger management isn't so bad when your shrink is gorgeous. It's less great when you turn up to find him dead on the floor, and an armored giant dressed like a freaking ancient

warrior standing over his body though. Ares, the God of War, has lost his power and the only way for him to get it back? Me. Apparently, I'm a goddess. One with the power of war. I mean, it does explain a lot. To my relief, Joshua, my shrink and only friend, isn't really dead. He's been kidnapped and taken to Olympus-the world where I'm supposed to belong. I vow to do whatever it takes to find him. But Ares has other plans for me. He wants my power, and the easiest way for him to get it is to kill me. When Hades suggests a compromise, I'm forced to work side-by-side with a giant, murderous warrior god. One with far too many secrets. Ares might be the brute everyone thinks he is, but I'm no angel. He awakens a power within me that I've failed to control my whole life. And I soon discover that Joshua isn't the only one that needs saving.
